Layers Available For Inclusion In Custom Maps

If you are ordering a custom map, please tick the layers that you would like on your map.

<input checked="" type="checkbox"/> Specific Layers (only one can be chosen per map) 2006 Aerial Photography Zoning Parklands and Park Names Suburb OR Council Ward Boundaries Environmental Constraints Stormwater Catchment Boundaries	<input checked="" type="checkbox"/> General Layers (can be added to any specific layer) Approximate Land Parcel Boundaries Road Names and General Text House Numbers Land Title Text (Lot, DP's, SP's) Contours (1m or 5m – <i>please specify</i>)
-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

All these layers are a visual representation only and are not survey accurate. For survey accurate property information and details about easements, contact the NSW Department of Lands. All layers may not be available on each custom map, as they are unable to be clearly seen at that particular map scale or they are unable to be clearly seen when drawn in combination with the other requested layers.
