

Our Assets, Infrastructure and Services

Council is responsible for maintaining a large growing infrastructure network including:

321 km of roads

448 km of footpaths

250 km of drainage with more than 11,000 stormwater pits

And maintaining community assets like:

10
community buildings

55
sportsgrounds

94
playgrounds

205
hectares of natural areas

Last year we provided 52 direct services and assisted our community in the following ways:

65,300 passengers were transported in our community bus

626
development applications were determined

608,415 players take to our sporting grounds each week
