Request for No Parking restrictions

File No: COR2009/206

Council's Traffic Engineer – Traffic and Governance report 13 November 2012**Report**

Council has received a request from the Italian Bilingual School for 'No Parking' restrictions to be installed along the school frontage (See Street) to enable parents to "pick-up" and "drop-off" during school zone periods.

Consideration

See Street is a local road and splits into a 'Y – junction' and becomes both See Street and Angas Street. The school is expected to accommodate 126 students ranging from pre-school to year six (6). A Traffic Management Plan (**refer ATTACHMENTS Report – Part 2**) has been prepared by Varga Traffic Planning (dated 15 October 2012) with an accompanying cover letter which supports the notion of three (3) 'No Parking' spaces along the schools See Street frontage operating within the hours of 7.30am – 9.30am; 2.30pm – 4.30pm, Monday to Friday. No Parking restrictions are an important parking management tool for schools to assist with parking accessibility for the purposes of "picking-up" or "dropping-off" of children during peak periods. However during the remaining hours when 'No Parking' restrictions are not required, keeping the existing 2P RPS (Zone 8) parking restrictions with modified operational time limits is essential to assist with on-street parking management in the area.

RECOMMENDATION:

That Council supports the following adjustment to the existing on-street parking restrictions (for three (3) car parking spaces) along the See Street frontage of the Italian Bilingual School as follows:

- (a) No Parking: 730am – 9.30am; 2.30pm – 4.30pm, Monday to Friday; and
- (b) 2P (Permit Holders Excepted – Zone 8): 9.30am – 2.30pm; 4.30pm – 9.00pm, Monday to Friday.

SUBMITTED FOR THE CONSIDERATION OF THE COMMITTEE

Ramesh Desai
Traffic Engineer – Traffic & Governance

Harry Muker
Section Manager - Traffic & Governance

Nina Fard
Contract Traffic Engineer – Traffic &
Governance

Terry Dodds
Group Manager – Public Works
