

City of Ryde Mayor, Clr Jordan Lane at Ryde Library getting ready for Science Week

CELEBRATE NATIONAL SCIENCE WEEK AT RYDE LIBRARY

National Science Week (13-21 August) is Australia's annual celebration of science and technology that is designed for everyone!

It provides an opportunity to acknowledge the contributions of Australian scientists to the world of knowledge. It also aims to encourage an interest in science pursuits among the general public, and to encourage younger people to become fascinated by the world we live in.

Ryde Library is hosting a number of great events during Science Week. Come along and discover planets, stars and constellations at our Skyworks planetarium on 12 August, or register for Art walking into science, an innovative multimedia presentation of art in scientific form on Thursday 18 August.

LOCAL ENVIRONMENTAL PLAN REVIEW

At last week's Council meeting, Council supported my Mayoral Minute seeking a comprehensive, city-wide community consultation on a review of the Ryde Local Environmental Plan (LEP) 2014, which sets the controls for planning in the City of Ryde.

Council also voted to place a pause on any changes to the LEP related to increasing heights or additional density during the review period.

The level of change our City has undergone in the last five years, and the projected future growth, has led to a situation where long-term impacts

are unknown and our community is suffering planning and development fatigue. It is therefore an ideal time to carry out the review as the latest census results are available and the changes in people's lives due to the COVID-19 pandemic are evident.

I will be writing to our local members, the Hon. Mr Anthony Roberts MP and the Hon. Mr Victor Dominello MP to seek their support for this review.

Stay tuned for future updates on the important consultation to shape the future of our City.
