

RMS Authorised Fitting Stations around Ryde

Whenever children are passengers in vehicles they should be buckled-up in child restraints that are correct for their size (height and weight). Using a restraint that fits your child correctly significantly reduces their risk of injury in a car crash.

There are two fitting stations around Ryde that can help you find the best restraint for your child's size and can confirm the restraint you have has the Australian Standards Mark.

The City of Ryde also conducts free checking days every year. Please contact the Road and Community Safety Project Officer on 9952 8307 or at lpears@ryde.nsw.gov.au for more information.

Checking stations in Ryde		
Ryde	Pearce's Fitting Station, Ryde Hospital, Ryde	(02) 9997 4602
Epping	Tuffy Mufflers 2 Epping Road, Epping (Mobile service is available)	(02) 9868 1177

From 1 March 2010, children under the age of seven will be required by law to travel in approved seats or wear restraints.
