

## 5 COMMUNITY SPACE STRUCTURES IN THE CITY OF RYDE - Councillor Penny Pedersen

File Number: CLM/19/1/1/6 - BP19/843

### BACKGROUND:

The City of Ryde has beautiful waterside parks with very few buildings or structures for the community to enjoy that have open access to the river and parkland.

Council notes that presently the City of Ryde community requires more spaces for recreation, classes, meetings, party hire and exhibitions and that the completion of a community hub at Ryde Central is several years away.

Please see below example – image of award winning structure – Conservatory at Cabarita Park which was built alongside an amenities block and has a kitchenette.

### MOTION:

That a report be brought back to Council investigating:-

- (a) Building three simple wood and glass structures like the award winning conservatory at Cabarita Park built by Canada Bay Council. One in each City of Ryde ward.
- (b) The cost of building these structures.
- (c) The community need and possible use for these structures.
- (d) Identified sites for these structures.
- (e) Estimated time for consultation and construction.

Council, dated 19 July 2019, submitted on 23 July 2019.
