9 CITY OF RYDE LIBRARY TOY LOAN PROCEDURE - Councillor Roy Maggio

File Number: CLM/19/1/1/6 - BP19/715

BACKGROUND:

The City of Ryde offers a Toy Library at the North Ryde Library. This service provides loans from a collection of 809 Toys for up to three weeks.

The current procedure allows Toy Library loans to child membership cards only. This primary purpose of this procedure is to ensure a child meets the recommended age range for the toys in the collection of 0 - 7 years. The secondary purpose of only loaning toys to child cards is to limit the number loaned to each family to three for each child. This provision ensures a wide range of suitable toys is available for parents and carers to select from the Toy Library. There is a provision in the current procedure for a one-off loan on a family member's card if the child's card is unavailable; however, this exception does not assist grandparents who regularly care for their grandchildren.

The requirement for a child card for Toy Library loans may create an opportunity for grandparent carers as they may not have a grandchild's card or the grandchild may not have a card. If a grandparent applies for membership for their grandchild, they may not be able to provide the ID required to obtain a child membership card.

To further enhance this valuable service, the procedure should be amended to allow grandparents who are members of the Library to borrow toys on behalf of their grandchildren.

MOTION:

That the City of Ryde amend the procedure for loaning toys at North Ryde Library to allow grandparents who are members of the Library to borrow toys on behalf of their grandchildren.
