DRAFT 2022-2026 Delivery Program | CITY OF RYDE

Message from the Mayor

Welcome to the City of Ryde's 2022 - 2026 Draft Four Year Delivery Program.

This document outlines how Council proposes to achieve the outcomes and strategies contained in the Ryde 2028 Community Strategic Plan, while also detailing the activities we will deliver over the coming four years.

Council presents the 2022 - 2026 Four Year Delivery Program and the separate 2022/23 Operational Plan as we continue to manage the ongoing impact of the COVID-19 pandemic and the serious challenges it has created for our community and economy.

Despite the upheaval caused by the pandemic, the City of Ryde is undergoing a period of sustained growth.

Our current population is 132,822 and based on figures provided by the NSW Department of Planning, Industry and Environment, this is forecast to reach 189,000 by 2041 - an increase of 40 percent.

This growth combined with a period of economic recovery creates opportunities but also presents challenges Council will need to address in the coming years.

We will do this by embarking on an ambitious agenda that will not only ensure we continue to provide the services, facilities and infrastructure that our community expects, but also result in new initiatives to ensure the City of Ryde continues to be a modern and progressive City that is a magnet for economic growth.

Central to this is a commitment from Council to do more to support businesses in the City of Ryde. This will be achieved by supporting innovation and investment in the economic powerhouse that is Macquarie Park, while also helping small and medium businesses so that they can realise their full potential and weather any economic headwinds that may arise both now and in the future.

As our City grows, we also want to work more collaboratively with the NSW Government and the Greater Sydney Commission to ensure our planning policies continue to be fit for purpose and meet community expectations around housing growth and development.

Partnering with various levels of government will also help ensure our open spaces continue to be the envy of many, by allowing us to enhance our current sportsfields, parks and playgrounds while also creating new state-of-the-art open spaces in key locations across the local government area.

Meanwhile, the City of Ryde will take a leading role in enhancing the local environment and taking steps to tackle the serious impacts of climate change. As one of the first councils to adopt a Resilience Strategy for the City we will continue to future proof our City through actions such as increasing our tree canopy, while also prioritising infrastructure that will support more sustainable methods of transport.

We will continue to celebrate our multicultural and diverse community through our extensive calendar of community events that focus on promoting inclusion

and fostering harmony, while also investing in new and modern community facilities.

Crucially, we are committed to achieving all of this in a fiscally responsible manner that will ensure we maintain our strong financial position.

Council is proud to put forward these documents for the growth and prosperity of the City of Ryde and is committed to consulting with our community.

I encourage everyone to read these important documents and have your say on their content.

Your feedback is essential to allow Council to plan and prioritise what is important to you.

CIr Jordan Lane

City of Ryde Mayor.

Lifestyle and opportunity @ your doorstep

I am pleased to present the City of Ryde 2022 -2026 Four Year Delivery Program, which outlines the actions and initiatives that Council is committed to delivering over the next four years.

This program features significant investment in new and existing infrastructure that will be vital for our City and our community both now and for generations to come.

A key aspect of this program is Council's continuous improvement in the delivery of our services that has maintained the value that we provide to the community.

We have achieved this despite the COVID-19 pandemic continuing to create challenges both for the Council organisation as well as residents and the local economy.

Council's total proposed Capital Works expenditure for 2022/23 is \$109 million, an increase from \$97.1 million in 2021/22.

The Special Rate Variation (SRV) is projected to generate \$13.5 million during 2022/23 from all rateable properties and a further \$1.8 million from all business properties in the Macquarie Park corridor. All this funding has been allocated to a wide-ranging program of SRV works which are detailed in this delivery program.

Over the four year period 2022-26 we will be investing in capital projects:

\$105.7 million to continue work on Ryde Central, which is Council's landmark project to redevelop the Ryde Civic Centre site into a new cultural and community hub

- \$69 million to maintain and renew our extensive network of roads and supporting infrastructure. maintaining and expanding vital transport links such as footpaths, pathways and cycleways
- \$25.6 million to maintain, improve and upgrade our parks, playgrounds, sporting facilities and recreation areas
- \$12.9 million to manage and maintain our water catchments, foreshore infrastructure and stormwater assets to protect our natural environment and mitigate future flooding events
- \$7.3 million to improve and support our town centres as they continue to recover from the impacts of the COVID-19 pandemic
- Ongoing investment in selected operational projects that protect and enhance our natural environment as well as taking action to make our City more resilient against the ongoing impacts of climate change.

Our program of works will be assisted in a range of areas through funding support from the NSW and Federal governments, including the range of grants that have been provided in response to the economic challenges faced since the onset of the COVID-19 pandemic.

In developing this Four Year Delivery Program, Council is still engaging with the NSW Government about its proposed changes of how developers are levied and will be levied in the future.

This includes proposed legislative changes that will reduce the scope of s7.11 plans to eliminate embellishment works on open spaces and community facilities.

Council, in partnership with other councils, will continue its dialogue with the NSW Government on this issue and is hopeful for a favourable outcome.

Despite this challenge as well as the ongoing uncertainties created by the COVID-19 pandemic. Council is committed to progressing with all the items contained in this delivery program. I look forward to working with all stakeholders as we roll out all of these exciting initiatives and more over the next

- City of Ryde General Manager.

Integrated Planning and Reporting

The State Government Integrated Planning and Reporting (IP&R) framework describes the system of integrated business planning for local government in New South Wales (NSW).

It recognises that most communities share similar aspirations: a safe, healthy and vibrant place to live, a sustainable environment, a caring and engaged community, opportunities for employment, reliable infrastructure, etc. The difference lies in how each community responds to these needs. The framework allows Councils to navigate the complexities arising from an increasingly complex environment, with responsibilities under more than 50 different pieces of legislation and direct relationships with over 20 NSW and Commonwealth Government agencies. A detailed overview of the framework is provided on the Office of Local Government website at www.olg.nsw.gov.au

The framework allows NSW Councils to draw their various plans together, to understand how they interact and inform each another, and to get the maximum benefit from their efforts by planning holistically for the future.

The key components of the Integrated Planning and Reporting Framework as they apply to the City of Ryde are:

ITEM 4 (continued)

Community Strategic Plan

(10+ year duration, reviewed every election cycle)

- · Highest level of strategic planning undertaken by a Council
- Articulates community vision and reflects aspirations
- Considers state and regional plans as they apply to the Council
- Contains, as a minimum, community vision, strategic directions and outcomes, and a means of measuring progress.

Resourcing Strategy

(Duration - 4-10 years. Review-reviewed and updated annually)

Demonstrates how work identified in the Delivery Program and Operational Plan will be resourced, as identified through:

- Long-Term Financial Plan and Asset Management Planning (reviewed and updated annually to cover a minimum 10 year period/ forecast)
- Workforce Management Planning (reviewed and updated every 4 years along with the Delivery Program).

Council, Regional and State Government Strategies

Council utilises a range of strategies and plans to guide various aspects of the services we deliver for the community.

4 YEAR (Council Term)

Community Engagement Strategy

(Duration - as required, reviewed every election cycle)

- · Supports the development of all plans, policies, programs and key activities
- Must demonstrate a commitment to genuine and inclusive engagement
- Based on social justice principles.

Delivery Program

(Duration - 4 years, Annual review with 6-monthly reporting)

- Describes elected Council's commitment to deliver against the CSP over 4-year term
- Describes what can be delivered with the available resources
- Aligned with strategic directions and outcomes of the Community Strategic Plan
- Includes a four-year capital works program and allocates high-level resources within that period.

State of our City Report

(Duration - Every 4 years in line with the election cycle)

- Prepared by each outgoing Council and noted by incoming Council
- Reports to the community on effectiveness of implementation of the Community Strategic Plan.

1 YEAR (Annual Planning Cycle)

Operational Plan

(Duration - 12 months, One plan each year for the 4 years of the Delivery Program and Council term)

CITY OF RYDE I DRAFT 2022-2026 Delivery Program

- · Identifies annual projects and activities to deliver against DP outcomes
- Includes Council's annual budget and Statement of Revenue Policy
- Maps the actions and projects Council plans to deliver over the financial year, including the resources required to complete the annual capital works program.

Annual Report

(Prepared every year)

- Reports back to the community on the work undertaken by a Council each year to deliver on the commitments of the Delivery Program through that year's Operational Plan
- Contains a copy of the audited financial statements.

COUNCIL'S DELIVERY PROGRAM

The 2022-2026 Delivery Program details the principal activities that will be undertaken by council to perform its functions and deliver on the community's priorities outlined in the Community Strategic Plan. The Delivery Program provides an outline of how the full range of Council functions and operations will deliver the services expected by the community, as well as the many legislative responsibilities and regulatory functions that Council is required to implement.

The many separate services and activities that Council provides for residents, ratepayers, workers and visitors are delivered through 16 programs. Each program represents a collection of functions, activities and projects that have been allocated to achieve specific objectives and outcomes.

Underpinning the delivery of valued work for the community within each Program is Council's commitment to ongoing continuous improvement in the efficiency and effectiveness of service delivery. Council undertakes periodic community and customer perception surveys to provide valuable insight to the measures importance and satisfaction with key deliverables. Analysed results provide a key source of information to guide specific reviews where a need for improvement is demonstrated. Within each Operational Plan, Council will determine a particular focus for a targeted review in that year.

Within the business planning cycle of Council in preparing the Delivery Program and Operational Plan, Managers will review key processes and delivery methods based upon the results we are achieving, with a view to removing waste and creating value for our customers and community. This focus on continued improvement accompanied by structural performance reviews that inform the efficient allocation of priority resources, ensure that the proposed range of services and functions delivered will continue to represent the best value for the community.

Each of the services and activities in a program are delivered by Council departments, with one or more departments responsible for delivering services and activities in any particular program. Each program also has a number of delivery indicators which are used to assess service delivery, and the effectiveness of each program in achieving its objectives.

The following table provides an overview of the 16 programs that make up the City of Ryde's Delivery Program, and the Community Strategic Plan outcome that they make a major contribution to.

CITY OF RYDE I DRAFT 2022-2026 Delivery Program

Delivering Council's Services: The Council Organisation

The City of Ryde is responsible for strategy, planning, policy, regulation, and service delivery for the local government area. During 2022-2026 Council will deliver a half-billion dollar program of investment in infrastructure and services, with a focus on delivering new infrastructure and maintaining the City's existing assets, as well as high quality services for residents. The Council is led by the General Manager. Council services are delivered through 23 departments that support the General Manager and make up four Directorates and the Office of the General Manager.

Delivery Partners

Council works with a broad range of partners to deliver programs and services for the community. These include:

- The State Government, where Council receives grants for delivery of infrastructure and programs like the Local Government Road Safety Program
- Regional Councils, where Council is collaborating other neighbouring councils to deliver initiatives that have regional benefits like the Parramatta River Master Plan, and regional waste disposal and recycling facilities
- Community based organisations and not for profits, where Council works with local community service providers and community groups and organisations to deliver wide ranging programs and initiatives for the community
- Contractors and suppliers, where Council contracts with a broad range of suppliers to deliver Council services on behalf of the community such as waste collection and disposal services, bush regeneration work, and construction and repair of local infrastructure.

DRAFT 2022-2026 Delivery Program | CITY OF RYDE

Council governance and leadership

The City of Ryde exists as a body politic under the NSW Local Government Act 1993. Together, the Councillors, as 'Council', form the governing body of the City of Ryde, a public statutory body constituted under the NSW Local Government Act 1993.

The elected Council of the City of Ryde consists of 12 Councillors, being the Mayor and 11 Councillors, and must act in accordance with the Local Government Act 1993 and the associated State and Federal legislation. The current Council was elected on 5 December 2021. The Councillors currently elect the Mayor every two years. This will change at the next Council election, where the Mayor will be directly elected by the community.

The elected Council weighs up the issues facing our growing City and ensures that ratepayers' money is allocated to priority areas and spent in the most effective way. This means balancing the needs of the community against the needs of individuals and taking into account the long- and short-term implications of decisions, make the policies and decisions that drive and shape the direction and achievement of the City's vision into the future. The community normally elects Councillors for a four-year term, but due to the Council elections being delayed because of the COVID-19 pandemic, the next Council elections are currently scheduled for 2024.

Day-to-day operations are delegated to the General Manager who is responsible for administration of the Council and Council organisation. Corporate performance is monitored through reports to Council and the community. Council is required to report on the financial performance every three months and on the progress in delivering Council's Delivery Program every six months. Council is also required to deliver an Annual Report to the Community every year, detailing Council's progress in implementing the Delivery Program and Operational Plan and other information prescribed by the Local Government Act and Regulation.

Sharing your thoughts

We recognise that engaging with our community to understand our shared hopes and aspirations is central to everything we do. The Four Year Delivery Program and One Year Operational Plan has been developed to encapsulate what we will do together over the next four years to ensure that our City remains a place where we continue to experience lifestyle and opportunity at our doorstep.

The Four-Year Delivery Program 2022-2026 and the One-Year Operational Plan 2022/23 will be on public exhibition at the Ryde Customer Service Centre (Pope Street, Ryde), branch libraries and on the City of Ryde's web site for a period of 28 days during May 2022.

To make sure that this document is more than just words on a page we need to hear from all parts of our community. If you have any comments on this document or on our plans please share them with us through any of the avenues listed.

Feedback received during the exhibition period will considered by Council prior to the Plan being adopted.

Submissions on the Four Year Delivery Program and the Operational Plan are encouraged from residents in the City of Ryde at all times, and can be made using the following methods:

Special Infrastructure Renewal Rate

The Special Infrastructure Renewal Rate will generate \$13.52 million during 2022/23 from all rateable properties in the City of Ryde.

The Special Infrastructure Renewal Rate funds will be used to undertake asset infrastructure renewal works and asset maintenance throughout the City of Ryde.

Income received from the Special Infrastructure Renewal Rate will be restricted to a separate reserve where the relevant infrastructure works will be funded from. Any unspent funds will remain in the reserve at the end of each financial year.

The following table shows the projects for which these funds have been committed over the period of the 4 Year Delivery Program:

Asset Replacement Reserve

Council funds the replacement of assets through a combination of General Revenue and the use of additional funding, restricted in the Asset Replacement Reserves. The funds allocated to this reserve are to ensure the Council maintains its asset renewal service levels in addition to the Infrastructure Special Rate.

Whilst there is no legislative requirement for this reserve to be maintained, it is prudent to ensure asset renewal service levels are being maintained.

The following tables show the classes of projects for which these funds have been committed over the period of the Delivery Plan:

DRAFT 2022-2023 Operational Plan | CITY OF RYDE

INTRODUCTION

Message from the Mayor

Welcome to the City of Ryde's 2022/23 Operational Plan, a one year extract of Council's 2022 – 2026 Four Year Delivery Program.

This document details the activities we will deliver over the coming year to achieve the outcomes and strategies contained in the Ryde 2028 Community Strategic Plan.

Council presents the 2022 - 2026 Four Year Delivery Program and the separate 2022/23 Operational Plan as we continue to manage the ongoing impact of the COVID-19 pandemic and the serious challenges it has created for our community and economy.

Despite the upheaval caused by the pandemic, the City of Ryde is undergoing a period of sustained growth.

Our current population is 132,822 and based on figures provided by the NSW Department of Planning, Industry and Environment, this is forecast to reach 189,000 by 2041 - an increase of 40 percent.

This growth combined with a period of economic recovery creates opportunities but also presents challenges Council will need to address in the coming years.

We will do this by embarking on an ambitious agenda that will not only ensure we continue to provide the services, facilities and infrastructure that our community expects, but also result in new initiatives to ensure the City of Ryde continues to be a modern and progressive City that is a magnet for economic growth.

Central to this is a commitment from Council to do more to support businesses in the City of Ryde. This will be achieved by supporting innovation and investment in the economic powerhouse that is Macquarie Park, while also helping small and medium businesses so that they can realise their full potential and weather any economic headwinds that may arise both now and in the future.

As our City grows, we also want to work more collaboratively with the NSW Government and the Greater Sydney Commission to ensure our planning policies continue to be fit for purpose and meet community expectations around housing growth and development.

Partnering with various levels of government will also help ensure our open spaces continue to be the envy of many, by allowing us to enhance our current sportsfields, parks and playgrounds while also creating new state-of-the-art open spaces in key locations across the local government area.

Meanwhile, the City of Ryde will take a leading role in enhancing the local environment and taking steps to tackle the serious impacts of climate change. As one of the first councils to adopt a Resilience Strategy for the City we will continue to future proof our City through actions such as increasing our tree canopy. while also prioritising infrastructure that will support more sustainable methods of transport.

We will continue to celebrate our multicultural and diverse community through our extensive calendar of community events that focus on promoting inclusion and fostering harmony, while also investing in new and modern community facilities.

Crucially, we are committed to achieving all of this in a fiscally responsible manner that will ensure we maintain our strong financial position.

Council is proud to put forward these documents for the growth and prosperity of the City of Ryde and is committed to consulting with our community.

I encourage everyone to read these important documents and have your say on their content.

Your feedback is essential to allow Council to plan and prioritise what is important to you.

Message from the General Manager

I am pleased to present the City of Ryde 2022/23 Operational Plan, which outlines the actions and initiatives that Council is committed to delivering over the next 12 months.

This program features significant investment in new and existing infrastructure that will be vital for our City and our community both now and for generations to come.

A key aspect of this program is Council's continuous improvement in the delivery of our services that has maintained the value that we provide to the community.

We have achieved this despite the COVID-19 pandemic continuing to create challenges both for the Council organisation as well as residents and the local economy.

Council's total proposed Capital Works expenditure for 2022/23 is \$109 million, an increase from \$97.1 million in 2021/22.

The Special Rate Variation (SRV) is projected to generate \$13.5 million during 2022/23 from all rateable properties and a further \$1.8 million from all business properties in the Macquarie Park corridor. All this funding has been allocated to a wide-ranging program of SRV works which are detailed in this delivery program.

Highlights for 2022/23 include:

\$69.9 million to continue work on Ryde Central, which is Council's landmark project to redevelop the Ryde Civic Centre site into a new cultural and community hub

- \$17 million to maintain and renew our extensive network of roads and supporting infrastructure, as well as an additional \$4.8 million on maintaining and expanding vital transport links such as footpaths, pathways and cycleways
- \$6.25 million to maintain, improve and upgrade our parks, playgrounds, sporting facilities and recreation areas
- \$3.6 million to manage and maintain our water catchments, foreshore infrastructure and stormwater assets to protect our natural environment and mitigate future flooding events
- \$4.24 million to improve and support our town centres as they continue to recover from the impacts of the COVID-19 pandemic
- Ongoing investment in selected operational projects that protect and enhance our natural environment as well as taking action to make our City more resilient against the ongoing impacts of climate change.

Our program of works will be assisted in a range of areas through funding support from the NSW and Federal governments, including the range of grants that have been provided in response to the economic challenges faced since the onset of the COVID-19 pandemic.

In committing to this One year Operational Plan, Council is still engaging with the NSW Government about its proposed changes of how developers are levied and will be levied in the future.

This includes proposed legislative changes that will reduce the scope of s7.11 plans to eliminate embellishment works on open spaces and community facilities.

Council, in partnership with other councils, will continue its dialogue with the NSW Government on this issue and is hopeful for a favourable outcome.

Despite this challenge as well as the ongoing uncertainties created by the COVID-19 pandemic, Council is committed to progressing with all the items contained in this delivery program. I look forward to working with all stakeholders as we roll out all of these exciting initiatives and more over the next year.

- City of Ryde General Manager.

Integrated Planning and Reporting

The State Government Integrated Planning and Reporting (IP&R) framework describes the system of integrated business planning for local government in New South Wales (NSW).

It recognises that most communities share similar aspirations: a safe, healthy and vibrant place to live, a sustainable environment, a caring and engaged community, opportunities for employment, reliable infrastructure, etc. The difference lies in how each community responds to these needs. The framework allows councils to navigate the complexities arising from an increasingly complex environment, with responsibilities under more than 50 different pieces of legislation and direct relationships with over 20 NSW and Commonwealth Government agencies. A detailed overview of the framework is provided on the Office of Local Government website at

www.olg.nsw.gov.au

The framework allows NSW councils to draw their various plans together, to understand how they interact and inform each another, and to get the maximum benefit from their efforts by planning holistically for the future.

The key components of the Integrated Planning and Reporting Framework as they apply to the City of Ryde are:

COUNCIL'S DELIVERY PROGRAM AND OPERATIONAL PLAN

The 2022-2026 Delivery Program details the principal activities that will be undertaken by Council to perform its functions and deliver on the community's priorities outlined in the Community Strategic Plan. The Delivery Program provides an outline of how the full range of Council functions and operations will deliver the services expected by the community, as well as the many legislative responsibilities and regulatory functions that Council is required to implement.

This Operational Plan is a one year extract from the four years of the Delivery Program and Council term. It identifies the activities, capital portfolios, actions and projects Council plans to deliver over the financial year, in order to deliver the priorities and outcomes identified in the Delivery Program. The Operational Plan also includes Council's annual budget and Statement of Revenue Policy and identifies the resources required to complete Council's annual capital works program. Performance indicators are used to assess service delivery and the Council departments responsible for delivering

Underpinning the delivery of valued work for the community within each Program is Council's commitment to ongoing continuous improvement in the efficiency and effectiveness of service delivery. Council undertakes periodic community and customer perception surveys to provide valuable insight to the measures importance and satisfaction with key deliverables.

Analysed results provide a key source of information to guide specific reviews where a need for improvement is demonstrated. Council has determined within the 2022-23 to undertake a review of digital customer experience, identifying the improvements that can be achieved with digital delivery of services across the 16 programs. Efficiencies and new methods of providing quality and value for our customers and the community will be delivered within the year.

Outside of this specific service review, the business planning cycle of Council in preparing the Delivery Program and Operational Plan, managers will continue to review key processes and delivery methods based upon the results we are achieving, with a view to removing waste and creating value for our customers and community. This focus on continued improvement accompanied by structural performance reviews that inform the efficient allocation of priority resources, ensure that the proposed range of services and functions delivered will continue to represent the best value for the community

Each of the services and activities in a program are delivered by council departments, with one or more departments responsible for delivering services and activities in any particular program. Each program also has a number of delivery indicators which are used to assess service delivery, and the effectiveness of each program in achieving its objectives.

The tables on the following pages provides an overview of the 16 programs that make up the City of Ryde's Delivery Program, and the Community Strategic Plan outcome that they make a major contribution to.

Delivering Council's Services: The Council Organisation

The City of Ryde is responsible for strategy, planning, policy, regulation, and service delivery for the local government area. During 2022-2026 Council will deliver a half-billion dollar program of investment in infrastructure and services, with a focus on delivering new infrastructure and maintaining the City's existing assets, as well as high quality services for residents. The Council is led by the General Manager. Council services are delivered through 23 departments that support the General Manager and make up four Directorates and the Office of the General Manager.

Delivery Partners

Council works with a broad range of partners to deliver programs and services for the community. These include:

- The State Government, where Council receives grants for delivery of infrastructure and programs like the Local Government Road Safety Program
- Regional Councils, where Council is collaborating other neighbouring councils to deliver initiatives that have regional benefits like the Parramatta River Master Plan, and regional waste disposal and recycling facilities
- Community based organisations and not for profits, where Council works with local community service providers and community groups and organisations to deliver wide ranging programs and initiatives for the community
- Contractors and suppliers, where Council contracts with a broad range of suppliers to deliver Council services on behalf of the community such as waste collection and disposal services, bush regeneration work, and construction and repair of local infrastructure.

Council governance and leadership

Your Councillors

The City of Ryde exists as a body politic under the NSW Local Government Act 1993. Together, the Councillors, as 'Council', form the governing body of the City of Ryde, a public statutory body constituted under the NSW Local Government Act 1993.

The elected Council of the City of Ryde consists of 12 Councillors, being the Mayor and 11 Councillors, and must act in accordance with the Local Government Act 1993 and the associated State and Federal legislation.

The elected Council weighs up the issues facing our growing City and ensures that ratepayers' money is allocated to priority areas and spent in the most effective way.

Rating and Revenue Policy Statement

Rating Plan

In 2022/23, Council is projecting Rate revenue of approximately \$79.62 million which represents 51.4% of Council's total revenue.

Council considers the principles of equity and benefit in determining its rating structure and seeks to:

- Maximise the income from business properties to ensure business contributes their fair proportion of rates to the City of
- Set minimum rates in accordance with the Minister for Local Governments approval.

Council's rating policy position has been to retain a 70/30 revenue generation split between the rates derived from residential and business properties. This was first initiated in 2008/09.

For 2022/23 the revenue split between residential and business properties will be 69.5/30.5.

IPART (Independent Pricing and Regulatory Tribunal) has set the rate pegging limit at 0.7% for 2022/23 and has been incorporated into the Council's financial projections.

In accordance with section 566(3) of the Act, Council must set an interest rate to charge on overdue rates and charges. The interest rate for the period 1 July 2022 to 30 June 2023 has been determined by the Office of Local Government to a maximum amount of 6% p.a. It is proposed that the Council adopt the maximum amount for the 2022/23 financial

Loan Borrowings

Council will apply for a new loan totalling \$62.5M for the Ryde Central Project and \$ 13.4M for redevelopment of 741-747 Victoria Road Property. The loan repayments will be funded from reserves.

Plant and Motor Vehicles

The City of Ryde has a rolling plant replacement program which ranges from 3 to 15 years for its various categories of plant.

The following amounts for Plant Replacement are included in the 2022/23 Draft Budget:

\$ 3,650,000 Plant Purchases Plant Sale \$1,400,000

\$ 2,250,000 from Plant Reserve Net Cost

Property

The Strategic Property Department is responsible for the effective and efficient management of Council's property portfolio. The Asset Management Strategy provides the necessary framework for Council to ensure those assets held within the portfolio are treated consistently with Council's strategic direction. The Strategic Property Policy provides the framework for Council Property portfolio, by acquiring or disposing properties to ensure the return on investment is maximised.

Council has allocated an amount of \$71.91 million for capital expenditure on Council's property portfolio in the 2022/23 Budget.

Council has not specifically identified any other individual assets to be disposed of in the 2022/23 budget and this would be subject to a resolution of Council to proceed.

Senior Officers

Under the Local Government Act Section 332(1), Council has resolved to have the following seven positions designated as 'Senior Officers':

- General Manager
- Director Corporate Services
- Director Customer and Community Services
- Director City Planning and Environment
- Director City Works
- General Counsel
- Chief Financial Officer

The adoption of this Delivery Programs confirms that all previous resolutions are no longer applicable, and that this listing as the only positions applicable under Section 332(1).

Rates & Annual Charges for 2022/23

Rates and Annual Charges are a major source of Council's income during 2022/23 financial year. Council's rating maps can be found at Council's website (www.ryde.nsw.gov.au)

Council proposes to make and levy the following rates:

1. Ordinary Rates

a. Residential - Minimum and Ad Valorem

(Applicable to all rateable properties categorised as Residential in the City of Ryde)

b. Business

i. Business - Minimum and Ad Valorem

(Applicable to all rateable properties categorised as Business in the City of Ryde)

ii. Business – Major Retail Centre – Macquarie Park

(Applicable to all rateable properties subcategorised as Business – Major Retail Centre – Macquarie Park in the City of Ryde a map is available for public inspection at the City of Ryde Administration Building, 1 Pope Street, Ryde.)

iii. Business – Major Retail Centre – Top Ryde

(Applicable to all rateable properties subcategorised as Business – Major Retail Centre – Top Ryde in the City of Ryde – a map is available for public inspection at the City of Ryde Administration Building, 1 Pope Street Ryde.)

c. Macquarie Park Corridor

Special Rates

(Applicable to all rateable properties categorised as Business in the Macquarie Park Corridor as detailed in the map on the following page)

d. Special Infrastructure Renewal

(Applicable to all rateable properties in the City of Ryde, the use of the funds raised are detailed in the following pages)

e. Environmental Management

(Applicable to all rateable properties in the City of Ryde)

Rating of Subdivided/Consolidated Land

Upon registration of a plan of subdivision or consolidation with the Registrar General, rates and charges cannot be levied on new lot(s) until supplementary valuations have been provided to Council by the Valuer General. Once this has happened, Council can levy rates and charges on a pro-rata basis from the date the plan was registered.

When Council levies rates and charges on new parcel/s of land on a pro-rata basis, an adjustment must be made in respect of the land that existed prior to the registration of the plan to reflect that rates and charges are only payable on that parcel up until the date of registration

Aggregation of values of rateable land subject to rates containing base amounts or minimum rates

Within the City of Ryde there are some strata developments which result in garage and/or storage spaces being given their own lot number and consequently their own unit entitlement. Therefore, these garage spaces and storage spaces are subject to being separately rated. However, the City of Ryde has in previous years allowed an owner of strata titled dwelling who also owns a garage space/s and/or a storage space/s, to request Council to add together the unit entitlements of the lots and to levy rates and charges on only one rates notice. The authority for Council to add together (aggregate) the unit entitlements of strata units with garage spaces and storage units is Section 548A of the Local Government Act, 1993.

Therefore, for 2022/23 Council will allow the aggregation of certain parcels of rateable land in accordance with Section 548A of the Local Government Act 1993.

Pensioner concession

Council provides a rate reduction to eligible pensioners under Sections 575 and 582 of the Local Government Act. Eligible pensioners are entitled to a rebate of 50% of their combined rates and domestic waste charges, up to a maximum of \$250 of which 55% is government funded and 45% Council funded. The granting of the Statutory Pensioner Rebate to eligible pensioners is limited to the current financial year and back dated to the previous financial year only (where relevant). In addition to the Statutory Pensioner Rebate, Council will grant a Voluntary Pensioner Rebate to a maximum of \$100, offset against the Domestic Waste Management Charge. This voluntary rebate will apply to pensioners who are eligible for the Statutory Rebate. It will be granted to all eligible pensioners on the same basis as the Statutory Pensioner Rebate. The granting of the Council's Voluntary Pensioner Rebate to eligible pensioners will be assessed annually.

CITY OF RYDE | DRAFT 2022-2023 Operational Plan

The total cost of these rebates to Council is approximately \$925,000.

Financial Assistance

Pursuant to section 356(2) of the Local Government Act 1993, public notice is given that Council proposes to pass a resolution at its meeting on the 22 June 2021, to allow it to financially assist as follows:

Charities and Non-for-Profit Organisations

As a part of Council's budget, an amount of funds has been allocated to financially assist charities and non-for-profit organisations for charitable purposes as identified by Council. The nominated entity and amount will need to be identified by Council as a part of a Council Resolution for the financial assistance to be granted.

Community Grants

Council's Community Grants program provides financial support to successful applicants for a specified project or purpose, resulting in a defined community benefit. The Community Grants Program consists of grant rounds, awards and donations which are outlined in Council's Community Grants Policy.

Community Grants Program

There will be three grant rounds during the 2022/23 financial year where applications must be submitted during the nominated timeframes. Applications will be assessed according to the specified eligibility criteria outlined in the guidelines and ratified by Council resolution.

Donations and Awards Program

The Donations and Awards Program provides community members the opportunity to apply for financial assistance to achieve a community outcome in line with the eligibility criteria stated within the guidelines. The following donations categories are available under the Awards and Donations Program:

- General Category- one-off funding requests of up to \$500 per applicant. A total pool of \$2,500 is available per year. Applications can be submitted at any time throughout the year and will be available until all funds are expended.
- Representative Donation- one-off funding of up to \$250 for individuals who are representing their community in a nationally recognised sporting, academic or cultural activity at a national or international level. A total pool of \$2,500 is available per year. Applications can be submitted at any time throughout the year and will be available until all funds are expended.
- School Excellence Awards- a gift voucher to the value of \$100 for primary school students and \$200 for secondary school students is awarded to outstanding students. One award is available per school. One round of School Excellence Awards is available each year.

Applications for Donations and Awards will be assessed according to the specified eligibility criteria outlined in the guidelines and ratified by the General Manager.

The Residential Minimum and Business Minimum rates include mixed developments that have been apportioned in accordance with NSW Land Registry Service records.

The Environmental Management Rate Base Charge yields 40% of the total Environmental Management yield.

The Special Infrastructure Renewal Rate Base Charge yields 50% of the total Special Infrastructure Renewal yield.

The above rates figures include the rate pegging amount of 0.7% as determined by the Independent Pricing and Regulatory Tribunal.

Additional Special Variation

The Minister for Local Government has announced a one-off opportunity available for the 2022/2023 financial year for councils to apply for an Additional Special Variation (ASV) of up to 2.5 per cent, inclusive of the previously determined rate cap of 0.7 per cent. This is in recognition of the changing inflationary pressures arising since the original rate peg was determined for 2022/2023.

City of Ryde Council is considering applying for this, as the 0.7 per cent rate peg from IPART was significantly lower than the 2.6 per cent that had been forecast in Council's 21/22 Long Term Financial Plan for 2022/2023.

Having already built in a forecast rate peg of 2.6 per cent in its Long-Term Financial Plan, the impact of the increase is considered reasonable.

If a 2.5 per cent inclusive permanent rate increase is granted by IPART, this would provide an additional income of approximately \$1.4 million for financial year 2022/2023 which will assist Council in meeting its increasing service and asset provision for the community of Ryde.

Applications for an ASV will be accepted until 29 April 2022. IPART will then publish the applications to enable community consultation for a period of at least three weeks.

Councils will be notified of IPART's decision no later than 21 June 2022.

Macquarie Park Corridor Special Rate

The Special Rate (which was approved by the Minister for Local Government in 2006 on an ongoing basis, in perpetuity) will raise approximately \$1.8m in the 2022/23 financial year from business properties in the Macquarie Park Corridor. At present, 534 business properties are located within this area (see map).

A copy of the map is available for public inspection at the City of Ryde Administration Building, 1 Pope Street Ryde.

The funds raised will be used to assist in implementing the Macquarie Park Corridor Master Plan, which has been developed in conjunction with the State Government and community stakeholders in response to the changing nature of business in the corridor

The Special Rate funds will also be used to construct and maintain the public domain infrastructure in the area, improve roads and cycle ways as the area changes from a low density business park to an attractive, viable and vibrant urban centre.

Income relating to the Macquarie Park Corridor Special Rate will be restricted to a reserve where relevant Macquarie Park related projects will be funded from. Any unspent funds will remain in the reserve at the end of each financial year. The following works are proposed to be funded from the Macquarie Park Corridor Special Rate.

Special Infrastructure Renewal Rate

The Special Infrastructure Renewal Rate will generate \$13.52 million during 2022/23 from all rateable properties in the City of Ryde.

The Special Infrastructure Renewal Rate funds will be used to undertake asset infrastructure renewal works and asset maintenance throughout the City of Ryde.

Income received from the Special Infrastructure Renewal Rate will be restricted to a separate reserve where the relevant infrastructure works will be funded from. Any unspent funds will remain in the reserve at the end of each financial year.

Asset Replacement Reserve

Council funds the replacement of assets through a combination of General Revenue and the use of additional funding, restricted in the Asset Replacement Reserves. The funds allocated to this reserve are to ensure the Council maintains its asset renewal service levels in addition to the Infrastructure Special Rate.

Whilst there is no legislative requirement for this reserve to be maintained, it is prudent to ensure asset renewal service levels are being maintained.

Domestic Waste Management Service Charge

Domestic Waste Management Services are provided on a full cost recovery basis. Costs are determined by contractor charges and Council costs and overheads necessary to manage the service.

The Domestic Waste Management Service charge for 2022/23 is levied under Section 496 (1) of the Local Government Act 1993 and the standard charge has been set at \$430.00 per service, per annum. This represents a \$12.00 reduction on the 2021/22 adopted fees for Domestic Waste.

The standard Domestic Waste Management Service charge is levied on each rateable residential property within the City of Ryde. Ratepayers have the option to request different services depending on their waste preference. The Standard Domestic Waste Management Charge will yield estimated total revenue of \$21.9 million for the 2022/23 financial year

A standard Domestic Waste Management Service consists of:

- One 140 litre garbage bin collected weekly
- One 240 litre recycling bin and one 240 litre green vegetation bin each collected fortnightly on alternate weeks
- · Mulching and Chipping Service
- Maximum 5 booked clean-up services per residential property per year

Unit blocks with bin bays will share a 240 litre garbage bin and a 240 litre recycling bin between two units and one vegetation bin per unit block or as required.

Non-Residential Waste Management Service Charge

Non-Residential Waste Management Services are provided on a full cost recovery basis. Costs are determined by contractor charges and Council costs and overheads necessary to manage the service.

The standard Non-Residential Waste Management Service charge for 2022/23 levied under Section 501(1) of the Local Government Act 1993 (as amended) and has been set at \$430.00 per service for a full year service

The Non-Residential Waste Management Service charge is levied on each non-rateable non-residential property within the City of Ryde where the service is requested. The total Non-Residential Waste Management Service charge will yield estimated total revenue of \$0.11 million for the 2022/23 financial year.

A standard Non-Residential Waste Management Service consists of:

- One 140 litre garbage bin collected weekly
- One 240 litre recycling bin and one 240 litre green vegetation bin each collected fortnightly on alternate weeks
- Mulching and Chipping Service

Stormwater Management Service Charge

The Stormwater Management Service Charge for 2022/23 is levied under Section 496A of the Local Government Act 1993 (as amended).

The charges have been set in accordance with the Local Government (General) Regulations (2005) for 2022/23 are as follows:

Strata/Company titled residential home units: \$12.50 per unit

Other residential property: \$25.00 per rateable property

Business rateable property: \$25.00 per 350 square metres of land area.

Strata/Company titled business units: a minimum of \$5.00 or the relevant proportion of the maximum annual charge that would apply to the land subject to the strata scheme if it were a parcel of land subject to the business rateable property charge

The Stormwater Management Service Charge will raise approx. \$1.14 million in 2022/23.

Section 611 Local Government Act - Annual Charges

Section 611 of the Local Government Act, 1993 permits Council to charge persons who benefit from having private facilities on, above or under public land. Council has a number of commercial arrangements captured under this provision and will continue to charge these in 2022/23 financial year.

Commercial Matters

Council does not declare any of its activities as commercial activities in accordance with the National Competitive Policy (NCP).

Sharing your thoughts

We recognise that engaging with our community to understand our shared hopes and aspirations is central to everything we do. The Four Year Delivery Program and One Year Operational Plan has been developed to encapsulate what we will do together over the next four years to ensure that our City remains a place where we continue to experience lifestyle and opportunity at our doorstep.

The Four-Year Delivery Program 2022-2026 and the One-Year Operational Plan 2022/23 will be on public exhibition at the Ryde Customer Service Centre (Pope Street, Ryde), branch libraries and on the City of Ryde's web site for a period of 28 days during May 2022.

To make sure that this document is more than just words on a page we need to hear from all parts of our community. If you have any comments on this document or on our plans please share them with us through any of the avenues listed.

Feedback received during the exhibition period will considered by Council prior to the Plan being adopted.

Submissions on the Four Year Delivery Program and the Operational Plan are encouraged from residents in the City of Ryde at all times, and can be made using the following methods:

Fees and Charges for Goods and Services

In accordance with Section 608 of the Local Government Act, 1993 and other relevant legislation, Council levies a range of fees and charges as contained within this document.

The general intention of the fees and charges is to cover the following contingencies:

- Supply of a product, service, or commodity.
- Giving of information
- Providing a service in connection with the Council's regulatory functions, including receiving an application for approval, granting an approval, making an inspection and issuing a certificate.
- Allowing admission to any building or enclosure.

Council has given due consideration to the following factors in determining the appropriate price for each fee

- the cost of providing the service
- whether the goods or service are supplied under a commercial basis
- the capacity of the user to pay
- the impact of the activity on public amenity
- competitive market prices
- prices prescribed by legislation.

Council reviews all Fees and Charges on an annual basis in line with the corresponding Operating Budget.

Any changes to Fees and Charges as a result of a GST ruling or legislative change will be amended as an administrative adjustment. All other changes will be reported in accordance with Local Government Act and Regulations.

All fees are quoted in "GST Inclusive" terms, as this is the relevant price to the customer, however it should be recognised that within the schedule there are fees that do not attract GST.

These fees have either been specifically exempted by the GST legislation or have been included within the Division 81 determination as the Australian government has deemed that the customer does not actually receive a taxable supply in consideration for the fee.

ITEM 4 (continued)

Fees Categories

Each fee that Council sets is categorised as L, Z, D, P, F & M. These categories denote the primary principle used in setting the fee:

Fee Category	Name	Definition
L	Legislation	The service is a regulatory or statutory service where the fee is determined in accordance with Legislation. The rate may be a specific rate or amount or within a prescribed range up to a maximum amount.
Z	Fully Subsidised	There is no fee or charge for this service, but an application process may apply in accessing this service. Reasoning for no price may include: Practical restraints limit the ability to charge the service for a nominated class of user. Potential for revenue collection is minor and is outweighed by the cost of collection. Desire of Council to encourage usage of the service.
D	Refundable Deposit / Bond	Refundable deposit against possible damage to Council property. The initial payment does not attract GST; however, any full or partial forfeiture of the deposit may attract GST. Council must cover administration and other costs incurred in the investment of these monies. The interest earned on all deposits is at the on-call rate received by Council. Interest earned on deposits will be used to offset the administration of deposits. Where interest earned on a deposit is not sufficient to meet the fee, the amount of the bond (less any forfeiture) will be repaid
Р	Partially Subsidised	The fee or charge for this good/ service is set to partially recover the costs of providing the service.
F	Full Cost	The fee or charge for this good / service is set to recover the full cost of providing the service (including overheads)
M	Market	Council cannot provide the good / service at a price that disadvantages private business as per legislation

Reduction or waiving of fees via Council Resolution

Section 610E of the Local Government Act 1993 allows Council to waive payment of, or reduce a fee in a particular case if it is satisfied that the case falls within a category of hardship or any other category that Council has determined it may consider waiving payment, or reducing a fee.

Council has determined the following categories:

Eligible Pensioners	The applicant must hold a valid Pensioner Concession Card issued by CentreLink or the Department of Veterans Affairs.			
Health Care Card / Seniors Card Holder	The applicant must hold a valid Health Care Card issued by The Department of Human Services or Seniors Card issued by the NSW government.			
Financial Hardship	The applicant must be assessed in accordance with Council's Financial Hardship application process that is aligned to the CentreLink Age Pension at the time.			
Religious Groups	To qualify as a religious entity you must be a registered charity and located within the Ryde Local Government Area.			
Not for profit – Category One *	Not for Profit Community Groups that generate an annual income of \$100K or above. Located within the Ryde Local Government Area that provides educational, leisure, social, cultural activities that meet priority outcomes in Council's Delivery, Operational and Social Plans.			
Not for profit – Category Two *	Not for Profit Community Groups that generate an annual income below \$100K. Located within the Ryde Local Government Area that provides educational, leisure, social, cultural activities that meet priority outcomes in Council's Delivery, Operational and Social Plans.			

ITEM 4 (continued)

Emergency use of Community facilities by public	Fees for the use of Council's community facilities and associated amenities may be waived for the public in the event that those facilities and amenities are required to provide shelter, sustenance and/or hygiene services in times of emergencies (including as a result of adverse climatic event that result in widespread disruption throughout the Ryde LGA or State of NSW.	
Adverse Climatic or Pandemic related event	Fees prescribed within this schedule (with exception of fees determined by Legislation) may be waived as a result of any adverse climatic or pandemic event that results in widespread disruption throughout the Ryde LGA or State of NSW.	

^{*} In relation to the Hire of community halls and meeting rooms these fees and charges should be read in conjunction with Councils Community Halls and Meeting Room Hire Policy.

The following principles will be considered when applying any reduction or waiver of a fee or charge:

- · Compliance with statutory requirements
- Fairness and consistency
- Integrity
- Equity
- Transparency

Emergency Services attending Council Events will incur no charges. These include:

- NSW Police
- NSW Ambulance
- NSW Fire & Rescue
- St John Ambulance
- State Emergency Services

BONDS

Should Council incur costs in excess of the bond held, the hirer will be responsible for the repayment of these costs to Council.

In the instance where a hirer has already been charged a bond for seasonal weekend and / or seasonal weekday hire, no additional bond is required for additional hires by the same organisation for a similar activity.

All bonds will be subject to the approval of the Director

CANCELLATIONS & REFUNDS

Cancellation fees do not apply in the event of wet weather or if the booking is transferred to another date or facility.

Administration of Refunds will be as per the terms and conditions detailed on the booking form completed by the applicant.

No refunds for seasonal bookings in the event of wet weather

DISCOUNTS AND SUBSIDIES

Subsidies can be applied for by written application to the General Manager and has to be approved by Council Resolution. Applications will be considered based on:

the location of the organisation

the targeting of the activity to residents of the CoR

the organisation's provision of annual reports, including financial statements

the organisation's ability to address community needs outlined in Council's Management Plan or be activities assisting with emergency relief, humanitarian support, or those activities that address critical, emerging and recognised needs.

Discounts and subsidies are time limited and hirers who receive a discount or subsidy may be required to acknowledge City of Ryde in publicity material.

FLOODLIGHTING

Floodlighting is charged at a specific hourly rate, based on the operating and maintenance costs of the infrastructure at each individual facility. These hourly rates are included within the schedule of fees and charges and are based on the lux lighting level provided at the sports field.

INSURANCE - Public Liability Insurance Contribution

Applies to any casual hirer of facilities who do not have their own insurance and are hiring a facility for no more than 10 days within a 12 month period. Use of Council's Public Liability Insurance does not extend to incorporated bodies, sporting clubs or associations of any kind.

NON CoR ORGANISATIONS / INDIVIDUALS

For the CoR fee to be applicable, an organisation must be named or based in a suburb within the City of Ryde's Local Government Area. For the CoR fee to be applicable for individuals, they must have a residential address within the City of Ryde.

Domestic Animal Regulatory

All cats and dogs, other than exempt cats and dogs, must be microchipped by 12 weeks of age or before being sold or given away, whichever happens first.

All cats and dogs, other than exempt cats and dogs, must be registered by six months of age. The registration fee is a once-only payment, which covers the cat or dog for its lifetime in NSW, regardless of any changes in ownership.

Assistance animals, accredited by an animal training organisation prescribed by the Commonwealth (as defined in Commonwealth Law), must be microchipped and lifetimeregistered but there is no registration fee payable.

Waste Management

Domestic Waste Management Charges

The Domestic Waste Management Service Charge is levied under Section 496(1) of the Local Government Act and is also detailed in Council's Revenue Policy

Voluntary Domestic Waste Pensioner Rebate

In addition to the Statutory Pensioner Rebate, Council will grant a voluntary domestic waste pensioner rebate to a maximum of \$100.00. This voluntary rebate will apply to pensioners who are eligible for the Statutory Rebate. It will be granted to all eligible pensioners on the same basis as the Statutory Pensioner Rebate from 1 July 2020 onwards. The granting of the Council's voluntary domestic waste pensioner rebate to eligible pensioners will be assessed annually.

Development Applications

Fees for developments include the State Government planning reform service levy which is applicable for all developments with an estimated cost over \$50,000. Estimated cost of development is based on unit rates referred to in the Cordell-Housing Building Cost Guide.

The planning reform service levy is calculated based on the following formula:

 $P = (E \times 0.00064) - 5$

Where

P = the amount to be set aside, expressed in dollars rounded down to the nearest dollar,

E = estimated cost of the development or infrastructure, expressed in dollars rounded up to the nearest thousand dollars.

Fees for a Concept Development application will be split into 2 stages

- · Concept Development Application 60% fee applied
- Detailed Development Application 40% fee applied
