## **ADVANCED MANUFACTURING BREAKFAST EVENT**

'Advanced Manufacturing' is not a term many of us are familiar with, but to the more than 350 small and medium sized manufacturing businesses registered in the City of Ryde, it's big news.

City of Ryde Council has joined forces with CSIRO, Regional Development Australia and Macquarie Park Innovation District Strategy Council to present "Innovation Driven Advanced Manufacturing", to introduce local entrepreneurs to the new technologies and opportunities that are rapidly changing the manufacturing sector.

City of Ryde Mayor said: "This event offers a truly unique opportunity for local, independent businesses to meet and learn from some of the best minds in manufacturing.

"You'll hear directly from industry leaders including Cochlear, AstraZeneca, Schneider-Electric and CSIRO about their new programs, and learn how emerging scientific technologies and regulatory reforms can help transform your business."

Local manufacturing includes a diversity of niche products, from bakeries to glazed windows to packaging, and this is a 'must attend' opportunity to network and collaborate with industry leaders.

### **"Innovation Driven" Advanced Manufacturing Breakfast Event**

Wednesday 30 November 2016, 7.30 – 9.30am

CSIRO, 11 Julius Avenue, Building 53, Riverside Corporate Park, North Ryde

Bookings are essential. Register today at [www.ryde.nsw.gov.au/getconnected](http://www.ryde.nsw.gov.au/getconnected)

A North West Manufacturing Group will result from this event to meet regularly and engage in collective learning, networking and partnership building.

Presented by City of Ryde Council

Proudly supported by: CSIRO, Cochlear, Astra Zaneca, Schneider Electric, Macquarie Park Innovation District, Regional Development Australia.
