Term 1 REEN Meeting February 2021

Online meeting 4.00pm - 5.00pm

Changes to NESAs

Due to changes in NESAs accreditation, from 1 January 2021, REEN is no longer recognised as a NESAs course. Once NESAs has finalised their new criteria, application and assessment process we will apply for re-accreditation.

In the interim any teacher who attends a REEN meeting may be able to record these as Elective Professional Development

If you choose to record this as an Elective PD this may fall under the category of;

- 'any course and/or activity in a priority area that is not accredited'
- The priority area the 'delivery and assessment of NSW Curriculum' related to sustainability

And **may** fit into the following criteria;

- enhance teaching practice to effect positive change and impact on student/child learning progress and achievement
- link to clear and relevant goals that are related to improving student/child outcomes
- be job-embedded and provide opportunities for collaboration, transference and application
- be research based and evidence based.
