From : \_\_\_\_\_

If you have received this postcard it is because your neighbour wants to say hello. If you would like to find out more about being neighbourly visit [neighbourday.org](http://neighbourday.org) and consider celebrating your neighbours on the last Sunday in March on Neighbour Day. You can also visit your community's Facebook page to find out what is happening in your neighbourhood. It is important to understand that some neighbours may decline your welcoming approach. Respect their choice and build connections with others living nearby.
