

PART 2 : FURTHER DETAILS REGARDING APPLICANT ELIGIBILITY CONT.

2. b) Please describe your organisation type (e.g. commercial car share company, peer to peer car share operator, or not for profit car share organisation).

2. c) Please confirm that your business is also able to meet the following criteria:

1. Allow any fully licensed driver over age 18 to join, subject to reasonable creditworthiness and driving history checks.
2. Supply an internet and phone-based booking and support system available to members 24 hours per day, allowing immediate booking or support of vehicles.
3. Offer booking durations of a minimum one hour duration.
4. Ensure that no car share vehicle is booked for longer than four days unless a replacement vehicle is provided for the space.
5. Prohibit the routine long-duration reservation or exclusive use, including overnight use, of a car sharing space by any one user, either individual or business.

PART 3 : PROPOSED FIXED CAR SHARE SPACE LOCATION AND VEHICLE

PROPOSED LOCATION 1.

Please provide the following:

3. a) Street address

3. b) Aerial view showing location of proposed fixed car share parking space (for at least a 50m radius)

Please attach as a file or draw below.

Attached: Yes No (please draw below)

3. c) Street view clearly showing proposed fixed car share parking space (for at least a 50m radius)

Please attach as a file or draw below.

Attached: Yes No (please draw below)

3. d) GPS Coordinates of proposed fixed car share parking space

3. e) Existing parking restrictions (if any) at the proposed fixed car share parking space location

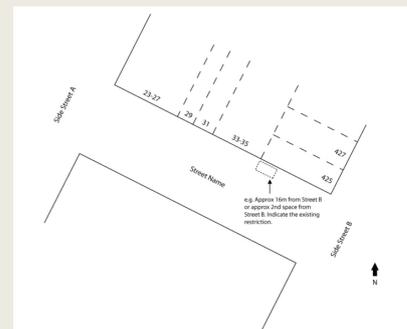

3. f) Indicate whether proposed space is currently metered or unmetered

3. g) Land use abutting the proposed parking space location and proximity to any areas of high employment, residential density or other activity/community hubs (if applicable)

3. h) Location of existing fixed car share spaces (for at least a 50m radius)

3. i) Proximity to public transport stops or train stations (if applicable)

PART 3 : PROPOSED FIXED CAR SHARE SPACE LOCATION AND VEHICLE

PROPOSED LOCATION 2. Please go to part 4 if not applicable.

Please provide the following:

3. a) Street address

3. b) Aerial view showing location of proposed fixed car share parking space (for at least a 50m radius)

Please attach as a file or draw below.

Attached: Yes No (please draw below)

3. c) Street view clearly showing proposed fixed car share parking space (for at least a 50m radius)

Please attach as a file or draw below.

Attached: Yes No (please draw below)

3. d) GPS Coordinates of proposed fixed car share parking space

3. e) Existing parking restrictions (if any) at the proposed fixed car share parking space location

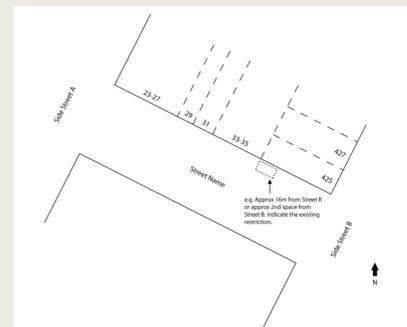

3. f) Indicate whether proposed space is currently metered or unmetered

3. g) Land use abutting the proposed parking space location and proximity to any areas of high employment, residential density or other activity/community hubs (if applicable)

3. h) Location of existing fixed car share spaces (for at least a 50m radius)

3. i) Proximity to public transport stops or train stations (if applicable)

If more locations are requested, please attach additional pages as required. Please ensure each parking space is in order of preference.

PART 4 : BASIS FOR DEMAND AND CAR SHARE PARKING COVERAGE

4. a) Please provide analysis supporting the basis for demand for requested car share spaces¹.

4. b) Please provide the following data to support the estimated demand for car share at this location.

4. c) Number of non-restricted² carparking spaces within a 50m radius (assuming 6m length per parking space unless marked)

4. d) Number of existing fixed car share spaces within a 50m radius

4. e) Number of additional fixed car share spaces requested within a 50m radius

4. f) Proposed car share coverage rate % (number of fixed car share spaces/ number of non-restricted car parking spaces within 50m radius)

4. g) Expected usage rate after 18 months of operation (average no. of bookings per month and average booking hours per day for requested car share space)³

4. h) Other information to support estimated demand such as relevant demographic information, existing and projected membership within a 250m radius, and number of member requests for car share parking spaces

¹Applicant should provide as much details as possible and where appropriate, supply references.

² i.e. an onstreet parking facility which is not a restricted parking area e.g. Disabled parking zones/Loading Zones/No Stopping Zone/No Parking Zones/ Bus Zones/Taxi Zones/ Residential Parking Permit Areas

³ For car parking spaces where there are no existing car share spaces managed by the applicant car share operator within 50m, car share operators can use various sources of data to develop expected usage estimates for initial applications. Where there are existing car share spaces managed by the applicant car share operator within 50m, expected usage is to be based upon the usage of existing spaces. After 18 months of operation, car share parking spaces are expected to support a minimum usage rate as detailed in the Car Share Guidelines.

PART 5 : PAYMENT OF APPLICATION FEE

Based on the information provided in the application, the City of Ryde will determine the general suitability of the proposed car share parking space location.

If a location is determined by Council to be generally suitable for car sharing, the Council shall then undertake consultation with residents and businesses in the vicinity of a proposed car share space and the Council's Traffic Committee will consider proposals for fixed on-street car share spaces.

City of Ryde may in its discretion reject any application. In that event, Council may propose an alternative location for the Applicant and the Applicant may be invited to apply again.

If the Applicant is successful and the Council approves a car share parking bay, within 30 days of notification the Applicant must pay Council the following fees as set annually in the Council's Schedule of Fees and Charges:

- a setup fee per designated car share space (applicable for both unmetered and metered parking spaces); and
- an annual fee including administration per designated car share space (for metered or unmetered parking spaces).

If the Fee is not paid by the deadline, Council may reject the application.

PART 6 : PRIVACY NOTICE

The *Privacy Act 1988* (Cth) makes provisions for collecting, storing, using and disclosing personal information, which has implications for the way in which the City of Ryde handles personal information in its possession or control.

Council will only use the Applicant's personal information for the purposes provided to it. Council does not share the Applicant's information with other organisations, or other persons without the Applicant's permission unless it is reasonably necessary for the purpose or when Council is required or authorised by law to do so.

The applicant certifies that all information provided within this application and the attached supporting documentation is true and correct, and agrees to the Terms and Conditions of the City of Ryde's Fixed Space Car Share Guidelines.
