

PIANO GUIDELINES

We welcome accomplished pianists to play the piano but would like you to consider the following:

- We consider an ‘accomplished’ pianist to be able to play to the equivalent of piano grade 5 or higher as examined by the Australian Music Examiners Board.
- The piano is not to be used for practice, each piece should only be performed once only all the way through.
- Individuals can play for a maximum of 30 minutes per day.
- When selecting pieces to play, be aware that the piano is to provide ambient background music. Chopsticks is not appropriate.
- Be aware that there are other library users and staff who may need to concentrate on other things.
- Please see staff prior to starting to ensure that there are no other events that will be disrupted.
- Ryde Library staff reserve the right to restrict use, or ask you to stop playing the piano at any time.

The piano is available for public use between:

12pm - 2pm | 3pm - 4pm | 6pm - 7pm
