FREE WiFi IN EASTWOOD PLAZA 24/7

Eastwood Plaza is the latest spot in the City of Ryde where members of the community can get free WiFi.

Any laptop with a wireless card, smart phone or iPad can now connect to the internet using this new Council service in busy Eastwood Plaza – it's available 24/7 and it's free.

You can surf the net, check your emails, watch YouTube, play online games, use VOIP (Skype/Viber), or update your blog without using your credits.

Free WiFi was first installed by the Council in the five local libraries at Ryde, Eastwood, West Ryde, North Ryde and Gladesville to make access to the internet more convenient for everyone.

Now students, shoppers, diners, seniors and workers alike can access free WiFi right in the heart of Eastwood's busy town centre.

Look out for the bright eye catching yellow and black footpath signage identifying the free WiFi zone and you'll know you're in the right spot. It runs the length of Eastwood Plaza, from the flagpole on West Parade to Rowe Street.

Photo Opportunity: Members of the community will gather to launch the new WiFi hotspot in Eastwood Plaza (near the Kiosk) on Monday 24 June at 3.30pm
