COUNCIL SUBMITS RESPONSE TO LOCAL GOVERNMENT REVIEW PANEL

In response to the State Government's proposed reform agenda for Local Government, the City of Ryde has provided a submission to the Independent Local Government Review Panel in response to its final report on Revitalising Local Government Paper.

The submission addresses the following six key areas:

- The City of Ryde must remain whole
- The Panel has again disregarded communities of interest
- Council has commenced working toward Joint Organisations
- The proposals regarding financial sustainability need to be further reaching
- Further consultation must be undertaken
- Council needs more detail in order to comment and consult effectively.

The submission was endorsed by Council at its meeting held on 25 February 2014. For full details go to www.ryde.nsw.gov.au/amalgamation
