

# Another City of Ryde project

For an active and healthy city

## Kings Park Construction

### Denistone East

#### Dear resident / business owner

We would like to inform you of the upcoming upgrade at Kings Park, Denistone East.

The City Of Ryde is committed to ensuring that all families have access to safe, accessible and high quality open spaces. As part of our Passive Parks Expansion and Improvement program in 2019/20, Council would like to inform you of the creation of a new open space in Kings Park.

The upgrade will include the construction of multiple play areas, installation of new play equipment, construction of a full length basketball court and establishment of an amenities building.

*Please see over page for more details.*

Above: Concept Image

#### Timing of works

##### Start of construction

Construction is planned to start in **early February 2020**.

##### Completion of construction

Construction is planned to be completed in **July 2020**, weather permitting.

#### Changed Conditions

Kings Park will be closed to the public during the works period. Where required, there will be traffic controls in place to assist with pedestrians access and vehicle movement around the park.

Council thanks you for your patience.
