

General Manager's Message

This March Quarterly Review report outlines Council's achievements against the City of Ryde's 2019/20 Operational Plan and our progress towards the four-year Delivery Plan 2019-2023. The annual Operational Plan describes our key projects, activities, and expenditure commitments; it was structured to deliver desired results across the 7 outcomes as identified in our Community Strategic Plan.

As a result of the March Quarterly Review, Council's available Working Capital has been maintained at \$4.50 million as at 30 June 2020.

The national response to the COVID-19 pandemic had a significant impact on council operations during the quarter. The northern parts of the City of Ryde were one of the 'hotspots' during the early phases of the Coronavirus outbreak in Australia.

Council responded early, with a grant to support small businesses in Eastwood put in place to help them cope with reduced customer traffic during the early phases of the coronavirus outbreak in Australia.

On Friday 6 March 2020, Council invoked its Business Continuity Plan and accompanying Pandemic Plan in light of the rapidly evolving situation with the COVID-19 (Coronavirus) pandemic. The major focus of this plan is to ensure that Council can continue to operate with minimum disruptions and deliver effective services and support to the City of Ryde community.

As at 30 March, all Council sporting facilities, playgrounds, libraries and community facilities remain closed and most council events have been cancelled or postponed to comply with social distancing guidelines and restrictions on public gatherings. Some other council services, like the Health and Building inspection program has been significantly disrupted as a result of the closure of many of the premises that were scheduled for inspection.

Adjustments have been made to many other council services to ensure continuity of services during the restrictions on public gatherings and social distancing that are in place across NSW.

Council has implemented work at home arrangements for most council indoor staff to ensure that most council services are able to continue with minimal disruption during this period. This means that key Council functions like processing development applications, waste collection services and almost our entire capital works program have been able to continue with minimal to no disruption.

There are now 151 Capital and Non Capital projects in our 2019/20 Operational Plan. At quarter end, 111 of these were progressing as planned and 25 were complete. Four projects have been deferred. Council is managing issues relating to the delivery of the remaining 11 projects. At March 30, 13 projects have noted delays resulting from Covid-19 restrictions.

Finally, Council's biggest project, Ryde Central, has reached a significant milestone with the tender to design and construct awarded to Taylor Construction Group, a highly regarded and experienced delivery partner that has completed many significant commercial, community and residential projects across NSW.

George Dedes General Manager

Financial Information for March Quarter Budget Review

The March Quarterly Budget Review features a number of income and expenditure adjustments that are a direct result of the current COVID-19 pandemic. Council's net operating result for 2019/20 is estimated to decrease by \$1.438 million. Importantly, Council estimates it will maintain its uncommitted Working Capital at \$4.50 million as at 30 June 2020.

Base Budget

Base Budget Income is projected to decrease by \$6.45 million to \$129.3 million, while Base Budget Expenditure (excluding depreciation) is projected to decrease by \$2.24 million to \$103.6 million.

Non-Capital Budget

Non-Capital Expenses are projected to increase by \$0.51 million to \$8.06 million.

Capital Budget

Capital Income is projected to increase by \$5.23 million to \$23.21 million, while Capital Expenses are projected to increase by \$9.36 million to \$81.78 million as a result of "In kind" affordable housing units coming on board.

Reserve Movements

Reserve movements totaling \$10.67 million are expected for the period 1 April to 30 June 2020.
