

City of Ryde Mayor, Clr Jordan Lane (far right), Member for Ryde, Victor Dominello, as well as members of the Eastwood Ryde Netball Association and Ryde Local Area Police Command at the former Marsden High School site.

Progress has been made on a new multi-sports facility at the former Marsden High School site in West Ryde.

A planning proposal seeking to rezone the site has been submitted to the Department of Planning and Environment.

Under the plans, the existing 28 netball courts at Meadowbank will be relocated to the former Marsden High School site to create 32 new outdoor netball courts, as well as a state-of-the-art indoor facility comprising four multi-use courts.

Crucially, the planning proposal also creates a new environmental conservation zone on a section of the former high school site, which will protect precious blue gums and a critically endangered ecological community.

In addition, a report will be brought back to Council detailing a list of measures that address community concerns relating to parking, traffic and noise abatement.

Once completed, the new facility will be the new home of the Eastwood Ryde Netball Association and utilised by several other local sporting groups as well.

SPRING GARDEN COMPETITION

Entries are now open for the City of Ryde Spring Garden Competition.

The Spring Garden Competition has been held for more than 30 years and

proves the perfect way to showcase some of our beautiful gardens and talented green thumbs.

There is a range of categories gardeners can enter that cater for all ages, sizes and skill levels. This includes a children's seed growing competition, in which young budding gardeners will receive free seeds, pot and growing instructions from competition sponsor Eden Gardens to help them participate.

Entries for the Spring Garden Competition close on 31 August 2022. For more information visit
