

City of Ryde Mayor Clr Sarkis Yedelian OAM at North Ryde Library with Clr Roy Maggio, City of Ryde staff and staff from Deaf Connect

AUSLAN STORY TIME

Last week it was my great pleasure to meet our new partners Deaf Connect ahead of a very special new program for Deaf and hard-of-hearing (HoH) children in our community that's going to be trialled at North Ryde Library from July.

Council is working in collaboration with Deaf Connect to establish the Auslan Story Time trial program which will enable groups of children to have books read to them in Auslan, the primary form of communication for Deaf and HoH people in Australia.

Auslan interpreters will team with our library staff to bring specially chosen books to life, giving these children an experience that's both educational and joyful.

This trial program is an excellent fit with the guiding principles of City of Ryde Libraries where we provide inclusive and welcoming spaces that inspire social, recreational, creative, and learning experiences for our diverse community.

VOLUNTEER RECOGNITION AWARDS

I'm looking forward with great anticipation and delight to the 2023 City of Ryde Volunteer Recognition Awards, which are being held on Thursday night, 11 May.

This is a terrific opportunity to salute our community's many unsung heroes – those who give their time, their resources, and their labour simply for the joy of helping other people.

I was proud to be part of the judging panel and, believe me, it was not an easy task to find winners in the individual, group, and young volunteer categories given the extremely high calibre of each and every entry.

NET ZERO TRANSITION

There is an urgent need to act now to reduce the impacts of climate change and City of Ryde is part of the push for a sustainable future. Developing a Net Zero Emissions Pathway and adopting a Net Zero target by 2035 for corporate emissions and by 2040 or sooner for the community proves our commitment to reduce emissions.

As part of that commitment, Council is hosting a free breakfast seminar at Macquarie University Incubator on Tuesday 16 May between 8.00am - 9.30am for businesses to learn from industry leaders about how to accelerate their transition to net zero emissions.

There will be discussions about how an effective engagement and transparency across the whole value chain supports achieving strategic sustainability goals and lowers business climate risk profiles.
