

City of Ryde Mayor Sarkis Yedelian OAM, with Cllr Bernard Purcell, Cllr Jordan Lane, MP, and community members at the Family Fun Day at Ryde Public School.

FAMILY FUN DAY

It was fantastic to see so many happy, smiling faces at the recent Family Fun Day at Ryde Public School, which celebrated the importance of family in our diverse and vibrant multicultural community.

City of Ryde is one of Sydney's largest cultural melting pots and people from all over the world have chosen to settle here because of our great quality of life and economic opportunity.

Migrants have always been welcomed and in return they have enriched our lives, creating friendships and partnerships that have given us both social and economic benefits.

Thanks to Multicultural NSW, the Community Migrant Resource Centre, Relationships Australia, NSW Community Builders Team, and TAFE for funding and organising such a terrific and worthwhile event.

CORK & FORK RETURNS

No one was more disappointed than me when the unfortunate decision was made to cancel the Cork & Fork by the Riverside food and wine festival because of dangerous high winds at the Kissing Point Park, Putney, site on 21 May 2023.

But I'm thrilled that we've been able to reschedule this incredibly popular annual event for Sunday 2 July 2023 from 10.00am-4.00pm.

So please save the date. Stall holders, artists, and sponsors have all been invited to participate in the rescheduled event and if you were onsite early on 21 May and already purchased your specially branded Cork & Fork wine glass be sure to bring it along.

WATER AND ENERGY SAVINGS

At City of Ryde, we are committed to promoting sustainable living, waste reduction, biodiversity of our natural habitats and resilience in our community.

As part of that commitment, we're hosting a free 60-minute information session presented by the Energy and Water Ombudsman on Thursday 8 June from 12.30pm-1.30pm which can be viewed either online or via a live stream at Ryde Library.

The seminar – which is part of our Sustainability Festival – will give some vital tips on how you can save energy and water around your home.
