Council will request that the RMS provide more details of all proposed traffic and pedestrian detour routes before construction commences.

#### Ryde Central Preliminary Business Case

A key component of the Ryde Central Action Plan is the preparation of a Preliminary Business Case.

Consultants are now assisting Council in developing concept options with a view to selecting a preferred option as the basis for the Preliminary Business Case. The Preliminary Business Case will assist in the development of a Capital Expenditure Review document, as required by the Office of Local Government.

The Preliminary Business Case will determine whether the preferred option is feasible and must demonstrate that the proposed capital expenditure would be based on sound strategic and financial planning, supported by valid data and research and that it reflects the views, priorities and objectives of the broader community, as reflected in Council's Community Strategic Plan.

A draft version of the Preliminary Business Case will be reviewed by the Director Corporate Services and relevant Council staff in late March 2019. The Preliminary Business Case will then be workshopped with Councillors in April and formally presented to Council for its consideration in May 2019.

#### **Financial Implications**

There are no financial implications in respect of the recommendation contained in this report. The body of work outlined in this report has already been factored into the 2018/19 Budget.
