

Ryde Public School Transport Access Guide

The majority of families live within a reasonable (2km) walking or cycling distance from school or the local shops. The TAG over the page provides suggested safe and accessible walking trails and cycling routes in your local area.

GO ACTIVE² SCHOOL

Did you know?

Children between the ages of 5 and 12 years need at least 60 minutes (and up to several hours) of moderate to vigorous physical activity every day. Adults need to put together at least 30 minutes of moderate-intensity physical activity on most, preferably all, days.

Walking to school is an easy way for you and your child to achieve the recommended amount of physical activity needed in a day. **It's fun, friendly and easy.**

Stop Look Listen Think How to cross the road safely

STOP one step back from the kerb or shoulder of the road if there is no footpath. **LOOK** in all directions for approaching traffic. **LISTEN** in all directions for approaching traffic. **THINK** about whether it is safe to cross the road – when the road is clear or all traffic has stopped.

When crossing walk straight across the road. Keep **LOOKING** and **LISTENING** for traffic while crossing.
