

MM8/25 TRIAL LIGHTING EXTENSION AT MEADOWBANK SKATE PARK, CONSTITUTION ROAD WEST, MEADOWBANK - Mayor Trenton Brown

File Number: CLM/25/1/1/8 - BP25/306

In June 2017 Council endorsed the construction of the Meadowbank Skate Park, formerly Field 2 at Meadowbank Park.

Currently the lights at the Skate Park are programmed to operate between 4.30pm and 7.00pm. It is noted that during daylight saving the lights are not in operation and the skate park closes at sunset.

As part of Council's ongoing commitment to support active and healthy lifestyles it is proposed to extend the skate park lighting times by one hour, to 8.00pm on Thursday, Friday and Saturday nights for the period May 2025 – September 2025 (inclusive).

RECOMMENDATION:

- (a) That Council endorse the lighting at Meadowbank Skate Park be extended by one hour to 8.00pm on Thursday, Friday and Saturday nights as a trial for the period May 2025 – September 2025 (inclusive).
- (b) That at the conclusion of this trial period, a report be brought back to Council with a view to making this arrangement permanent.
- (c) That Council consider undertaking an acoustic report of noise levels impacting local neighbours and present options for noise mitigation strategies to be included in the Council report.
