QUESTIONS BY COUNCILLORS AS PER POLICY

1 QUESTIONS WITH NOTICE - Councillor Perram

Question:

- 1. When will Councillors be requested to submit suggestions for consideration when Council is developing the capital works program for 2011/2012?
- 2. What will be the closing date for those submissions to be received?

The Group Manager, Corporate Services answered:

Councillors will be forwarded a spreadsheet on Monday, 15 November 2010 to nominate both capital and non capital projects and return back to the Councillor Helpdesk by Monday, 29 November 2010. This request will be seeking Councillors to nominate projects within each respective program for the 4 year period, 2011/12- 2014/15.

Each of the projects submitted will be then evaluated, costed and submitted to the respective workshops for consideration in early 2011 in developing Council's budgets as part of the 4 year Delivery Program.

4 SEPTEMBER 2010 QUARTERLY REVIEW REPORT 2010-2014 MANAGEMENT PLAN

| Report prepared by: | Chief Financial Officer | |
|---------------------|-------------------------|-------------------------------------|
| Report dated: | 7/11/2010 | File No.: GRP/10/3/001/6 - BP10/672 |

Report Summary

Council's Management Plan and Budget for 2010-2014 sets out the strategic and financial objectives for the year. These documents set out the goals and various performance measures for Council's four key outcome areas and details the services and projects that Council planned to deliver in 2010/2011.

The Quarterly Report includes details for each of the four key outcome areas detailing the targets adopted by Council and how we have performed in achieving these targets to 30 September 2010. Also shown is a financial performance summary for each key outcome area and a status report on all Capital and Non-Capital Projects by Outcome Area and Service Unit that are to be undertaken in 2010/2011 with information on how each Project is progressing.

As a result of this Review, Council's Available Working Capital is projected to increase to approximately \$3.78 million as at 30 June 2011. This is an improvement on the projected Working Capital in the 2010-2014 Management Plan due to the better than expected result in the 2009/2010 financial year and is a sound result with the following key highlights:

- Operating Budget overall is on track to meet budget, noting an additional \$0.50 million income from Interest on Investments, based on current performance this is projected to be achieved from Council's investment strategy it has adopted this financial year.
- Council's result has been achieved with only an increase of \$0.07 million in projected Working Capital.
- An additional transfer to Asset Replacement Reserve of \$0.30 million proposed for Council's endorsement as a result of additional income from interest on investments.
- Council's Capital Works program is on track and within budget, which has also been supplemented with additional grant income of \$1.18 million

RECOMMENDATION:

- (a) That the report of the Chief Financial Officer, dated 7 November 2010 on SEPTEMBER 2010 QUARTERLY REVIEW REPORT 2010-2014 MANAGEMENT PLAN, be received and endorsed.
- (b) That the proposed budget adjustments included in this report totalling \$0.077 million be endorsed and included in the 2010/2011 Budget.

- (c) That the proposed transfers to and from Reserves as detailed in the report, and included as budget adjustments, totalling a net reduction in Reserves of \$2.214 million be adopted.
- (d) That the Certificate of the Responsible Accounting Officer attached to the report of the Chief Financial Officer dated 7 November 2010 be endorsed.

Background

As required under section 407 of the Local Government Act, 1993 the quarterly review of the Management Plan as at 30 June 2011 is presented to Council.

This Quarterly Review reports on the performance of Council in undertaking its Principal Activities in terms of its stated objectives and financial position. The following sections are included in the document, *Quarterly Report against the Management Plan 2010-2014, Quarter one* that has been **CIRCULATED UNDER SEPARATE COVER.**

- General Manager's Overview, Financial Management and Corporate Performance Overview - provides a 'snapshot' of Council's performance in the quarter relative to several high profile activities.
- Outcome Area Reports including overview, operational indicators, financial outcome and graphical representation of performance measures.
- Capital and Non-Capital Status Report provides comments regarding the status of all of Council's Non-Capital and Capital Expenditure projects.
 Appendix A
- Base Budget Quarterly Status Report. Appendix B
- Reserves Listing Report outlines the opening balance, approved budgeted transfers to/from reserves and proposed additional transfers to/from reserves, with a projected balance as at 30 June 2011. Appendix C
- Quarterly Changes Report provides comments and details of those budget items that are proposed to be increased or decreased in the 2010/2011 budget. Appendix D

Report

The September 2010 Quarterly Review has been completed and is submitted to Council for endorsement, which includes the *Quarterly Report against the Management Plan 2010-2014*, which has been circulated under separate cover.

Working Capital Summary

In the adopted Management Plan for 2010/2014 Council's forecasted Available Working Capital position was \$3.24 million.

In the September 2010 Quarterly Review, the proposed budget adjustments will result in a increase of \$0.04 million to Council's Working Capital as at 30 June 2011 to \$3.78 million. This is higher than forecasted, due to the better than expected result for 2009/10.

Overview of September Review

As detailed above, Council's available Working Capital is projected to increase to \$4.088 million as a result of the review. The following are the major changes to be made, with a complete listing provided in the circulated document, and more detailed explanations in each Outcome area of that document.

Operating Budget

- Council's operating revenue is projected to increase over budget by \$0.93 million (0.71%) with the main areas being as follows:
 - \$0.97 million proceeds from sale of property. This is to be transferred to the Property Investment Reserve.
 - \$0.68 million decrease in Financial Assistance Grants. This is offset by a transfer from Reserve for the prepayment made in June.
 - \$0.80 million from income on Investments, \$0.50 million from interest and \$0.30 million from proceeds of the sale of a CDO.
 - \$1.18 million in additional grants from the RTA, which is masked by a decrease by \$1.20 million in grants for Ryde Community & Sports Centre, which were budgeted in error. Ryde Community & Sports Centre has been covered by Carryover Works as at 30 June 2010.
- Council's operating expenditure is projected to increase over budget by \$0.11 million (0.10%) with the main areas being as follows:
 - \$0.13 expenditure of unexpended grant funds, brought forward from previous year.
 - \$0.04m increase in legal expenses to meet the costs of defending boarding house matters.

In total a projected increase in Operating Surplus of \$0.82 million, most of which is being utilised for Capital or transferred to reserves.

Capital Budget

- Council's capital expenditure is projected to increase over budget by \$2.96 million (4.08%), this is being funded from either grants or transfers from reserves with the main areas being as follows:
 - > \$1.18 million from the RTA for Cycleways
 - \$1.63 million in expenditure for Ryde Community & Sports Centre.

Reserve Movements

- Council's transfers from reserves is projected to increase over budget by \$3.79 million (11.89%), the main areas being as follows:
 - \$1.39 million from carryover works reserve for Ryde Community & Sports Centre.
 - \$1.44 million from unexpended grants for Ryde Community & Sports Centre.
 - > \$0.68 million from Financial Assistance Grants paid in advance.
 - \$0.05 million from reserves for Chris21 Kiosk (Human Resources software)

- Council's transfers to reserves is projected to increase over budget by \$1.58 million (5.5%), the main areas being as follows:
 - \$0.97 million to Property Investment Reserve proceeds from sale of property.
 - \$0.30 million to Financial Security Reserve proceeds from sale of CDO.
 - \$0.30 million to Asset Replacement Reserve from additional investment income.

The complete details are contained within the separately circulated document.

It should also be mentioned that Council staff, have been instrumental in reviewing and updating the format of the Quarterly Report and they should be acknowledged for their contribution.

Consultation

Comments

Service Unit Managers have reviewed their Unit's budget at the end of the September 2010 quarter to declare any variations to budget that will impact on the Council's financial position.

Critical Dates

The following deadlines are required to be met:

- In accordance with Section 407 of the Local Government Act 1993, the General Manager must report to the Council within 2 months after the end of each quarter as to the extent to which the performance targets set by the Council's current Management Plan have been achieved during that quarter.
- The Chief Financial Officer as Council's Responsible Accounting Officer, in accordance with the Part 2 Clause 7 of the Local Government (Financial Management) Regulation 1999 is required to certify whether the Council's financial position is satisfactory having regard to the original estimates of income and expenditure.

Financial Impact

Council's available Working Capital is projected to increase by \$0.417 million to \$4.088 million as at 30 June 2011.

Council's Operating Result before depreciation is projected to increase by \$0.864 million to \$63.385 million.

Council's Capital Works Program is projected to increase by \$2.962 million by which is funded from additional revenue from government grants and reserves.

Policy Implications

There are no policy implications through the adoption of this recommendation.

Other Options

Council could decide not to approve some or all of the September 2010 Quarter Budget Revisions or to revote the funds to other projects. This would impact the projected Working Capital as at 30 June 2011 and future Capital Works program for future years.

Conclusion

The adoption of the recommended adjustments to Council's 2010/2011 budget as detailed within this report will result in a projected Available Working Capital as at 30 June 2010 of \$3.78 million.

This is a sound result and Council is in an enviable position as it works its way through the Community Strategic Plan process and looks at its Long Term Financial Plan, including its Asset Management Plans.

Certificate

In accordance with the Local Government (Financial Management) Regulation 1999, Part 2, Clause 7, I report that the financial position of the Council was satisfactory as at 30 September 2010, having regard to the original estimates of income and expenditure. Variations in total income, operating and capital expenditure as at 30 September 2010 are of a quantum and nature that overall end of year financial targets will be achieved.

|---------------------|----------------------|-------------------------------------|
| Report dated: | 8/11/2010 | File No.: GRP/10/3/001/6 - BP10/673 |

Report Summary

The purpose of this report is to provide Council with an update on arrangements for a workshop to monitor the progress and implementation of the Charter of Respect.

RECOMMENDATION:

That a workshop for all Councillors and the Executive Team, facilitated by Mr Errol Chadwick from Chadwick and Associates, be conducted in February/March 2011 to monitor the progress and implementation of the Charter of Respect.

Report Prepared By:

Shane Sullivan Manager - Governance

Report Approved By:

Roy Newsome Group Manager - Corporate Services

Background

Council, in considering the recommendations from the Department of Local Government's Better Practice Review report, resolved at its meeting on 11 May 2010, to hold a Councillor/Senior Management team workshop to address their working relations.

A workshop was held on Saturday, 22 May 2010 and was externally facilitated by Mr Errol Chadwick from Chadwick and Associates. As a result of this meeting a draft Charter of Respect was developed.

At its meeting held 22 June 2010, Council resolved to conduct two workshops. One to consider the draft Code of Respect and another as a follow up workshop to that held on 11 May 2010.

Report

(a) Workshop to consider the Draft Charter of Respect

At its meeting held 22 June 2010, Council resolved as follows

(b) That the Draft Code of RESPECT be referred to a Councillor Workshop for further discussion/refinement before being referred back to Council for formal adoption and inclusion in Council's Code of Conduct.

This workshop was not conducted. However, the Charter of Respect was included in the revised Code of Conduct that was reported to Council at its meeting held 28 September 2010. Council in endorsing the Code of Conduct resolved that issues relating to the Charter of Respect be listed as urgent for consideration at a Council Workshop. The Charter of Respect is set out in **ATTACHMENT 1**.

As a result of this resolution an item was placed in the Councillors Information Bulletin on 14 October 2010 proposing that this workshop be conducted on Tuesday, 30 November 2010, which was the fifth Tuesday of the month.

Councillors were asked to advise if they would be attending this workshop. Only one (1) response was received, being from Councillor Butterworth advising he was unavailable to attend. As a result, it is not proposed to conduct this workshop.

(b) Workshop to monitor progress and implementation of the Charter of Respect

At its meeting held 22 June 2010, Council resolved as follows:

(c) That Council endorse a follow up workshop being scheduled in six (6) months time to monitor the progress and implementation of the Draft Charter and the other agreed actions from the Workshop.

Details of Councillors' Expectations of the Executive Team and the Executive Team's Expectations of Councillors agreed at the Workshop held in May 2010 are in **ATTACHMENT 2**

Council has asked the Executive Team to act on 16 issues and the implementation of these changes and improvements is ongoing. In addition, Council agreed to work on 17 issues.

It is proposed that a workshop to discuss progress in relation to these agreed expectations be held in February/March 2011 and that Mr Errol Chadwick from Chadwick and Associates again be engaged to facilitate.

Consultation

Internal Council business units consulted included:-

Not applicable

Internal Workshops held:-

• A Councillor/Executive Team workshop was held on Saturday, 22 May 2010.

External public consultation included:-

• Not applicable

Critical Dates

There are no critical dates or deadlines to be met.

Financial Impact

Adoption of the option outlined in this report will have no financial impact. The cost of the workshop will be met from the existing Base Budget for 2010/11.

Policy Implications

Council adopted the Charter of Respect as an enforceable part of the Code of Conduct on 28 September 2010.

Other Options

Council may resolve not to conduct a workshop to monitor progress and implementation of the Charter of Respect.

Conclusion

This report recommends the conduct of a workshop facilitated by Mr Errol Chadwick from Chadwick and Associates to discuss progress in relation to the agreed expectations and the Charter of Respect. It is proposed that this workshop be held in February/March 2011, possibly on a Saturday morning.

| 14 | Maintain open and unimpaired lines of communication between Councillors and the Executive Team | Agreed. We will establish phone and email protocols (mobiles, home and office) which meet the needs of Councillors and allow a work life balance. Current protocols and processes will be reviewed and a report will be prepared for Councillors following consultation with each Councillor as part of the next round of one on one discussion with the General Manager. |
| 15 | Establish mechanisms that will ensure individual Councillors are fully and appropriately informed on any matters. | As part of the categories established in point 4 above we will seek Councillor agreement as to how they would like to receive this information. We will ensure that when one Councillor requests information relating to Council business (with the exception of an individual request on behalf of a |

We agree it very important that Council looks to brand the city of Ryde as both a place to invest and for Council provided services. The organisation is not geared up to undertake this approach and a detailed analysis will be brought to Council as a budget bid for 2011/12. This bid will also relate to the issues mentioned in point 4 above since market research relates closely with branding, community satisfaction and engagement strategies. The planned Councillor workshop will explore these relationships and their budget implications as part of a workshop on broader marketing, engagement and customer satisfaction reporting. |

6 INVESTMENT REPORT - October 2010

| Report prepared by: | Chief Financial Officer | |
|---------------------|-------------------------|-----------------------------------|
| Report dated: | 9/11/2010 | File No.: GRP/09/4/1/7 - BP10/676 |

Report Summary

This report provides details of Council's performance against the benchmark for returns of its investment portfolio for the month of October 2010, and the performance of Council's investments for the previous 12 months.

Council's financial year to date return is 6.06%, 1.15% above benchmark. Income from investments totals \$1.66M, being \$377K above budget projections.

To date, \$301K relates to the sale of the Lehmans/Grange IMP - Flinders, with the proceeds from this sale being held in the Financial Security Reserve. The Financial Security Reserve, following these additional funds will have a balance of \$508K, including interest.

Council continues to invest in term deposits to take advantage of the Federal Government's guarantee which expires in October 2011.

The report includes the estimated market valuation of Council's investment portfolio with a commentary on significant events in the global financial markets. The report also details Council's current loan liability with the average return on Council's term deposits being greater than the current interest rate applying to Council's loans.

RECOMMENDATION:

That the report of the Chief Financial Officer, dated 09/11/2010 on INVESTMENT REPORT – October 2010, be endorsed.

Report

The Chief Financial Officer as Council's Responsible Accounting Officer is required to report to Council on a monthly basis on Council's Investment Portfolio and to certify that the Investments are held in accordance with Council's Investment Policy and Section 625 of the Local Government Act.

All Council's investments complied with the Minister for Local Government's Investment Order dated 15 August 2008 and Council's Investment Policy when acquired, however the following investment's credit ratings are now below the Minister's Order:

| Investment | | Rating | Maturity |

| Covent Garden (| CDO * | С | 20/09/2012 |
| Oasis CDO * | | CCC- | 04/09/2014 |

(Note * Council at its meeting of 25 May 2010 wrote down/ impaired the Alpha, Covent Garden and Oasis CDOs to a nominal value and this was funded from the Financial Security Reserve.)

Under the Minister's Order, Council is required to divest itself of these investments as soon as practicable. With the exception of the investments in the Grange IMP, these investments were purchased with the intention of holding them to maturity.

Council Officers have been looking for opportunities to sell certain capital protected and structured investments where prices are competitive and advantageous to Council.

Investment Performance Commentary

Council's performance against the benchmark for returns of its investment portfolio for the month of October 2010 and the financial year to date are as follows:

| | Oct 2010 | 12 Month | FY2011 |

Council's year to date return has outperformed the benchmark and at 6.06% in October is 1.15% above benchmark.

There has been one new notified credit event within Council's investment portfolio since the last Investment Report, which was submitted to Council on 9 November 2010. Information was received on 9 November 2010 that a default event had occurred for Ambac Financial Group. This event will trigger a default of the "Covent Garden" investment, which Council holds \$2M face value. As previously resolved by Council, this investment has been previously written down to nominal value, funded by the Financial Security Reserve.

Council's investment portfolio as at 31 October 2010 was as follows:

| \$60.4M | 71.26% |
|---------|--|
| \$1.0M | 1.18% |
| \$2.0M | 2.36% |

Council continues to utilise the Federal Government's guarantee investing in Term Deposits with a range of Approved Deposit Taking Institutions (ADIs) on short to medium term investments (generally 30 days to 6 months maturity) where more competitive rates are available. The Federal Government's guarantee expires on 12 October 2011, and it is anticipated that any changes to the scheme will be announced well in advance of its expiry, to avoid any sudden cash outflows from regional banks and credit unions.

Financial Security Reserve (FSR)

The Financial Security Reserve currently has a balance of \$508K as at 31 October 2010 which includes \$117K of interest from these at risk investments and \$301K from proceeds from the sale of the Flinders CDO and interest to date.

Economic Commentary

The RBA raised the cash rate by 25 basis points at their November meeting, taking the market somewhat by surprise after the release of a relatively benign CPI figure in October. In its minutes of the meeting, the RBA noted that concerns about a slowdown in the Chinese economy had mitigated somewhat, and that there was a possible risk of shock from high commodity prices, with terms of trade at their highest levels since the 1950s. Some of the major banks have raised their lending rates above the RBA rise, but have not passed this onto their investors.

The number of Americans filing first-time applications for unemployment benefits unexpectedly increased in early October, indicating the US job market is struggling to recover. The Federal Reserve announced \$600bn in new quantitative easing measures aimed at providing liquidity to the markets with the US dollar weakening on the news, while gold hit new record highs.

In the Eurozone, the sovereign debt crisis gained pace, as Greece anticipated a slowdown in its economy of 4% this year, and between 2.5 to 3% in the coming year. Ireland announced plans to slash its budget deficit by a further \$EU6bn in 2011 in order to avoid a bailout and maintain the countries financial independence.

Legal Issues

As previously reported to Council, Piper Alderman have been engaged to provide advice on legal options available to Council in relation to its investments. Council's General Counsel provided an update to the Committee of the Whole on 20 July 2010, and a further update will be provided to Council as developments occur.

Council's Property Investment Portfolio

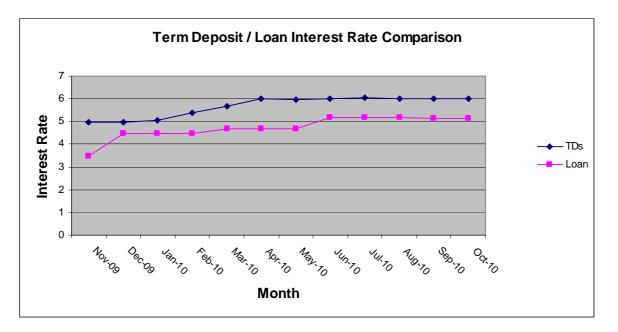

The following properties were held as part of Council's Property Investment portfolio:

2 Dickson Avenue, West Ryde 1a Station St, West Ryde 8 Chatham Road, West Ryde 202 Rowe St, Eastwood (commercial) 226 Victoria Rd, Gladesville (commercial) West Ryde Car Park Site Herring Road Air Space Rights

Loan Liability

Council's loan liability as at 31 October 2010 was \$4.6 million which represents the balance of one (1) loan taken out in 2004 for the Civic Centre Redevelopment and refinancing the West Ryde Tunnel. This loan was for 15 years and was negotiated at a very attractive rate for Council at 90 Day BBSW + 20 basis points and is reset every quarter.

The following graph shows the average interest rate earned on Council term deposits compared to the interest rate applying to this loan.

Agenda of the Council Meeting No. 18/10, dated Tuesday 23 November 2010.

| Comparative Financial Data | |
|---|-------------------------|
| Council Loan Current interes | st rate 5.13% |
| Term Deposit Current average interest rate | 5.98% |
| Debt Service Ratio Category 3 Councils 2008 City of Ryde 2009 | |

Due to the favourable terms negotiated with this loan, and the current economic climate, Council is earning a higher rate of return in investing these funds than it is paying as loan interest – i.e. it produces a positive cash inflow to Council.

On this basis, there is no advantage to Council in changing these arrangements or repaying this loan earlier than planned.

Types of Investments:

At Call refers to funds held at a financial institution, and can be recalled by Council either same day or on an overnight basis.

A **Floating Rate Note (FRN)** is a longer term investment issued by a financial institution with a variable interest rate. The adjustments to the interest rate are usually made quarterly, and are tied to a certain money market index such as the Bank Bill Swap Rate.

A Floating Rate CDO or Collateralised Debt Obligation (CDO) is an investment backed by a diversified pool of one or more classes of debt. These investments are for longer terms and offer a higher rate of interest. Credit ratings are assigned to these investments as detailed in the portfolio.

Credit Rating Information

Credit ratings are generally a statement as to an institution's credit quality. Ratings ranging from AAA to BBB- (long term) are considered investment grade.

A general guide as to the meaning of each credit rating is as follows:

| AAA: | the best quality c | ompanies, reliable and stable |
|------|--------------------|-------------------------------|
|------|--------------------|-------------------------------|

- AA: quality companies, a bit higher risk than AAA
- A: economic situation can affect finance
- BBB: medium class companies, which are satisfactory at the moment
- BB: more prone to changes in the economy
- B: financial situation varies noticeably

- CCC: currently vulnerable and dependent on favourable economic conditions to meet its commitments
- CC: highly vulnerable, very speculative bonds
- C: highly vulnerable, perhaps in bankruptcy or in arrears but still continuing to pay out on obligations
- D: has defaulted on obligations and it is believed that it will generally default on most or all obligations

Council's Investment Powers

Council's investment powers are regulated by Section 625 of the Local Government Act, which states:

(1) A council may invest money that is not, for the time being, required by the council for any other purpose.

(2) Money may be invested only in a form of investment notified by order of the Minister published in the Gazette.

(3) An order of the Minister notifying a form of investment for the purposes of this section must not be made without the approval of the Treasurer.

(4) The acquisition, in accordance with section 358, of a controlling interest in a corporation or an entity within the meaning of that section is not an investment for the purposes of this section.

Council's investment policy requires that all investments are to be made in accordance with:

- Local Government Act 1993 Section 625
- Local Government Act 1993 Order (of the Minister) dated 31 July 2008
- The Trustee Amendment (Discretionary Investments) Act 1997 Sections 14A(2), 14C(1) & (2)
- Local Government (Financial Management) Regulation 1993
- Investment Guidelines issued by the Department of Local Government

The Department of Local Government has released new guidelines aimed at assisting Councils in developing a comprehensive investment policy.

Council Officers, working with its investment advisor, Oakvale Capital Limited have developed a revised Investment Policy based on the new DLG Investment Guidelines and the revised Investment Policy was approved by Council at its meeting on 28 September 2010.

Council officers have regular discussions and meetings with Investment Issuers and Council's Investment Advisor Oakvale Capital Limited to monitor the impact of market conditions on the performance of Council's investments and the economic outlook.

Critical Dates

The Chief Financial Officer as Council's Responsible Accounting Officer is required to report to Council on a monthly basis on Council's Investment Portfolio and to certify that the Investments are held in accordance with Council's Investment Policy and Section 625 of the Local Government Act.

Financial Impact

Income from interest on investments totals \$1.66M, being \$377K above budget projections as per the 2010-2014 Management Plan which has improved Council's financial position.

Of this amount \$301K relates to the sale of the Lehmans/ Grange IMP - Flinders CDO with these proceeds being held in Council's Financial Security Reserve. The Financial Security Reserve currently has a balance of \$508K.

Council is projecting an income from interest on investments of \$3.3M for the 2010/11 year, which will be reviewed in each Quarterly Review of the Budget/Management Plan.

Policy Implications

There are no policy implications through the adoption of the recommendation.

The recommendation is consistent with Section 625 of the Local Government Act, which deals with the investment of surplus funds by Council's.

Other Options

Not applicable

Conclusion

Council's year to date return to October 2010 is 6.06%, which is 1.15% above the benchmark.

Council has improved its financial position by \$301K through the proposed sale of the Flinders CDO and in doing so has also reduced its exposure and level of risk in its investment portfolio.

Council continues to invest under the Federal Government's guarantee in Term Deposits with a range of Approved Deposit Taking Institutions (ADIs) for periods ranging from 30 days up to 6 months, to take advantage of the competitive rates that are available.

7 SPORTS FLOODLIGHTING

| Report prepared by: | Coordinator | Recreation; Manager Stormwater and Park Assets |
|---------------------|-------------|--|
| Report dated: | 3/11/2010 | File No.: GRP/10/2/001/3 - BP10/663 |

Report Summary

Further to the report to Council of 13 October 2009 (ATTACHMENT 1), the purpose of this report is to update Council on progress on sports lighting projects currently in progress as well as an assessment of the projects proposed as a result of the expression of interest process conducted earlier this year.

RECOMMENDATION:

- (a) That Council endorse the installation of sports lighting at Pidding Park as part of the 2010/2011 Playing Field Lighting Program subject to a 60/40 funding split between Council and sporting groups to an approximate total cost to Council of \$51,000.
- (b) That Council endorse the upgrading of sports lighting at Magdala Park in accordance with the approved DA and subject to a 60/40 funding split between Council and sporting groups and that funding (once determined) is allocated as necessary within the 2010/2011 Playing Field Lighting Program and/or from the Asset Replacement Reserve.
- (c) That Council prioritise playing field lighting for training purposes and accordingly not pursue the upgrade of the training compliant sports lighting at Marsfield Park to competition standard at this time.
- (d) That Council lodge a development application for the sports lighting project at Waterloo Park in consultation with the relevant sporting groups.
- (e) That finalisation of a priority for sports lighting at Bill Mitchell, Bremner or Morrison Bay Parks be determined with further consultation with user groups and that a subsequent report come to Council.
- (f) That Council is provided an update on progress on all sports lighting projects within 6 months of the date of this report.

Background

At the meeting of 10 February 2009, Council resolved:

- "(a) That the report of the Landscape Assets Consultant and Recreation Coordinator dated 3 February 2009 concerning Lighting at Local Sports Fields – Audit and Upgrading Cost, be received and noted.
- (b) That the audit report, lighting plans, Upgrading Cost & Usage Matrix and this Report be placed on Public Exhibition, and seek stakeholders and residents comments.
- (c) That a further report be submitted to the Committee of the Whole followingstakeholders and residents comments on the audit report and lightingplans.
- (d) That this matter be referred to the Sports Council for comment." (ATTACHMENT 2)

An extensive consultation process was conducted with the community, sports users, Sports Council (now the Sport and Recreation Advisory Committee) plus a series of workshops with Councillors. A further report went to Council on 13 October 2009 summarising the outcomes from these workshops and Council resolved:

- "(a) That the report of the Manager Catchments & Assets, dated 1/10/2009 on PLAYING FIELD LIGHTING PROGRAM 2009/2010 - Proposed Projects, be received and noted.
- (b) That Council approve the upgrading of sports lighting at Meadowbank netball courts and Blenheim Park radio car circuit as part of the 2009/2010 Playing Field Lighting Program.
- (c) That Council endorse the lodging of development for playing field lights at Meadowbank Park netball courts, Pidding Park and Blenheim Park radio car circuit, as outlined in the above report.
- (d) That a further report be submitted to Council on Pidding Park, proposed sports lighting once the NSW grant funding is determined."

Report

Status of existing sports lighting projects

The three projects discussed in the report to Council in October 2009 have all successfully been granted Development Approval. The current status of these projects for the 2010/2011 financial year is listed on the following page:

| Location | Sporting Group | Status | Next Step | Construction date | Cost to Council |
|------------------------|--|--|---------------------------------------|-------------------|--------------------|
| Meadow bank Park | Eastwood Ryde Netball Association (ERNA) | Construction Certificate, Tender documentation being prepared | Invite tenders for construction | February 2011 | \$132,000 |
| Pidding Park | Ryde Saints United FC | Construction Certificate, Tender documentation being prepared | Subject to Council resolution | ТВА | \$51,000 |
| Blenheim Park | Sydney Radio Controlled Car Club | Construction Certificate, Tender documentation being prepared | Invite quotations | February 2011 | \$15,000 |

Ryde Saints United Football Club (RSUFC) has indicated that they could not meet the 40% contribution and could contribute a maximum of \$25,000, making the project at Pidding Park subject to successfully obtaining grant funding. RSUFC applied unsuccessfully for a NSW State Government Grant under the *Community Building Partnership Program*. Following this, Council successfully applied under the NSW State Government *Sport and Recreation Facility Grant Program* and secured \$35,000 for new sports lighting at Pidding Park. Consistent with the direction indicated in the report to Council of 13 October 2009, "if the grants are favourably determined, the grant funds would equally offset the quantum of Council's and the sporting group's contribution". Consequently the estimated cost to light Pidding Park has been reduced from \$120,000 to \$85,000. Based on the agreed 60:40 Council to sporting group funding split, the required contribution from RSUFC is \$34,000, \$9,000 more than the amount the club has indicated that they can contribute.

Proposed Projects

An Expression of Interest process was conducted in March/April this year and a number of organisations responded to this opportunity.

Magdala Park

North Ryde Soccer Club Inc (NRSC) was granted Development Approval for the installation of sports lighting at Magdala Park in 2005 with the project to be fully funded by the club. As the project was to be fully funded by NRSC, the scope of the project and cost estimates were not prepared by Council or provided to Council. To date one lighting pole with 4 lights has been installed and while the DA is over 5 years ago, as the works have commenced the approval remains valid.

NRSC returned an expression of interest for the completion of the remainder of the approved installation at Magdala. Both fields at Magdala Park have drainage and irrigation installed and are considered to be in a good condition to withstand additional usage from the full lighting of the facility. The facility also has an amenities block with access to storage which is a factor in the use of training facilities.

As it has been determined that a valid DA exists, it will be recommended that this project is endorsed by Council and that the project is progressed in conjunction with NRSC subject to the available funding in the 2010/11 budget based on the 60:40 Council to sporting group funding model as agreed in the Councillor workshops and discussed in the report of 13 October 2009. Once the project is scoped and costed, it will be apparent if this can be funded in the current financial year or will have to wait until the availability of additional funding from the 2011/12 budget from July 2011.

Marsfield Park

Hillview Junior Rugby Club returned an expression of interest for the upgrade of the existing lighting at Marsfield Park to the standard required for night time competition. In the report of 13 October 2009, Marsfield Park is identified as complying with the required standard for amateur level training and warrants no further action. Once Council determines that they have exhausted the available opportunities to install new or upgrade non-compliant sports lighting, then such a project to upgrade compliant fields to become competition fields will provide greater value to the community. At the present time it is recommended that Council does not contribute funding toward this project.

Waterloo Park

An expression of interest was received from Macquarie Dragons Soccer Club, NSW Flying Disc and Macquarie Saints Baseball Club to install sports lighting at Waterloo Park. The collaboration of users from different sports working together for the benefit of all is encouraging and makes it easier for them to meet the required financial contribution. The project will light a currently unlit facility, maximising the benefit across the city in terms of optimising the use of existing facilities and thereby taking some of the strain off other floodlit sportsgrounds. To date Waterloo has been used largely used on weekends in the winter season and for weekend baseball and summer soccer in the summer season. The field has irrigation installed and copes well with the current level of use. The impact of increased use of the playing surface is largely untested, especially during the winter season when there is no growth. It is anticipated that with the installation of lights it would be prudent to monitor closely the field condition and consider a field upgrade (re-levelling and drainage) within the next 4 years to better withstand with increased usage. Waterloo Park also has an amenities block with storage capability to accommodate training equipment.

Bill Mitchell Park

Gladesville Ravens Sports Club has confirmed their interest in installing floodlit facilities in the Gladesville area. The club proactively surveyed their members, the results of which expressed their member's preference for Bill Mitchell Park followed by Morrison Bay Park. Bill Mitchell was identified in the report to Council of 13 October 2010, indicating that the park should be considered for lighting but with a low priority mainly due to the proximity of local residents.

No irrigation or drainage is installed at Bill Mitchell and while the ground copes with the current level of use (predominantly weekends only) it is likely that the field would need to be upgraded before it could withstand additional usage. A new toilet block was recently completed at the park however there is only a minimal amount of available storage on site.

Bremner Park

Putney Rangers Football Club has confirmed their interest in the lighting of Bremner Park. Bremner was identified in the report to Council of 13 October 2009, indicating that the park should be considered for lighting but with a low priority mainly due to the proximity of local residents. To date Bremner has been largely used on weekends in the winter season and for weekend and midweek cricket in the summer season. The field has irrigation installed and copes well with the current level of use. The impact of increased use of the playing surface is largely untested, especially during the winter season when there is limited growth. It is anticipated that with the installation of lights it would be prudent to monitor closely the field condition and consider a field upgrade (re-levelling and drainage) within the next 4 years to better withstand with increased usage. Bremner Park also has an amenities block with storage capability to accommodate training equipment.

Morrison Bay Park

While Morrison Bay Park has not been ranked as their first preference by any of the EOI respondents, the report to Council of 13 October 2009 indicated that the facility should be considered for lighting and ranked this as a medium level priority. The facility has 6 playing fields (4 senior and 2 junior). Discussions held with Gladesville Ravens Sports Club and Putney Rangers Football Club have touched on the benefits of a combined proposal to light multiple fields at Morrison Bay Park over the individual proposals for Bill Mitchell and Bremner Parks. While detailed costings would need to be confirmed, it is likely that the level of infrastructure required at Morrison Bay would be significantly less than that required at Bill Mitchell and Bremner collectively and therefore would represent better value for money for Council and the sporting groups concerned. The potential for a collaborative project to light Morrison Bay Park should be explored more fully with Gladesville Ravens, Putney Rangers as well as providing opportunity for other users of Morrison Bay Park to contribute and benefit from the project.

Tenure at grounds with upgraded sports lighting as a result of contributions by user groups

In all discussions to date, user groups have raised the question of what guarantee of tenure they have at facilities toward which they have contributed as well as the possibility of an increased subsidy in recognition of the group's contribution. It is proposed that this matter is included as part of the Best Value Review of Sportsground Allocations and Maintenance.

Consultation

Internal Council business units consulted included:-

- Open Space
- Parks Assets
- Parks Maintenance

Internal Workshops held:-

• A number of Councillor Workshops were held in 2009 on sports lighting priorities across the city.

City of Ryde Advisory Committees consulted included:-

• The Sport and Recreation Advisory Committee have been consulted throughout the process to date.

External public consultation included:-

• An extensive community consultation process was conducted regarding sports lighting in 2009.

Critical Dates

Ideally the installation of lights at Pidding Park will be completed to allow use during the 2011 winter season from April 2011 onwards.

Financial Impact

The projects at Meadowbank, Pidding and Blenheim Parks are provided for in the 2010/11 budget.

| Current Allocation | YTD Spent & Committed | Budget Remaining |
|---------------------------|-----------------------|------------------|
| \$256,000 | \$102,000 | \$154,000 |

The ongoing cost of maintaining these projects will be included in future operational budgets. Operational costs (electricity usage) are met via the fees and charges levied for the use of floodlighting specific to each facility.

Policy Implications

The recommendation is consistent with all relevant Plans of Management and with the previous direction of Council in previous reports and workshops regarding sports lighting.

Other Options

Council can opt:

- not to endorse the installation of sports lighting at Pidding Park;
- the upgrading of sports lighting at Magdala Park;
- to pursue the upgrade of the compliant sports lighting at Marsfield Park to competition standard;
- not to endorse the lodging of development application for sports lighting project at Waterloo Park with the relevant sporting groups;
- not to investigate further the possibility of sports lighting at Morrison Bay Park

Conclusion

Council has allocated a total of \$256,000 in the current budget. There are sufficient funds allocated in the 2010/11 budget to fund the approved sports lighting projects at Meadowbank Park Netball Courts, Blenheim Park Radio Controlled Car Track and Pidding Park.

The approved development at **Pidding Park** has successfully obtained grant funding reducing the overall estimated project cost to \$85,000. Based on the agreed 60/40 funding split, this will require a contribution of \$35,000 from Ryde Saints United Football Club, however, they have indicated that their maximum contribution is \$25,000.

In order for the project to proceed, RSUFC in partnership with Council can seek contributions from other stakeholders. Consistent with Council's direction to date, this report will recommend compliance with the 60/40 Council to sporting group funding split.

It has recently been confirmed that North Ryde Soccer Club's approved development to install lighting at **Magdala Park** remains valid. This project should be progressed subject to the agreed 60/40 funding split between Council and sports users. The project will extend the current lighting across the entire facility thereby optimising the use of existing facilities and enabling some of the strain to be taken off other floodlit sportsgrounds. The full cost of the project at Magdala Park is not yet known, however, it is likely that it will require additional funding from the 2011/12 budget to for full completion. The remaining funding in the 2010/11 budget (estimated at \$58,000) will be allocated to progress the project at Magdala Park where viable.

Consistent with the previously agreed direction of Council, the upgrading of the existing compliant sports lighting at **Marsfield Park** to meet competition standards is not considered a priority at this time.

The collaborative proposal to install sports lighting at **Waterloo Park** is a good example of users from different sports working together for their mutual benefit. The project would light a currently unlit facility, maximising the benefit across the city and optimising the use of existing facilities, thereby taking some of the strain off other floodlit sportsgrounds.

The possibility of installing sports lighting at **Morrison Bay Park** has been identified by Council as a higher priority than potential projects at **Bill Mitchell** and **Bremner** Parks. Sports lighting should still be considered at all of these facilities, however, the Morrison Bay Park project should be explored with all potential users prior to pursuing sports lighting at the other two parks.

ITEM 7 (continued) ATTACHMENT 1 11 PLAYING FIELD LIGHTING PROGRAM 2009/2010 - Proposed Projects

| Report prepared by: | Manager Catchments & Assets | |
|---------------------|-----------------------------|---------------------------------|
| Report dated: | 1/10/2009 | File No.: GRP/09/3/7 - BP09/781 |

Report Summary

To provide Council with details of the projects proposed for implementation under the 2009/2010 Playing Field Lighting Upgrade Program.

Background

The results of an audit of playing field lighting within the City of Ryde and the costs of upgrading to Australian Standards were reported to Council on 10 February 2009 (Meeting No 01/09). At that meeting Council resolved:

- (a) That the report of the Landscape Assets Consultant and Recreation Coordinator, dated 3 February 2009 concerning Lighting at Local Sports Fields – Audit and Upgrading Cost, be received and noted;
- (b) That the audit report, lighting plans, upgrading cost and usage matrix and this report be placed on public exhibition seeking stakeholder and resident comments;
- (c) That a further report be submitted to the Committee of the Whole following stakeholder and resident comments on the audit report and lighting plan;
- (d) That this matter be referred to the Sports Council for comment.

In accordance with this resolution, an extensive community consultation process was undertaken, including with the Sports Council. The period of consultation commenced on 6 April 2009 and concluded on 11 May 2009. At the conclusion of the consultation period, a total of 1,013 submissions, which includes signed petitions, were received. Of the submissions received, 859 were received from sporting groups and organisations, with the remainder from residents.

A summary of the submissions was provided to Councillors on 22 May 2009 via the Councillor Information Bulletin (CIB), and a series of workshop sessions held with Councillors to further develop the playing field lighting program.

The following report summarises the outcomes of these workshops, and the more detailed consultation and design development phase undertaken with those sporting groups that expressed a willingness to contribute towards the costs of providing playing field lighting.

Report

Following the completion of community consultation on the results of the playing field lighting audit, two workshop sessions were held with Councillors, the first on 26 May 2009 and the second on 16 June 2009, the purpose of which was to analyse the results of the audit and the submissions received, and further develop the playing field lighting program.

At the two (2) workshops, the Council agreed:

- 1. Not to proceed with the installation of playing field lighting at the following parks for reasons contained in Council's Report dated 10 February 2009 :
 - Darvall Park
 - Dunbar Park
 - Fontenoy Park
 - Gannan Park
 - Peel Park
- 2. The existing playing field lighting at the following parks conform with Australian Standards, and warrant no further action:
 - ELS Hall Park Field 2
 - ELS Hall Park Field 3
 - Marsfield Park Field 1
 - Marsfield Park Field 2
 - Monash Park.
- 3. Council also indicated that the following parks would be considered for sports lighting, but with the following priority:
 - Bremner Park (low)
 - Bill Mitchell Park (low)
 - Morrison Bay Park (medium)
 - Pioneer Park (low).
- 4. The following principles be adopted for staff to draft a prioritised playing field lighting program for Council's consideration (see draft Priority List which is forwarded to Councillors UNDER SEPARATE COVER).
 - Funds are to be distributed across a range of sporting categories (not all the same sport type);
 - Preference is to be given to sporting groups that contribute towards the estimated cost of the works based on a 60:40 Council to sporting group funding ratio;
 - Preference is to be given to sporting groups that jointly seek sports grant funding assistance with Council; and
 - The rate of winter sport participation (players per season), as this is when daylight is shortest.

ATTACHMENT 1

- 5. Commence negotiations and develop concept designs with the two (2) sporting groups which indicated, during the formal consultation period, a willingness to contribute to the costs of providing playing field lighting, these being:
 - Eastwood Ryde Netball Association (ERNA); and
 - Ryde Saints United.

As a result, staff have undertaken further consultation and design development with these sporting groups to develop an agreed playing field lighting design, and better capture likely capital costs. Note Council's Management Plan 2009-2013 provides an allocation of \$200,000 this financial year for Playing Field Lighting, and \$400,000 per annum of the remaining three years.

Following initial scoping meetings with the two sporting groups, Sylvania Lighting Pty. Ltd. were engaged by Council to develop a playing field lighting design for Meadowbank Park netball courts (zone 3) and Pidding Park. These designs are provided UNDER SEPARATE COVER.

Council has now received written funding proposals from ERNA and Ryde Saints United on the basis of these playing field lighting designs (also CIRCULATED UNDER SEPARATE COVER). Council has also received a submission from the Sydney Radio Control Off Road Car Club requesting the provision of flood lighting at Blenheim Park (CIRCULATED UNDER SEPARATE COVER). The Club has also indicated its willingness to contribute up to 40% of the estimated capital cost.

Table 1 below summarises the projects proposed for implementation in 2009/10, the estimated cost of each project, the estimated Council and sporting group contribution, based on the written proposals received from the three (3) sporting groups.

| Park Name | Sporting Group | Estimated Cost | Estimated Council Contribution based on 60%. | Requested Sporting Group Contribution |
|---|---|-------------------|--|---|
| Meadowbank Park Netball Courts (Zone 3) | Eastwood Ryde Netball Association | \$200,000 | \$120,000 | 40% but not more than \$80,000 |
| Pidding Park | Ryde Saints United | \$120,000 | \$72,000 | \$25,000 (*) (ie 21%) |
| Blenheim Park | Sydney Radio Control Off Road | \$8,400 | \$5,040 | \$3,360 |
| Estimated Totals | | \$328,400 | \$197,040 | \$131,360 |

(*) There would be a shortfall of \$23,000 and would require success in the NSW Grant Funding proposed to fully fund the project.

It should be noted that playing field lighting proposals for Meadowbank Park and Pidding Park are both currently the subject of sports grant applications, which are not likely to be determined before November / December 2009. If these grants are

favourably determined, the grant funds would equally offset the quantum of Council's and the sporting groups' contribution as noted above.

Subject to Council endorsing the above-mentioned projects for implementation, the next steps forward include the preparation of statements of environmental effects and the lodging of individual development applications.

Critical Dates

The projects proposed for 2009/2010 are able to be completed before the commencement of the next winter sports season (March / April 2010), subject to development applications.

Management Plan Budget / Linkages

This project is listed on page No. A-12 of the Management Plan 2009-2013.

Relationship to Key Outcome Areas

This project meets the following **key outcomes** for People (set out on page 46 of the Management Plan 2008-2012):

- P1 A vibrant city that is economically strong and engages its community through cutltural and social activities.
- P2 A city that plans for people by involving them in decision making to improve their quality of life.

This project will promote physical activity and enhance the safety of users of floodlit facilities in the City of Ryde.

<u>Assets</u>

This project meets the following **key outcomes** for Assets (set out on page 56 of the Management Plan 2008-2012):

A2 Well designed places and spaces that minimise personal harm and where people interact with each other.

ATTACHMENT 1

This project will enable Council to effectively monitor and manage its sports lighting assets, to meet existing compliance standards and improve the long term sustainability of sportsgrounds.

Environment

This project meets the following **key outcomes** for Environment (set out on page 67 of the Management Plan 2008-2012):

E6 Sustainable practices in buildings, waste management, transport, energy systems and water use.

The project will enable Council to improve energy efficiency and minimise environmental impacts. Increased lighting levels will however increase electricity usage.

Governance

This project meets the following **key outcomes** for Governance (set out on page 75 of the Management Plan 2008-2012):

- G3 Review of best practice approaches on Governance to enhance the delivery of services to the community.
- G5 Compliance with all legislative requirements and statutory obligations.

Community and stakeholder comment on the audit and lighting plans will improve transparency and help refine future implementations plans for spots lighting.

Financial Impact

Council's Management Plan 2009-2013 contains an allocation of \$200,000 in the 2009/10 Parks Capital Works Program for the upgrading of playing field lights. The estimated cost to Council to implement the above-mentioned program is \$197,040.

Policy Implications

Not applicable.

Other Options

Council may consider the following alternative options:

Option 1: Not proceed with any of the proposed projects. Option 2: Proceed with only some of the proposed projects. Option 3: Develop alternative projects for consideration.

However, as the proposed projects fall within the allocated budget and meet the prioritisation principles outlined in the Councillor workshops, (i.e. willing to contribute funds, have applied for sports grants with Council and represent a good mix of sporting types), it is considered the current proposal to implement the three identified projects is the best option for the City of Ryde.

ATTACHMENT 1

Conclusion

In keeping with the outcomes of the Councillor workshops on the prioritisation of Council's Playing Field Lighting Upgrade program, three projects have been identified, designs developed and contributory funding negotiated.

These projects are now proposed for implementation this financial year, subject to Council endorsement.

RECOMMENDATION:

- (a) That the report of the Manager Catchments & Assets, dated 1/10/2009 on PLAYING FIELD LIGHTING PROGRAM 2009/2010 - Proposed Projects, be received and noted.
- (b) That Council approve the upgrading of sports lighting at Meadowbank netball courts and Blenheim Park radio car circuit as part of the 2009/2010 Playing Field Lighting Program.
- (c) That Council endorse the lodging of development for playing field lights at Meadowbank Park netball courts, Pidding Park and Blenheim Park radio car circuit, as outlined in the above report.
- (d) That a further report be submitted to Council on Pidding Park, proposed sports lighting once the NSW grant funding is determined.

Background

Council often receives requests for waivers of fees for community events in Parks. These are considered on a case by case basis. Background on each event is provided below.

Report

Council has received written requests from the following organisations for the waiver of fees for events in Parks:

Macquarie Anglican Churches has applied on the basis of an identical event to previous years at Yamble Reserve, Ryde. This will involve performances of carols, a sausage sizzle, selling of water and soft drinks, plus the hanging of a banner on the fence of the park for the 7 days leading up to the event. Consistent with previous years, the organisers has also requested the supply of four (4) additional garbage bins for the event and has requested Council's consideration to the waiving of all hire and waste fees as in previous years. The event has been popular with the community in previous years and Macquarie Anglican Churches has a demonstrated history of compliant and responsible use of Council's facility. Associated costs are outlined in the Financial Impact section.

Macquarie Anglican Churches have used Yamble Reserve every year since 2004 for their annual "Carols in the Park" event. Council has, for all years, waived all hire fees associated with the event.

North Ryde Christian Church, formerly North Ryde Gospel Hall, has proposed an identical event to previous years with carols and drama performances plus lolly bag giveaways at Pindari Park, North Ryde. The event will be advertised to local residents within a kilometre via a letter box drop. North Ryde Christian Church has requested Council's consideration to the waiving of all hire fees as in previous years. The event has been popular with the community and North Ryde Christian Church has a demonstrated history of compliant and responsible use of Council's facility. Associated costs are outlined in the Financial Impact section.

North Ryde Christian Church detail that they have used Pindari Park, which is adjacent to the Gospel Hall in Pindari St, North Ryde for this annual event, since 1975. They have once again applied for the use of Pindari Park on 21 December and have requested Council's consideration to the waiving of all hire fees as in previous years. The event has been popular with the community in previous years and North Ryde Christian Church has a demonstrated history of compliant and responsible use of Council's facility.

Consultation

Internal Council business units consulted included:-

 Council's Waste section has confirmed their ability to provide additional garbage bins for Macquarie Anglican Churches at Yamble Reserve. Relevant Council units will be informed of all events (Public Works, Enforcement, Environmental Health).

Internal Workshops held:-

Not applicable

City of Ryde Advisory Committees consulted included:-

• Not applicable

External public consultation included:-

• The organisers will be required to letter box drop local residences the week before to ensure they are notified of the respective events.

Comments

The events as proposed are inclusive, family orientated community activities which are consistent with many of Council's key outcome areas.

Critical Dates

The following deadlines are required to be met:

• The events are planned for 19 and 22 December 2010 and adequate notice would be required to assist with planning and preparation.

Financial Impact

Fees associated with the hire of Yamble Reserve by Macquarie Anglican Churches event as per the 2010-2014 Management Plan is:

- Not-for-Profit/Community based event > 100 people per day (COR organisation) \$220.00.
- Refundable Bond \$250.00 minimum (recommend \$500.00 based on scale of event and anticipated attendance of 500 people).
- Additional Garbage Bins (x 4 + delivery) \$115.00
- Total \$335.00 in hire fees plus refundable bond.

Fees associated with the hire of Pindari Park by North Ryde Christian Church event as per the 2010-2014 Management Plan is:

- Not-for-Profit/Community based event > 100 people per day (COR organisation) \$220.00.
- Refundable Bond \$250.00 minimum (recommend \$500.00 based on scale of event and anticipated attendance of 400 people).
- Total \$220.00 in hire fees plus refundable bond.

The total fees foregone with the waiver of fees for both events is \$555.00. Groups will be required to provide the refundable bonds applicable to each event.

Policy Implications

The waiver of fees is outside the adopted schedule of fees and charges. To date, in 2010 a total of five fee waivers for park hire have been granted by Council resulting in the foregoing of a total of \$1,157.00 in income.

Other Options

Council could permit the event(s) to take place with the application of the standard fees.

Conclusion

The use of Council Parks for community not for profit based events provides valuable benefits to the City of Ryde community. These events have been supported in the past, meet a number of Council's key outcome areas and therefore it is recommended that all hire fees be waived in this instance.

9 CITY OF RYDE CENTRE - FIT-OUT - Status Update and Fit-Out Contract

| Report prepared by: | Project Manager, Ryde | Town Centre |
|---------------------|-----------------------|-------------------------------------|
| Report dated: | 10/11/2010 | File No.: GRP/10/1/001/6 - BP10/678 |

Report Summary

This report is to advise Council of the outcomes of the Request for Tender 09/10 for the fitout of the Ground and Level 1 of the City of Ryde Centre and of the quotation for the shelving for the Library. It recommends acceptance of the tender from Quatram Building Services Pty Ltd with Glasgowhart Pty Ltd and of the shelving quotation from Raeco.

RECOMMENDATION:

- (a) That the tender from for Quatram Building Services Pty Ltd with Glasgowhart Pty Ltd at \$1,317,422 for the provision of the fit-out of the City of Ryde Centre be accepted.
- (b) That the quotation from Raeco at \$446,253 for the provision of the specialised Library shelving be accepted.
- (c) That Council delegates authority to the General Manager the authority to appoint the tenderer and finalise the development and fitout of the City of Ryde Centre.

Dominic Johnson Group Manager Environment & Planning

Background

In the Committee of the Whole meeting No.3/10 of 2 March 2010, Council considered the report (BP10/78) prepared by the Group Manager Environment and Planning dated 19/2/10, and resolved inter alia,

- 1. That Council delegates to the General Manager the authority to expend up to \$4.5 million to fit-out the CoR as above utilising \$3.0 million in funds from the Civic Centre reserve account and \$1.5 million in funds from the Capital Works Allocation for 2010/11.
- 2. That Council delegates to the General Manager the authority to vary the Scope of the current "warm shell" fit-out with Defined Developments to achieve the above

Report

CORC Tender

On 5 October, 2010 the City of Ryde invited tenders from suitably qualified contractors who could demonstrate proven experience with similar fitout projects. The tender excluded equipment to be procured directly by City of Ryde. The tenderers were provided with information about the design and services of the City of Ryde "warm shell" provided to Council by the Developer; detailed design drawings, furniture, fittings and finishes schedules for the Library, a concept design of the Ground Floor with a brief explaining its functionality and advisory copies of retail design guidelines used in the development of the Top Ryde shopping centre.

Tenderers were required to attend a compulsory site meeting on 12 October, 2010 during which the use of the intended design of the premises was further explained and questions answered by Council's Project Manager and Architect. Tenderers were strongly advised to procure the services of a specialist retail designer in order to fulfil the requirements of the Ground Floor design specification.

At the close of tender ten (10) submissions were received including one from a company that did not attend the compulsory site meeting. The tendering companies were, in alphabetical order:

- AMFM Constructions
- Contract Control Services Pty Ltd with MIM Design Pty
- Deskon Projects Pty Ltd
- D.G.Sundin & Co. Pty Ltd
- Elite Commercial Solutions Pty Ltd with Mode Design
- Interco
- Growthbuilt with Saunders Retail Pty Ltd
- Perle with Caldis Cook Group
- Quatram Building Services Pty Ltd with Glasgowhart Pty Ltd
- The Archway House Group

The Tender Evaluation Panel comprised three (3) Council officers. The Panel assessed all tenders against the following evaluation criteria, which was stated in the tender documents:

- Conforming tender ALL returnable schedules must be filled in and returned
- Proven experience and capacity schedules 2, 4, 6, 7, and 10
- Fixed price lump sum and tender departures schedules 3 and 12
- Project Program schedule 13
- Project Team Members schedule 8

Given the detailed nature of the pricing of the tendered work, the Tender Evaluation Panel referred the most competitive confirming submissions to Council's appointed Quantity Surveyor for further review and detailed pricing analysis.

A copy of the Tender Evaluation Report, including the Quantity Surveyor's Report, is provided **ON FILE** – **CONFIDENTIAL** – **ATTACHMENT 2** and circulated to Council **UNDER SEPARATE COVER**. Pursuant to Section 10A (2) (d) of the Local Government Act 1993, this document is listed as **CONFIDENTIAL** as it contains commercial information of a confidential nature that would, if disclosed, prejudice the commercial position of the persons who supplied it. Furthermore, it is considered that discussion in an open meeting would, on balance, be contrary to the public interest as it could affect Council's ability to secure the preferred tenderers.

The Tender Evaluation Committee evaluated the tender submitted by Quatram Building Services Pty Ltd with Glasgowhart Pty Ltd as the best value submission when compared against the evaluation criteria. This tender, at \$1,317,422, is considered to provide the most advantageous result for the City of Ryde.

Library Shelving System

In order to achieve a successful outcome to the design of the Library the new shelving system has had to be designed in detail. This design work has called for a full analysis of the media types and volumes to be stored, and the flexibility required to cater for the future challenges of change the Library will face. The degree of detail required to be resolved has had to become product specific and has involved very close liaison between Raeco, the Library's shelving supplier, Council's Library staff, Council's consulting Architect and the Project Manager. The design solution for the shelving system having of necessity become product specific could not be tendered and the provision of the shelving system and the joinery work enclosing it was excluded from tender RFT 09/10. Raeco has submitted a quotation of \$446,253 for this system.

A copy of the Quotation is provided **ON FILE** – **CONFIDENTIAL** – **ATTACHMENT 3** and circulated to Council **UNDER SEPARATE COVER**. Pursuant to Section 10A (2) (d) of the Local Government Act 1993, this document is listed as **CONFIDENTIAL** as it contains commercial information of a confidential nature that would, if disclosed, prejudice the commercial position of the persons who supplied it. Furthermore, it is considered that discussion in an open meeting would, on balance, be contrary to the public interest as it could affect Council's ability to secure the preferred provider.

- Appointment of tenderer by 1st December
- Completion of tendered works, 14 March 2011.
- Procurement of the Library shelving system 26th November
- Installation of Library shelving system, 21 March 2011.

Financial Impact

This project proposal is provided for in the current Management Plan 2010-2014 and is included in the Capital Works Program with a budget allocation oif \$4.2 million for financial year 2010/11.

The on-going cost of maintaining the premises has been allowed for in the Buildings and Properties operational budget for 2010/2011 at \$346,500 and full allowance will be made for future years.

Policy Implications

There are no policy implications through the adoption of there commendation

Other Options

NOTICES OF MOTION

1 WALKING AS A MEANS OF TRANSPORT AND EXERCISE - Councillor O'Donnell

File Number: GRP/10/5/001/6 - BP10/693

Motion:

That Ryde City Council recognises that walking is an important means of transport and exercise. Council promotes walking as a means of transport and exercise and asks the General Manager to report back to Council on the following recommendations:

- 1. Two way pedestrian traffic requires an unobstructured width of at least 1.5 m. rather than 1.2 m. and any new footpaths be built to this requirement.
- 2. RCC introduce an education program to ensure that the footpath outside properties is clear ie. reduce the problem of vegetation encroachment at its source.
- 3. Residents are requested not to park their cars on the footpath and in particular where the footpath crosses the driveway.
- 4. Residents are asked to keep the area of the driveway exit clear so that they are not reversing blindly across the driveway.
- 5. Increase Councils official footpath height clearance of 2.1 to 3.0.
- 6. Garbage bins are kept off the footpath. Where the nature strip is too narrow or non existent advise residents to put their bins in the gutter where the road is wide enough
- 7. RCC treat vegetation such as hedges the same as walls or fences i.e. classify them as an illegal construction if they grow too large that they interfere with pedestrian traffic .
- 8. In the case of footpath closures for maintenance council staff ensures a safe alternative route is available for all types of pedestrians.
