Fees for service in 2011-2012

Fees for services provided by Council are shown in the following pages in this section. Each fee that Council sets, is categorised as A, B, C, D, E, F or G. These categories denote the primary policy principle used in setting the fee as follows:

- A Statutory Fee
The fee charged is prescribed in a regulation or set by legislation.
- B Fully Subsidised
There is no fee charged for this good/service and it is fully funded by general income. Reasons for a zero cost recovery may include:
- The service is considered a Public Good and provides a broad community benefit
 - Practical restraints limit the ability to be able to charge for services on a user basis, or the revenue collection is so minor as to be outweighed by the cost of collection.
 - The desire of Council to encourage usage
- C Partially Subsidised
The fee charged is set to derive a partial contribution to the cost of providing the service - a percentage of the cost of the service is met from general income.
- D User Pays – Direct Costs
The fee charged for this good/service is set to recover the annual and/or maintenance costs. The cost of any assets used in providing the good/service is met from general income (including general purpose grants).
- E User Pays – Full Cost Recovery
The fee charged for this good/service is set to recover the full costs of its provision, including the cost of replacement of assets and the cost of fixed overheads used in the provision of the good/service.
- F User Pays – Market Prices
The fee charged for this good/service is set to generate an appropriate rate of return on the capital invested.
- G Refundable Deposit
The price charged is a fee that is refundable to the payee after a prescribed condition is met.
The initial deposit payment does not attract GST. But any full or partial forfeiture of the deposit may attract GST.

Note: The General Manager has the power to reduce or waive fees where there is justification.

DISCOUNTS AND SUBSIDIES	
Hire without the provision of specific infrastructure (goalposts, line marking etc) is subject to a 25% reduction in the applicable fee. Other subsidies can be applied for by written application to the General Manager. Applications will be considered based on - the location of the organisation - the targeting of the activity to residents of the COR - the organisation's provision of annual reports, including financial statements - the organisation's ability to address community needs outlined in Council's Management Plan or be activities assisting with emergency relief, humanitarian support, or those activities that address critical, emerging and recognised needs. Discounts and subsidies are time limited and hirers who receive a discount or subsidy may be required to acknowledge City of Ryde in publicity material.	
REDUCED FEES - CONTRIBUTIONS TOWARDS COUNCIL OWNED INFRASTRUCTURE	
Organisations who have made contributions toward Council owned sporting infrastructure from 1 July 2009, will be eligible to apply for a reduction in sportsground related fees and charges subject to the approval of the General Manager. Criteria / factors as prescribed by council will determine the level of reduction including the consideration of the level of contribution and the benefit derived by other users within the COR community as a result of the improvement.	
FLOODLIGHTING	
Floodlighting is charged at a specific hourly rate, based on the operating and maintenance costs of the infrastructure at each individual facility. These hourly rates are included within the schedule of fees and charges.	
INSURANCE - Public Liability Insurance Contribution	
Applies to any casual hirer of facilities who do not have their own insurance and are hiring a facility for no more than 10 days within a 12 month period. Use of Council's Public Liability Insurance does not extend to incorporated bodies, sporting clubs or associations of any kind.

For the COR fee to be applicable, an organisation must be named or based in a suburb within the Ryde Local Government Area and/or be able to provide documented evidence that more than 60% of their members are residents in the City of Ryde and that their total membership is significant enough to justify the exclusive use of a facility for a specified period. For the COR fee to be applicable for individuals, they must have a residential address within the City of Ryde.
