**MOTION:**

That Council write to the Member for Ryde, Mr Victor Dominello:

- (a) thanking him for his support in opposing high density development on property adjacent to Blenheim Park that Council has sought to rezone for open space;
- (b) requesting that for consistency, he publicly withdraws his support for consideration of Eastwood Park as a site for a multi-level car park;
- (c) seeking his agreement for the principle that in the City of Ryde, public open space is a vital community resource that should not be diminished by actions of government.
