
**MM4/17 EASTWOOD COMMUTER CAR PARK - The Mayor,
Councillor Bill Pickering**

File Number: CLM/17/1/1/8 - BP17/314

Council has been advised by Transport for NSW ('TfNSW') that it has concluded its investigations in respect of providing a commuter car park in Eastwood.

Council staff met with TfNSW staff on Thursday last week, 23 March 2017 and on Friday 24 March 2017, Mr Peter Church, Executive Director, Precinct and Infrastructure, TfNSW, made a request to the Acting General Manager to present to Councillors on their findings and preferred options.

It is understood that TfNSW is seeking Council's agreement in principle for TfNSW to undertake community consultation on their preferred two (2) options and to then report the results back to Council, once the community consultation phase is completed.

The Acting General Manager has organised for the Councillor briefing from TfNSW to be held at a Councillor Workshop at 5.00pm on Tuesday, 28 March 2017.

This Mayoral Minute is placed on the agenda of Council, to allow Council to consider the matter following the Councillor Workshop.

RECOMMENDATION:

This is a matter for Council.
