Integrated Planning and Reporting

The State Government Integrated Planning and Reporting (IP&R) framework describes the system of integrated business planning for local government in New South Wales (NSW).

It recognises that most communities share similar aspirations: a safe, healthy and vibrant place to live, a sustainable environment, a caring and engaged community, opportunities for employment, reliable infrastructure, etc. The difference lies in how each community responds to these needs. The framework allows Councils to navigate the challenges arising from an increasingly complex environment, with responsibilities under more than 50 different pieces of legislation and direct relationships with over 20 NSW and Commonwealth Government agencies. A detailed overview of the framework is provided on the Office of Local Government website at www.olg.nsw.gov.au

The framework allows NSW Councils to draw their various plans together, to understand how they interact and inform each other, and to get the maximum benefit from their efforts by planning holistically for the future.

The key components of the Integrated Planning and Reporting Framework as they apply to the City of Ryde are:

Key documents

10 YEAR

Community Strategic Plan

(10+ year duration, reviewed every election cycle)

- Highest level of strategic planning undertaken by a Council
- Articulates community vision and reflects aspirations
- Considers state and regional plans as they apply to the Council
- Contains, as a minimum, community vision, strategic directions and outcomes, and a means of measuring progress.

Resourcing Strategy

(Duration – 4-10 years. Review-reviewed and updated annually)

Demonstrates how work identified in the Delivery Program and Operational Plan will be resourced, as identified through:

- Long-Term Financial Plan and Asset Management Planning (reviewed and updated annually to cover a minimum 10 year period/ forecast)
- Workforce Management Planning (reviewed and updated every 4 years along with the Delivery Program).

Council, Regional and State Government Strategies

Council utilises a range of strategies and plans to guide various aspects of the services we deliver for the community.

4 YEAR (Council Term)

Community Engagement Strategy

(Duration – as required, reviewed every election cycle)

- Supports the development of all plans, policies, programs and key activities
- Must demonstrate a commitment to genuine and inclusive engagement
- Based on social justice principles.

Delivery Program

(Duration – 4 years. Annual review with 6-monthly reporting)

- Describes elected Council's commitment to deliver against the CSP over 4-year term
- Describes what can be delivered with the available resources
- Aligned with strategic directions and outcomes of the Community Strategic Plan
- Includes a four-year capital works program and allocates high-level resources within that period.

State of our City Report

(Duration – Every 4 years in line with the election cycle)

- Prepared by each outgoing Council and noted by incoming Council
- Reports to the community on effectiveness of implementation of the Community Strategic Plan.

1 YEAR (Annual Planning Cycle)

Operational Plan

(Duration – 12 months. One plan each year for the 4 years of the Delivery Program and Council term)

- Identifies annual projects and activities to deliver against DP outcomes
- Includes Council's annual budget and Statement of Revenue Policy
- Maps the actions and projects Council plans to deliver over the financial year, including the resources required to complete the annual capital works program.

Annual Report

(Prepared every year)

- Reports back to the community on the work undertaken by a Council each year to deliver on the commitments of the Delivery Program through that year's Operational Plan
- Contains a copy of the audited financial statements.

COUNCIL'S DELIVERY PROGRAM

The 2022-2026 Delivery Program details the principal activities that will be undertaken by council to perform its functions and deliver on the community's priorities outlined in the Community Strategic Plan. The Delivery Program provides an outline of how the full range of Council functions and operations will deliver the services expected by the community, as well as the many legislative responsibilities and regulatory functions that Council is required to implement.

The many separate services and activities that Council provides for residents, ratepayers, workers and visitors are delivered through 16 programs. Each program represents a collection of functions, activities and projects that have been allocated to achieve specific objectives and outcomes.

Underpinning the delivery of valued work for the community within each Program is Council's commitment to ongoing continuous improvement in the efficiency and effectiveness of service delivery. Council undertakes periodic community and customer perception surveys to provide valuable insight to the measures importance and satisfaction with key deliverables. Analysed results provide a key source of information to guide specific reviews where a need for improvement is demonstrated. Within each Operational Plan, Council will determine a particular focus for a targeted review in that year.

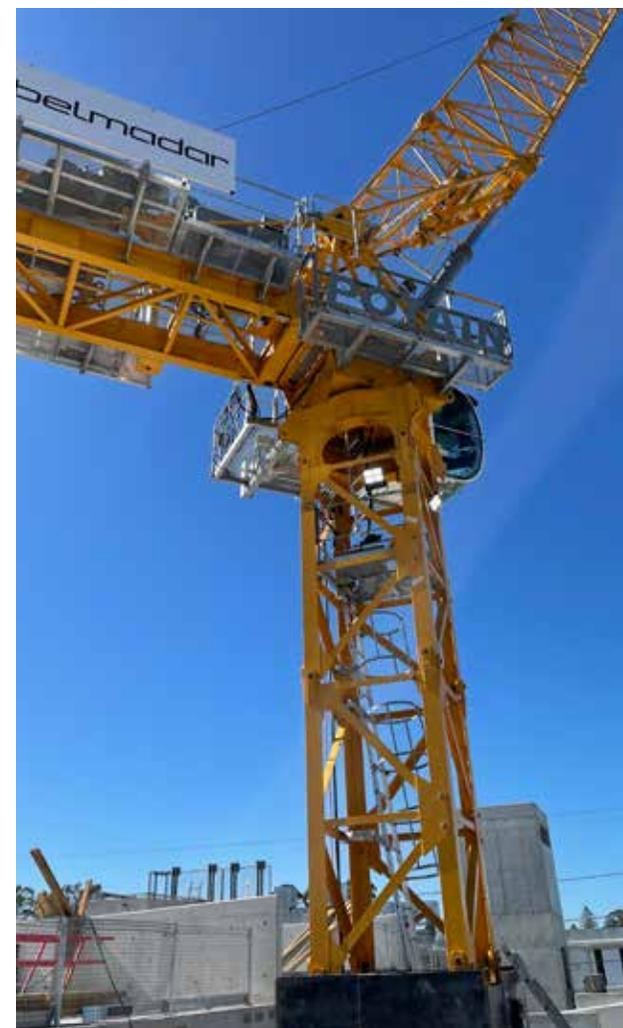

Within the business planning cycle of Council in preparing the Delivery Program and Operational Plan, Managers will review key processes and delivery methods based upon the results we are achieving, with a view to removing waste and creating value for our customers and community.

The 2023-24 update of the Delivery Program includes the strengthened focus on the future of the City of Ryde brought about in the 2022 organisational restructure approved by Council and the introduction of the City Shaping portfolio within the business.

This change brings together under the leadership of the General Manager City Shaping the key functions that work together to plan and deliver the strategic directions and strategies that will shape the future of the City of Ryde. This innovative integrated approach will strengthen the City's position within the region and on a federal and international level.

Each of the services and activities in a program are delivered by Council departments, with one or more departments responsible for delivering services and activities in any particular program. Each program also has a number of delivery indicators which are used to assess service delivery, and the effectiveness of each program in achieving its objectives.

The following table provides an overview of the 16 programs that make up the City of Ryde's Delivery Program, and the Community Strategic Plan outcome that they make a major contribution to.

Delivering Council's Services: The Council Organisation

The City of Ryde is responsible for strategy, planning, policy, regulation, and service delivery for the local government area. During 2022-2026 Council will deliver a half-billion dollar program of investment in infrastructure and services, with a focus on delivering new infrastructure and maintaining the City's existing assets, as well as high quality services for residents. The Council is led by the Chief Executive Officer. Council services are delivered through 22 departments that support the CEO, reporting through two General Managers.

Delivery Partners

Council works with a broad range of partners to deliver programs and services for the community. These include:

- The State Government, where Council receives grants for delivery of infrastructure and programs like the Local Government Road Safety Program
- Regional Councils, where Council is collaborating other neighbouring councils to deliver initiatives that have regional benefits like the Parramatta River Master Plan, and regional waste disposal and recycling facilities
- Community based organisations and not for profits, where Council works with local community service providers and community groups and organisations to deliver wide ranging programs and initiatives for the community
- Contractors and suppliers, where Council contracts with a broad range of suppliers to deliver Council services on behalf of the community such as waste collection and disposal services, bush regeneration work, and construction and repair of local infrastructure.

Council governance and leadership

The City of Ryde exists as a body politic under the *NSW Local Government Act 1993*. Together, the Councillors, as 'Council', form the governing body of the City of Ryde, a public statutory body constituted under the *NSW Local Government Act 1993*.

The elected Council of the City of Ryde consists of 12 Councillors, being the Mayor and 11 Councillors, and must act in accordance with the *Local Government Act 1993* and the associated State and Federal legislation. The current Council was elected on 5 December 2021. The Councillors currently elect the Mayor every two years. This will change at the next Council election, where the Mayor will be directly elected by the community.

The elected Council weighs up the issues facing our growing City and ensures that ratepayers' money is allocated to priority areas and spent in the most effective way. This means balancing the needs of the community against the needs of individuals and taking into account the long- and short-term implications of decisions, make the policies and decisions that drive and shape the direction and achievement of the City's vision into the future. The community normally elects Councillors for a four-year term, but due to the Council elections being delayed because of the COVID-19 pandemic, the next Council elections are currently scheduled for 2024.

Day-to-day operations are delegated to the Chief Executive Officer who is responsible for administration of the Council and Council organisation. Corporate performance is monitored through reports to Council and the community. Council is required to report on the financial performance every three months and on the progress in delivering Council's Delivery Program every six months. Council is also required to deliver an Annual Report to the Community every year, detailing Council's progress in implementing the Delivery Program and Operational Plan and other information prescribed by the Local Government Act and Regulation.

2022-2026 Delivery Program

How to read this plan

The following pages provide an overview of the 16 Principal Activities (Programs) undertaken by council to perform its functions. Each program captures a unique set of activities, actions and projects that in combination, provide the core of work delivered for the community.

Strategic Direction

Lists the main council, regional or government strategies plans and policies that provide direction and guide what will be delivered within the program.

Community Outcome

Identifies the relevant Community Outcome from the Community Strategic Plan that the Program primarily contributes to.

Assessing Effectiveness

Key indicators that will be used to assess the effectiveness of program delivery and the program's contribution towards achieving Community Outcomes defined in the Community Strategic Plan

Planned Investment

Financial estimates for council's budget position for the 4-year period of the Delivery Program. Detailed breakdowns of the program budget are provided in Council's Annual Operational Plan.

Delivery Indicators

These are used to confirm delivery, and the effectiveness of each program in achieving its objectives.

Program Name

A unique identifier describing the cluster of products/services that will be delivered.

Program Description

Provides an overview of what will be delivered through the program and why.

Key Statistics

Key facts and figures providing an indication of the scale and scope of service delivery through this program or factors the Program is responding to

Operational Delivery

The "business as usual" functions and activities in a program that are delivered by council departments.

Ongoing Capital Programs

The capital programs that council uses to construct, upgrade, repair and maintain the assets and infrastructure that are relevant for the program.

CITY OF RYDE | 2022-2026 Delivery Program

City Sports and Recreation

Sharing your thoughts

We recognise that engaging with our community to understand our shared hopes and aspirations is central to everything we do. The Four Year Delivery Program and One Year Operational Plan has been developed to encapsulate what we will do together over the next four years to ensure that our City remains a place where we continue to experience lifestyle and opportunity at our doorstep.

The Four-Year Delivery Program 2022-2026 and the One-Year Operational Plan 2022/23 will be on public exhibition at the Ryde Customer Service Centre (Pope Street, Ryde), branch libraries and on the City of Ryde's web site for a period of 28 days during May 2022.

To make sure that this document is more than just words on a page we need to hear from all parts of our community. If you have any comments on this document or on our plans please share them with us through any of the avenues listed.

Feedback received during the exhibition period will be considered by Council prior to the Plan being adopted.

Submissions on the Four Year Delivery Program and the Operational Plan are encouraged from residents in the City of Ryde at all times, and can be made using the following methods:

Special Infrastructure Renewal Rate

The Special Infrastructure Renewal Rate will generate \$14.22 million during 2023/24 from all rateable properties in the City of Ryde.

The Special Infrastructure Renewal Rate funds will be used to undertake asset infrastructure renewal works and asset maintenance throughout the City of Ryde.

Income received from the Special Infrastructure Renewal Rate will be restricted to a separate reserve where the relevant infrastructure works will be funded from. Any unspent funds will remain in the reserve at the end of each financial year.

The following table shows the projects for which these funds have been committed over the period of the 4 Year Delivery Program.

Asset Replacement Reserve

Council funds the replacement of assets through a combination of General Revenue and the use of additional funding, restricted in the Asset Replacement Reserves. The funds allocated to this reserve are to ensure the Council maintains its asset renewal service levels in addition to the Infrastructure Special Rate.

Whilst there is no legislative requirement for this reserve to be maintained, it is prudent to ensure asset renewal service levels are being maintained.

The following tables show the classes of projects for which these funds have been committed over the period of the Delivery Plan:
