

# DRAFT 2023 - 2024 FEES AND CHARGES

# **Fees and Charges for Goods and Services**

In accordance with Section 608 of the Local Government Act, 1993 and other relevant legislation, Council levies a range of fees and charges as contained within this document.

The general intention of the fees and charges is to cover the following contingencies:

- Supply of a product, service, or commodity.
- Giving of information
- Providing a service in connection with the Council's regulatory functions, including receiving an application for approval, granting an approval, making an inspection and issuing a certificate.
- Allowing admission to any building or enclosure.

Council has given due consideration to the following factors in determining the appropriate price for each fee

- the cost of providing the service
- whether the goods or service are supplied under a commercial basis
- the capacity of the user to pay
- the impact of the activity on public amenity
- competitive market prices
- prices prescribed by legislation.

**Council reviews all Fees and Charges on an annual basis in line with the corresponding Operating Budget.**

**Any changes to Fees and Charges as a result of a GST ruling or legislative change will be amended as an administrative adjustment. All other changes will be reported in accordance with Local Government Act and Regulations.**

All fees are quoted in "GST Inclusive" terms, as this is the relevant price to the customer, however it should be recognised that within the schedule there are fees that do not attract GST.

These fees have either been specifically exempted by the GST legislation or have been included within the Division 81 determination as the Australian government has deemed that the customer does not actually receive a taxable supply in consideration for the fee.

## Fees Categories

Each fee that Council sets is categorised as L, Z, D, P, F & M. These categories denote the primary principle used in setting the fee:

Fee Category	Name	Definition
L	Legislation	The service is a regulatory or statutory service where the fee is determined in accordance with Legislation. The rate may be a specific rate or amount or within a prescribed range up to a maximum amount.
Z	Fully Subsidised	<p>There is no fee or charge for this service, but an application process may apply in accessing this service.</p> <p>Reasoning for no price may include:</p> <ul style="list-style-type: none"> <li>• Practical restraints limit the ability to charge the service for a nominated class of user.</li> <li>• Potential for revenue collection is minor and is outweighed by the cost of collection.</li> <li>• Desire of Council to encourage usage of the service.</li> </ul>
D	Refundable Deposit / Bond	<p>Refundable deposit against possible damage to Council property.</p> <p>The initial payment does not attract GST; however, any full or partial forfeiture of the deposit may attract GST.</p> <p>Council must cover administration and other costs incurred in the investment of these monies.</p> <p>The interest earned on all deposits is at the on-call rate received by Council. Interest earned on deposits will be used to offset the administration of deposits.</p> <p>Where interest earned on a deposit is not sufficient to meet the fee, the amount of the bond (less any forfeiture) will be repaid</p>
P	Partially Subsidised	The fee or charge for this good/ service is set to partially recover the costs of providing the service.
F	Full Cost	The fee or charge for this good / service is set to recover the full cost of providing the service (including overheads)
M	Market	Council cannot provide the good / service at a price that disadvantages private business as per legislation

## Reduction or waiving of fees via Council Resolution

Section 610E of the Local Government Act 1993 allows Council to waive payment of, or reduce a fee in a particular case if it is satisfied that the case falls within a category of hardship or any other category that Council has determined it may consider waiving payment, or reducing a fee.

## Domestic Animal Regulatory

All cats and dogs, other than exempt cats and dogs, must be microchipped by 12 weeks of age or before being sold or given away, whichever happens first.

All cats and dogs, other than exempt cats and dogs, must be registered by six months of age. The registration fee is a once-only payment, which covers the cat or dog for its lifetime in NSW, regardless of any changes in ownership.

Assistance animals, accredited by an animal training organisation prescribed by the Commonwealth (as defined in Commonwealth Law), must be microchipped and lifetime-registered but there is no registration fee payable.

## Development Applications

Fees for developments include the State Government planning reform service levy which is applicable for all developments with an estimated cost over \$50,000. Estimated cost of development is based on unit rates referred to in the Cordell Housing Building Cost Guide.

The planning reform service levy is calculated based on the following formula:

$$P = (E \times 0.00064) - 5$$

Where:

- P = the amount to be set aside, expressed in dollars rounded down to the nearest dollar,
- E = estimated cost of the development or infrastructure, expressed in dollars rounded up to the nearest thousand dollars.

Fees for a Concept Development application will be split into 2 stages

- Concept Development Application 60% fee applied
- Detailed Development Application 40% fee applied
