1. Scope

City of Ryde has established Permit Parking Schemes in the municipality which are required to comply with the current governing legislation, Road Transport (General) Regulation. This policy is bound by all aspects of the Permit Parking Guidelines as issued from time to time by the relevant NSW State Agency.

Attached to this policy are maps that indicate the current Permit Parking Scheme zones. Should Council resolve to make any changes to zones, the attached maps will be updated accordingly.

2. Purpose

This policy provides the framework for the implementation and management of Permit Parking Schemes in the City of Ryde. Such schemes help to improve amenity for particular classes of road users in locations where there is insufficient off-street parking and/or where on-street parking is restricted. Permit parking also helps balance the needs of the local community with those of the broader community in high demand areas.

The objectives of this policy are to:-

1. Reinstate the residential amenity by discouraging non-residents & private vehicle users to park all day in residential areas.
2. Enhance on-street parking access to residents who have limited or no off-street parking.
3. Support regional transport objectives and strategies.
4. Increase public transport usage by converting those unrestricted kerb side parking spaces in residential areas into restricted parking spaces.

3. Guidelines / Procedures

- i. Permit Parking Procedure
- ii. Introducing a Resident Parking Scheme

MAXIMUM NUMBER OF PERMITS PER HOUSEHOLD

Resident parking permits

Council will consider providing a maximum of three (3) resident parking permits per household subject to the other provisions of the Permit Parking Guidelines. The provision of resident parking permits is subject to the number of off-street parking spaces available on the property and the number of vehicles registered to that property address.

Resident's visitor parking permits

A maximum of one (1) permit per household subject to the other provisions of the Permit Parking Guidelines.

LIFE OF PERMIT

1. Resident parking permits will be renewed every two (2) years.
2. Resident's visitor permits will be renewed every 12 months.

PERMIT FEE

All relevant fees for Permits shall apply as listed in Council's latest Fees and Charges.

4. References and Legislation

Road Transport (General) Regulation 2013, Division 1 Parking permits

Road and Maritime Services Permit Parking Guidelines, 26 October 2018, Issue 4.0.

5. Endorsement and Approval

This Policy will be reviewed as required. Any changes to the zones attached to this policy will be made administratively subject to a resolution of Council.

This Policy replaces the previous Permit Parking Policy dated October 2006.

This policy was adopted by Council on 12 December 2019 and will be in effect from 01 January 2020. All previous iterations of this policy are superseded at this time.
