

# Another City of Ryde infrastructure project

For a connected and accessible city

 City of Ryde

## WORK NOTIFICATION & TRAFFIC DETOUR

### Constitution Road, Meadowbank | Footpath Connection

The City of Ryde will soon undertake work on the rock face underneath Angas Street bridge to facilitate the continuation of the footpath on Constitution Road.

This project is Stage 1 of Council's wholistic approach for the major upgrade work within the Constitution Road Corridor between Belmore Street and Meadowbank Railway Station to improve traffic capacity as well as vehicle and pedestrian safety. The work will support the predicted future traffic management requirements of Constitution Road as a primary sub-arterial access road into Meadowbank Town Centre.

#### What will the work involve?

The work involves cutting the rock face in small sections at a time to ensure it remains stable. Angas Street bridge will have temporary structural support provided to ensure its safety whilst undertaking this work.

#### Where will the work take place?

The work will occur on the rock face underneath Angas Bridge, with a temporary site compound to be set up on the southern side of the street.

#### What are the changes to traffic conditions during construction?

To facilitate the site compound, east bound traffic will be diverted during the work. Refer to enclosed **Traffic Management Plan** outlining the detour for east bound traffic on Constitution Road. In the interest of safety, Angas Street bridge will be closed to vehicles, pedestrians and cyclists the during the excavation and stabilisation works stage.

#### When will the work take place?

Work will commence from **19 FEBRUARY 2024** and is expected to be completed by **19 APRIL 2024**, weather permitting. There may see some investigation work to locate underground utilities ahead of site establishment.

The work will be carried out **Monday to Friday between 7.00am and 5.00pm and Saturday 8.00am to 4.00pm**. Every effort will be made to minimise inconvenience to residents during the construction period.

#### Where can I find more information?

Project updates will be provided on a fortnightly basis and posted to City of Ryde's website. Scan the QR code below.
