

Another City of Ryde project

For an active and healthy city

Ryde Riverwalk Extension

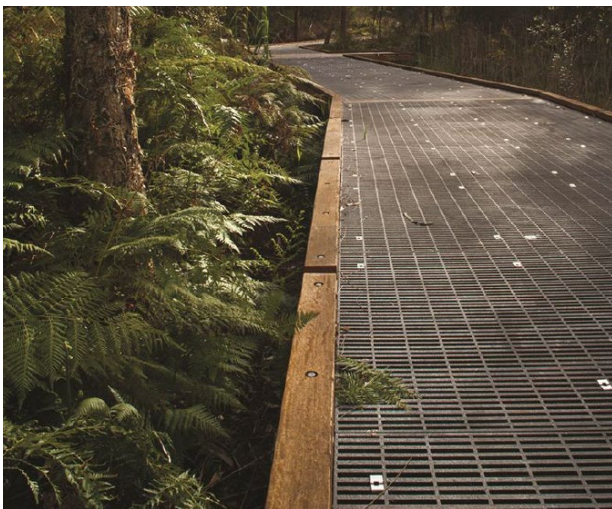

Gladesville

Dear resident

We would like to inform you of the upcoming extension of Ryde Riverwalk at Gladesville.

The City Of Ryde is committed to ensuring that all families have access to safe, accessible and high quality open spaces. As part of our Passive Parks Expansion and Improvement program in 2020/21, Council would like to inform you of the Ryde Riverwalk extension works at Gladesville. The new connection would complete the existing Ryde River walk link between Ross Street Road Reserve and Bill Mitchell Park.

The upgrade will include installation of fibre mesh path and stairs to Bill Mitchell Park, and construction of a new boat launching ramp.

Above: Concept Image

Timing of works

Start of construction

Construction is planned to start in **early September 2020**.

Completion of construction

Construction is planned to be completed in **December 2020**, weather permitting.

Changed Conditions

The nature walk section will be closed to the public during the works period. Where required, there will be traffic controls in place to assist with pedestrians access and vehicle movement around Bill Mitchell Park.

Council thanks you for your patience.
