# General Manager's Overview

This second quarterly report for the 2010/11 year provides an update on Council's budget review and performance for October to December 2010. A summary of performance in relation to the program of activities outlined in the Management Plan 2010–2014 is provided followed by detailed appendices outlining expenditure and progress on each project.

Steady progress is being made on the delivery of the 69 projects Council has planned to run over the 2010/11 year. As at the end of Quarter 2, 94% of projects outlined in the Management Plan 2010–14 have begun with 10% now completed. There are four (6%) projects yet to commence.

For more detailed progress information on our projects please refer to the following pages under the relevant outcome areas of People, Assets,

Environment and Governance or refer to the appendices at the end of this report.

This quarterly review addresses two major areas of concern impacting on our budget position: Enhancing the maintenance of the public domain in the town centres; and correction of a significant road failure in Ross Street.

As a result of the review, Council's available Working Capital is projected to decrease by \$0.49 million to approximately \$3.29 million, back to original budgeted levels for 2010/11. Our Base Budget surplus is projected to decrease by \$0.08 million, while there is a net decrease of \$0.04 million in overall project budget (Capital and Non-Capital projects). We are projecting a net decrease of \$0.45 million from reserves to a total of \$10.35 million from reserves.

The progress on our corporate performance indicators is reflecting the organisation's responsiveness to customer requests, which remains at 89%, just 1% below target. These are the best results in this area over the past nine quarters. I am committed to improving our customer experience and, following the appointment of our new Customer Service Manager expect to see continued positive changes in this area. Our action on inward correspondence is currently 6% below target and will be improved by ongoing training occurring over the remainder of the year.

A priority for the organisation over the past quarter has been the development

of our Community Strategic Plan, Ryde 2021. Council has been identifying a number of projects that will support the delivery of the Community Strategic Plan and has developed a new budget framework to underpin these projects. The implementation of this budgeting framework will enable the development of our 4-year Delivery Plan over the next quarter. Implementation of this framework, completion of the Community Strategic Plan and subsequent 4-year Delivery Plan will ensure Council is compliant with the requirements of the Integrated Planning and Reporting legislation introduced in 2009 in time for its statutory obligations.

Council celebrated a number of achievements in the second quarter. First, the successful coordination of the biggest event of Ryde's annual calendar, the Granny Smith Festival was held in October. This was followed by our hosting of the Australian Local Government Women's Association (ALGWA) conference in November, wrapping up the year of Women in Local Government. It was during this conference that Council received recognition for its commitment to increasing the representation of women in local government, receiving a bronze "50:50 Gender Equity Award".

A handwritten signature in black ink, appearing to read "John Neish".

John Neish  
General Manager

# Financial Management

## Overview

Following the second quarter budget review, Council's financial position, year to date (YTD), is within 36.3% of the budget (excluding reserve movements). This is somewhat distorted due to the level of contributed assets that were budgeted to be brought to account by December, some \$18.38 million.

The Capital Works Program YTD is at approximately 70% financially complete, excluding contributed assets.

Operating expenses YTD are within 2.41% of the budgeted amounts, which is a good result.

Operating income (Base Budget and Non-Capital & Capital income) is projected to increase by \$1.77 million (1.34%) and operating expenses are projected to increase by \$0.47 million (0.68%), a net increase in operating surplus of \$1.30 million. This is a reasonable result given the tight revenue base from which we are operating. This includes an extra \$1.10 million from additional capital grants received and \$0.21 million in proceeds from maturing investments.

Available Working Capital is projected to decrease by \$0.49 million to approximately \$3.29 million.

Council had budgeted to undertake \$75.24 million of capital works, including contributed assets of \$43.35 million. This is projected to increase by another \$1.35 million, the bulk of which will be funded by either new grants or transfers from reserves. This will give a total capital works budget of \$76.58 million.

## Base Budget

Base Budget income is projected to increase by \$0.45 million to \$81.30 million, while Base Budget expenses are projected to increase by \$0.53 million to \$67.84 million, giving a net projected decrease in the Base Budget surplus of \$0.08 million (0.59%).

## Non-Capital Budget

Non-Capital income is projected to decrease by \$0.01 million to \$0.39 million, while Non-Capital expenses are projected to decrease by \$0.07 million to \$2.17 million, giving a net projected decrease in Non-Capital deficit of \$0.06 million (2.99%).

## Capital Budget

Capital income is projected to increase by \$1.33 million to \$52.47 million, while Capital expenses are projected to increase by \$1.35 million to \$76.58 million, giving a net projected increase Capital deficit of \$0.02 million (0.06%).

## Reserve Movements

The net movement of Reserves was budgeted to be a net transfer from reserves of \$10.79 million for works carried over plus funding other works. This is projected to have a net decrease of \$0.45 million from reserves to a total of \$10.34 million from reserves.

# Corporate Performance

The corporate performance measures identified in the Management Plan 2010–2014 provide a snapshot of our approach to customer service, project management, regulatory compliance and financial management. This report provides year to date progress on those measures with a quarterly result. The annual measures will be reported on in the Quarter 4 report.

Our customer service improvement seen over the last few quarters has reached just 1% below the target.

Our responsiveness to inward correspondence has fallen in the last quarter. This is the result of an increase in staff leave and the closure of Council over the Christmas and New Year period. Further training in the Records Management system and the tracking of actions against inwards correspondence is being rolled out to improve the management of inwards correspondence during holiday periods.

We have carried out a number of internal audits this year, with the majority of recommendations being implemented within the agreed timeframe. There is one outstanding item that relates to the new tender for security services. This was due by December 2010 but has been deferred until January 2011 to allow the scope of the tender to include the new Ryde Community and Sports Centre at ELS Hall Park and the new Ryde Planning and Business Centre.

Overall, progress on our corporate key performance indicators suggests we have some work to do to ensure we can meet our annual targets.

Our performance in delivering on our outcome areas is being measured by our ability to meet our project milestones. The table below (Table 2) gives a snapshot of our overall project progress to date.

Of the projects in the Management Plan, 65 (94%) have begun, eight (12%) of these projects are running behind schedule and 11 projects are now complete. Seven (10%) of our projects were completed in Quarter 2.

Please refer to the following pages for more information on our projects.

Table 2: Summary of project performance

|              | Total Projects | Projects Started | Project Status (of those started) |    |   |
|--------------|----------------|------------------|-----------------------------------|----|---|

| % of project milestones completed within planned timesframes   | 90%           | 90%          | <span style="color: green;">●</span> |  |
| % of agreed internal audit recommendations are implemented   | 100%          | 97%          | <span style="color: green;">●</span> | The implementation of one internal audit recommendation has been extended beyond the agreed time frame to allow for increased scope. This will be addressed in the next quarter.<br>Quarterly performance is on track to meet annual target. |
| % of all Customer Requests are acknowledged within ten working days and actioned in line with service level agreements | 90%           | 89%          | <span style="color: green;">●</span> | This result remains just below target again this quarter, however work continues on improving our prompt response to customer requests.<br>Quarterly performance is on track to meet annual target.  |
| % change in net result between original budget and end of year result  | + or - 2%     | 36%          | <span style="color: red;">✖</span>   | Refer to the Financial Management pages for explanations of this variance.   |
| % of inward correspondence actions responded to within ten working days of receipt                                     | 90%           | 84%          | <span style="color: red;">✖</span>   | Delay in responding to correspondence over the Christmas and New Year closure has contributed to the decline in this result. Training for all staff is being rolled out in the coming months to deliver system improvements.                 |
| Number of known breaches of statutory/council policy requirements  | 0             | 2            | <span style="color: red;">✖</span>   | The two ICAC referrals in Quarter 1 have been resolved. There were no further breaches reported in Quarter 2.  |

# People

## The City of Ryde is committed to maintaining a socially sustainable City through community participation in our products and services.

There are 10 program areas focused on delivering this outcome area, with 14 projects scheduled in the Management Plan for this year.

As the table below indicates, eight of these projects are tracking to plan and two are complete. Four of the projects in this area are behind schedule. These include a review of current Tree Management processes and procedures; the 'Best Value review' of our sporting policies and procedures; the development of the business model for Brush Farm House and the development of our Cultural Facilities

Plan. Significant work is being done to ensure these projects are delivered this year.

City of Ryde was proud to host the Australian Local Government Women's Association (ALGWA) National Conference in November. The conference was a great success, attended by over 150 people from all areas of local government. The City of Ryde received a 50:50 Gender Equity award at this event, recognising Council's commitment to increasing the representation of women in local government.

Another significant event for the City of Ryde calendar was delivered in the quarter – The Granny Smith Festival. This year's festival was attended by over 85,000 residents and friends, a 5% increase in attendance over last year.

This event provides a valuable opportunity for the City to celebrate our diverse community cultures and community harmony.

Council has also undertaken an investigation into a new operating

model for Ryde Community and Sports Centre at ELS Hall Park. Following a request for Expressions of Interest, a preferred supplier has been identified and Council is looking forward to finalising this agreement and opening the facility in the coming quarter.

### Coming up

A major focus for the next quarter will be preparations for the relocation of the Ryde Library. Work on the fitout will begin in January 2011 and library staff will be working hard to ensure the library collection is updated and ready for the grand opening in Quarter 4.

The implementation of the new corporate brand for the City of Ryde will be commencing in Quarter 3. This implementation will initially focus on creating a style guide to ensure consistency in our communications and publications with further roll out of the new corporate brand over the rest of the year.

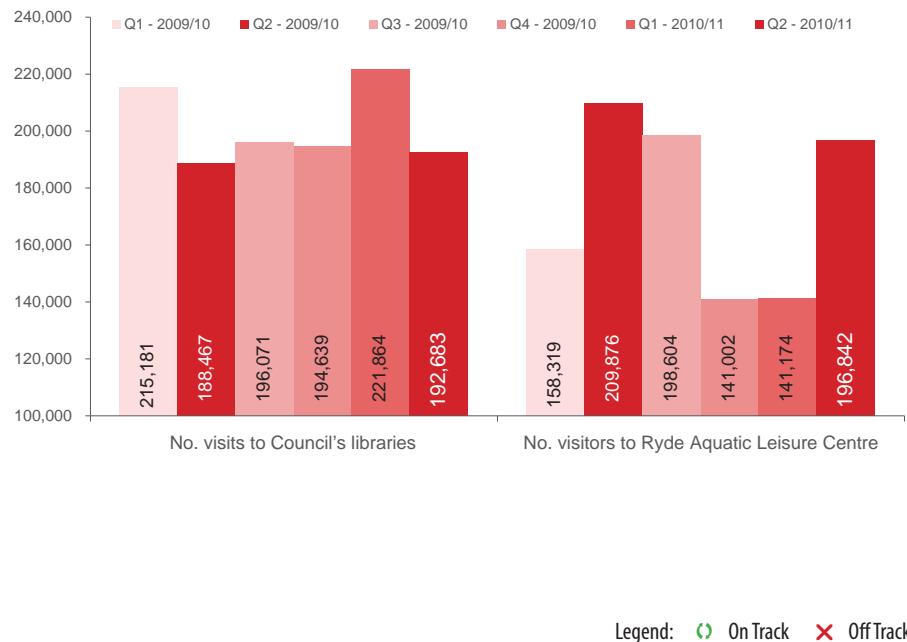

Refer to the People Deliverable Status reports in Appendix A and B for more information on the projects underway in this area.

## Financial

### Overview

The net budget for the People Outcome area is projected to increase by \$0.04 million to \$14.31 million (0.26%). A more detailed explanation of each area of the budget is set out below.

### Base Budget

There are no projected changes in the Base Budget this quarter.

### Non-Capital Budget

There are no projected changes in the Non-Capital budget this quarter.

### Capital Budget

Capital income is projected to increase by \$1.10 million to \$5.71 million, while Capital expenses are projected to increase by \$1.11 million to \$14.09 million, a net projected increase of \$0.01 million to \$8.37 million (0.15%).

This is due to the following change:

- \$1.10 million grant funding of the Ryde River Walk
- \$0.05 million for Digital Audio Books for the Library.

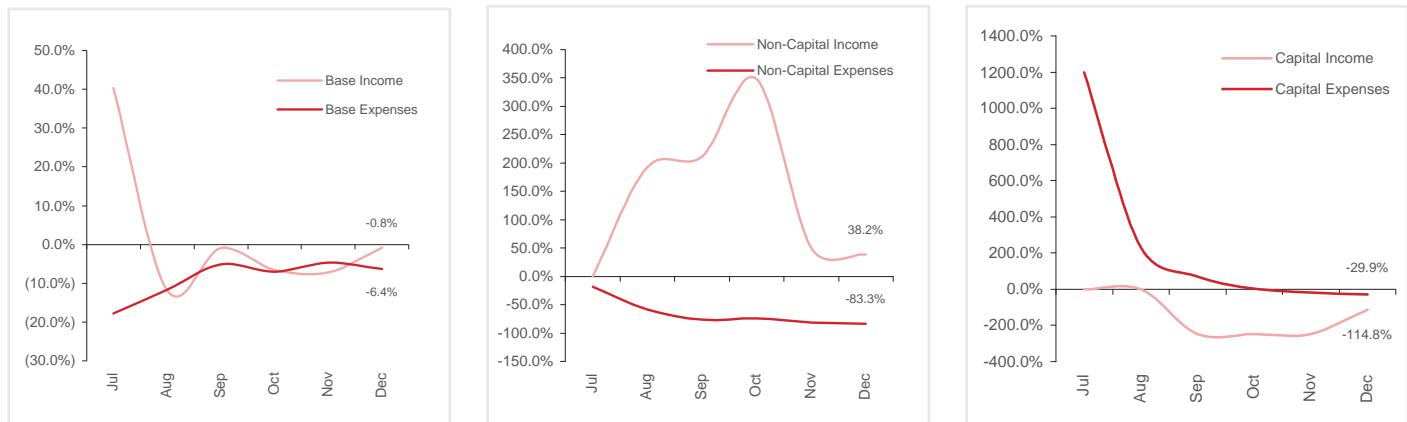

### Reserve Movements

Transfers from Reserves are projected to decrease by \$0.03 million to \$10.13 million, with no change in transfers to Reserves, a net projected decrease of transfer from reserve of \$0.03 million to \$6.35 million a net transfer from Reserve (0.39%).

This includes the following change:

- \$0.03 million adjustment of unexpended grants.

# Assets

## The City of Ryde is committed to the delivery and maintenance of high quality public infrastructure and facilities.

The Management Plan 2010–2014 outlines 12 program areas that contribute to the Assets outcome. These programs are made up of 16 projects that will support the delivery of this outcome.

As indicated in the table below 13 of the 16 projects are currently underway and are progressing according to plan and two projects have been completed. The review of our service level agreements (SLAs) for the delivery of cycleways, footpaths, roads, bridges & seawalls programs is yet to commence.

Council has completed one component of our 'Missing Links' program this quarter. This program involves extending the existing drainage network with new stormwater pipes

and pits to 'link' areas that have existing drainage. Areas that are subject to overland flow or flooding are given higher priority. The works around Simla Road, Denistone are now complete with future work to be undertaken on Frances Road, Putney.

The construction of new infrastructure at these two locations will increase the capacity of our underground drainage system.

Council has completed a review of our waste strategy, including an investigation into alternative waste technologies, to meet the state targets for recycling and waste management. The results of this review and recommendations for implementation of waste technologies for the City of Ryde will be presented to Council following the review of the Department of Environment, Climate Change and Water guidelines and development of industry standards.

### Coming up

The construction of Ryde Community and Sports Centre at ELS Hall Park is progressing well and despite some delays due to inclement weather in Quarter 1 is on track for completion in Quarter 3.

Residents and visitors to West Ryde will have seen progress being made on the development of the Community Centre on Anthony Road, West Ryde. Excavation of the site is now complete and construction of the building is underway and progressing according to plan. A temporary car park on Anthony Road will open early in 2011 to provide access for shoppers during the construction period.

The Eastwood Park amenities block and bus shelter on West Parade are undergoing a major upgrade, including attractive landscaping of the area. Demolition of the old structure began in December with construction of the new toilet block and bus shelter on track for completion in Quarter 3. The new amenities block will be a welcome improvement to the many families and walking commuters who use the park.

Refer to the Assets Deliverable Status reports in Appendix A and B for more information on the projects underway in this area.

## Operational Indicators

Opposite: Construction underway at Simla Road, Denistone as part of our 'Missing Links' stormwater management program

Above: The Ryde Community and Sports Centre at ELS Hall Park is taking shape

Legend: ● On Track ✖ Off Track

| Measure   | Annual Target | YTD Progress | Status                               | Comments   |
|---|---------------|--------------|--------------------------------------|--|
| % of tonnes of waste stream to landfill   | 53%           | 52.2%        | <span style="color: green;">●</span> | Green waste and recycling increased dramatically to assist KPI result.   |
| Re-use of Council construction and demolition waste (tonnes per annum)                    | 12,000t       | 3374t        | <span style="color: red;">✖</span>   | Tonnages lower than expected due to reduction in Capital expenditure and delays to the start of some construction works. |
| % to be 4 cylinder or hybrid vehicles   | 80%           | 79%          | <span style="color: green;">●</span> | Quarterly performance is on track to meet annual target.   |
| Number of audit inspections per year of local roads to ascertain public road deficiencies | 6             | 1            | <span style="color: red;">✖</span>   | The first full network inspection is underway prior to re-inspections of high pedestrian usage areas and town centres.   |
| Tonnes of gross pollutants captured by Stormwater Quality Improvement Devices (SQIDs)     | 265t          | 65t          | <span style="color: red;">✖</span>   | Cleaning of the traps will be increased to assist in meeting the annual target.  |
| % of maintenance programs completed for Access, Catchments and Parks                      | 90%           | 50%          | <span style="color: green;">●</span> | Quarterly performance is on track to meet annual target.   |

## Financial

### Overview

The net budget for the Assets Outcome area is projected to increase by \$0.52 million to \$15.89 million (3.38%). A more detailed explanation of each area of the budget is set out below.

### Base Budget

Base Budget expenses are projected to increase by \$0.46 million to \$25.13 million, with no change in Base Budget income, a net projected increase of \$0.46 million to \$7.11 million (6.93%).

This is due to the following changes:

- \$0.25 million for additional maintenance of paving within Public Domain areas
- \$0.08 million for State Emergency Services (SES) contribution, not previously budgeted separately from NSW Fire Brigade contribution
- \$0.13 million for SES operational cost, not budgeted in original budget.

### Capital Budget

Capital income is projected to increase by \$0.14 million to \$43.42 million, while Capital expenses are projected to increase by \$0.20 million to \$61.36 million, a net projected increase of \$0.06 million to \$17.94 million (0.33%).

This is due to the following changes:

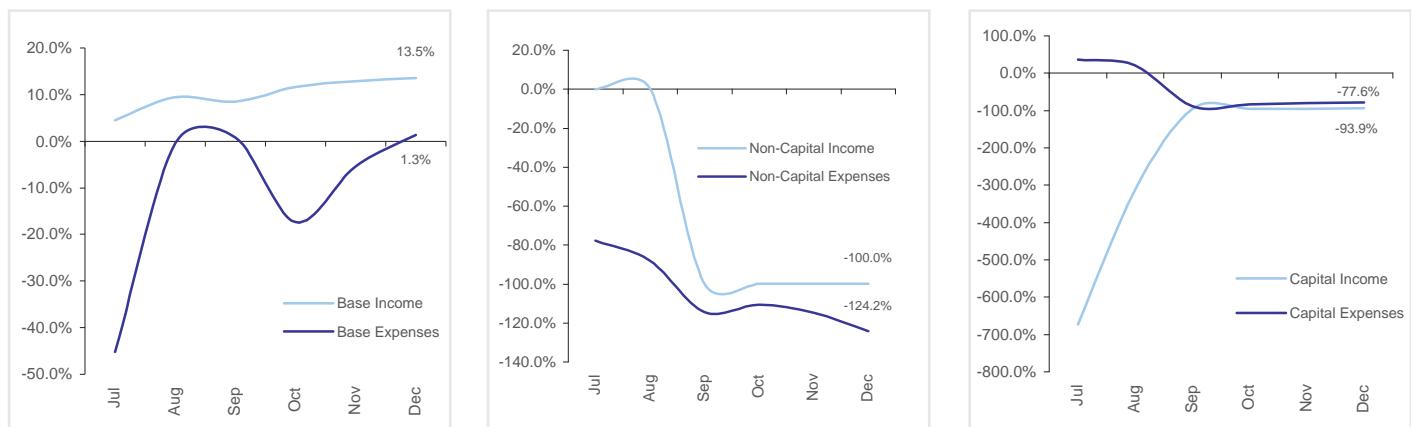

- \$0.14 million additional grant for Lane Cove Road
- \$0.15 million due to road pavement failure in Ross Street
- \$0.05 million for additional costs for public amenities.

### Reserve Movements

There are no Reserve Movements for this quarter.

# Environment

The City of Ryde is committed to maintaining an ecologically sustainable City through the management of our City's natural and physical environment.

The Management Plan 2010–2014 outlines nine program areas, made up of 14 projects focused on the delivery of this outcome. As indicated in the summary table below, 13 of these projects are underway and 11 of these projects are proceeding according to plan, one is complete and one is yet to commence.

The projects to market Macquarie Park and implement the Ryde Economic Development Plan have experienced further delays pending the appointment of an Economic Development Manager. Work continues with the development of resources and the conducting of information

sessions to assist the public with their development application questions.

**Council has completed an investigation project resulting in the closure of five illegal brothels this year.**

The successful outcome of this project and recommendations for further investigations will be reported to Council early in Quarter 4.

## Coming up

There are two projects in the Management Plan 2010-2014 that are looking at Council's own environmental footprint: an energy saving action plan for the Ryde Aquatic Leisure Centre and the 5 Star Every Drop Counts action plan to reduce Council's water consumption. Over the coming months both these projects will be developing recommendations to generate improvements in Council's energy usage.

Council is making significant progress on the 'Best Value Review' of our Development Assessment processes. This review aims to identify improvement areas and create an implementation plan which will speed up the processing of development applications received by Council. Consultation with industry and the community will take place in Quarter 3.

Refer to the Environment Deliverable Status reports in Appendix A and B for more information on the projects underway in this area.

| Information sessions held per year regarding development controls and processes  | 6             | 3            | <span style="color: green;">●</span> | Quarterly performance is on track to meet annual target.  |

# Environment

## Financial

### Overview

The net budget for the Environment Outcome area is projected to decrease by \$0.12 million to \$2.700 million (4.24%). A more detailed explanation of each area of the budget is set out below.

### Base Budget

Base Budget income is projected to increase by \$0.25 million to \$6.13 million, while Base Budget expenses are projected to increase by \$0.22 million to \$8.46 million, a net projected decrease of \$0.03 million to \$2.23 million (1.06%).

This includes the following changes:

- \$0.25 million in additional fines being issued
- \$0.21 million for additional consultants for expert advice for Development Applications, funded from salary & other budget savings.

### Non-Capital Budget

Non-Capital income is projected to decrease by \$0.01 million to \$0.17 million, while Non-Capital expenses are projected to decrease by \$0.11 million to \$1.09 million, a net projected decrease of \$0.10 million to \$0.91 million (9.42%).

This is due to the following changes:

- \$0.05 million for expansion of the Eastwood Master Plan to include Social Planning matters
- \$0.06 million in savings in the Best Value Review in Assessment, which is now being done in-house, and those savings are to be utilised for additional expert advice for Development Applications.

### Capital Budget

Capital income is projected to increase by \$0.09 million to \$3.34 million, with no changes in Capital expenses, a net projected increase of \$0.09 million to \$3.34 million surplus (2.77%).

This is due to the following changes:

- \$0.84 million of additional Section 94 contributions, offset by an increase of transfer to reserve
- \$0.75 million decrease in Voluntary Planning Agreements (VPA) income, offset by a decrease of transfer to reserve

### Reserve Movements

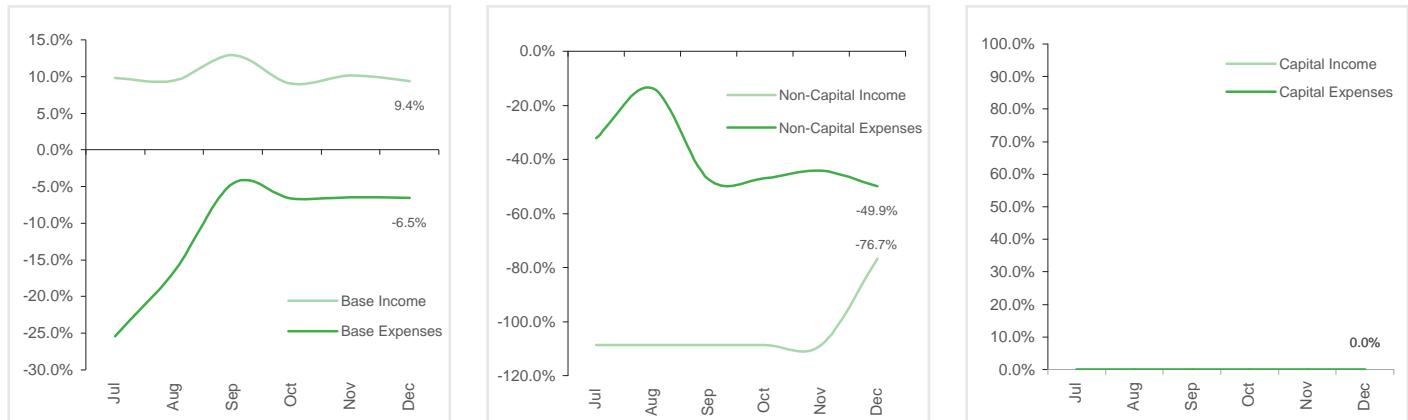

Transfers to Reserves are projected to increase by \$0.09 million to \$3.34 million, with no change in transfers from Reserve, a net projected increase of transfer to reserve of \$0.09 million to \$2.81 million a net transfer to Reserve (3.31%).

This is due to the following changes:

- \$0.84 million increase of transfer to reserve of the additional Section 94 contributions
- \$0.75 million decrease of transfer to reserve of the decrease in VPA income.

# Governance

## The City of Ryde is committed to effective decision making processes that ensure transparency and involvement of its community.

There are 11 program areas for this outcome area, with 25 projects scheduled in the Management Plan 2010–2014 for this year. As indicated in the table below, 23 of the 25 projects have begun and six have been completed. Three projects in this outcome area are currently off track.

The review of Council's Best Value Framework methodology has been placed on hold following some staff changes in the unit responsible for this project. The review of this methodology is expected to begin in Quarter 4, with the development of a process-mapping framework for use in the Best Value Reviews, which will help to identify efficiencies in business processes. Once

this review is complete the program of Best Value Reviews for 2011/12 will be developed.

The project to re-design Council's report format in consultation with the Executive Team, staff and Councillors has been delayed to accommodate a change in project priorities for Council, however this project will be completed by the end of the year.

Council's existing procurement framework has been reviewed and specific actions have been identified, including the need for accreditation in contract administration and procurement as well as more extensive pre and post tender consultation. Whilst there has been a slight delay to the project, these actions are being addressed and the project will be completed within the planned time frame of June 2011.

### The development of the organisation's Outcomes Framework is now complete.

This framework outlines the structures and processes the organisation will adopt in order to deliver on the

commitments being made to the community through Ryde 2021, the Community Strategic Plan. The framework promotes an holistic approach, working across Service Units to ensure that Community Outcomes are delivered.

### Coming up

Over the next few months Council will be developing the City of Ryde's Workforce Plan. This plan is being developed to identify the human resource requirements Council will need to deliver on the Ryde 2021 Community Strategic Plan and the 4-year Delivery Program.

Council has also begun a review of our current customer service delivery and we are now developing a new Customer Service and Community Engagement Plan to deliver improvements in the customer experience when dealing with Council. Although originally flagged for completion in Quarter 2, the project has been extended to allow the newly appointed Customer Service Manager to identify appropriate feedback mechanisms for inclusion in the plan.

Refer to the Governance Deliverable Status reports in Appendix A and B for more information on the projects underway in this area.

| Program area               | Total Projects | On Track  | Off Track | Complete | Not started |
|----------------------------|----------------|-----------|-----------|----------|-------------|

| % of minutes recorded that are accurate   | 90%           | 91%          | <span style="color: green;">○</span> |  |
| % of staff turnover as a percent of total staff                                 | 14%           | 12%          | <span style="color: green;">○</span> |  |
| Number of average sick and carers leave taken per employee (days)               | 8.0           | 9.5          | <span style="color: red;">×</span>   | At present City of Ryde is evaluating the results of the Have Your Say Day survey to examine areas in which a poor response was received and which may impact sick and carers leave trends. This is being done with a view to reducing sick and carers leave days taken by developing policies and work practices which will increase employee satisfaction. |

## Financial

### Overview

The net budget for the Governance Outcome area is projected to decrease by \$0.05 million to \$30.82 million (0.16%). A more detailed explanation of each area of the budget is set out below.

### Base Budget

Base Budget income is projected to increase by \$0.21 million to \$49.21 million, while Base Budget expenses are projected to decrease by \$0.15 million to \$14.55 million, a net projected increase of \$0.36 million to \$34.66 million surplus (1.04%).

This is due to the following changes:

- \$0.03 million as a donation towards the City of Ryde Disaster Relief Appeal
- \$0.21 million in proceeds from the maturity of the Quartz Collateralised Debt Obligation (CDO)
- \$0.06 million to enhance internal communications
- \$0.04 million for a Trainee within the Records Section to scan old Development Applications to reduce the need for physical archiving and retrieval
- \$0.06 million for use of contract staff to design and draft the Community Strategic Plan (Ryde 2021), following staff departures
- \$0.07 million for the Customer and Community Engagement Plan for the City of Ryde to meet IPART requirements
- \$0.07 million adjustment to Customer Services salaries and wages.

The above projects have been offset by corporate savings totally \$0.46 million that have been achieved within the Operational budget.

### Non-Capital Budget

There are no projected changes in the Non-Capital budget this quarter.

### Capital Budget

Capital expenses are projected to increase by \$0.03 million to \$1.14 million, with no change in Capital Income, a net projected increase of \$0.03 million to \$1.14 million (2.98%).

This is due to the following change:

- \$0.03 million for IBIS rating software, that allows for the forecasting, mapping and multiple scenarios for rating structures, especially following a General Revaluation.

### Reserve Movements

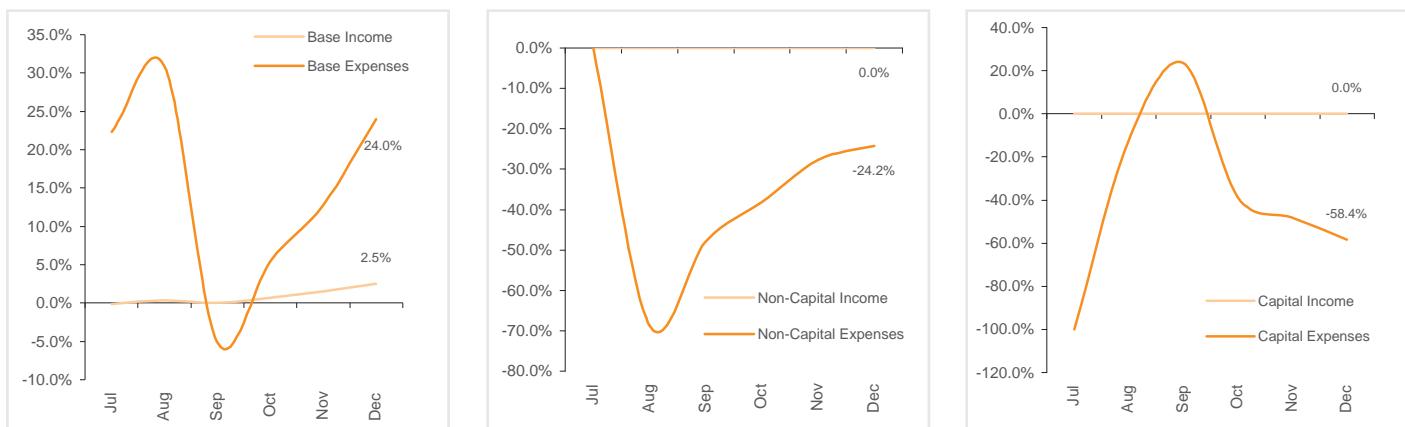

Transfers to Reserves are projected to increase by \$0.33 million to \$4.28 million, with no change in the transfers from Reserves, a net projected decrease of transfer from reserve of \$0.33 million to \$2.44 million, a net transfer to Reserve (15.81%).

This is due to the following changes:

- \$0.33 million transfer to reserve of the proceeds and interest from the maturing of the Quartz CDO.
