# SYDNEY METRO ACTIVATIONS

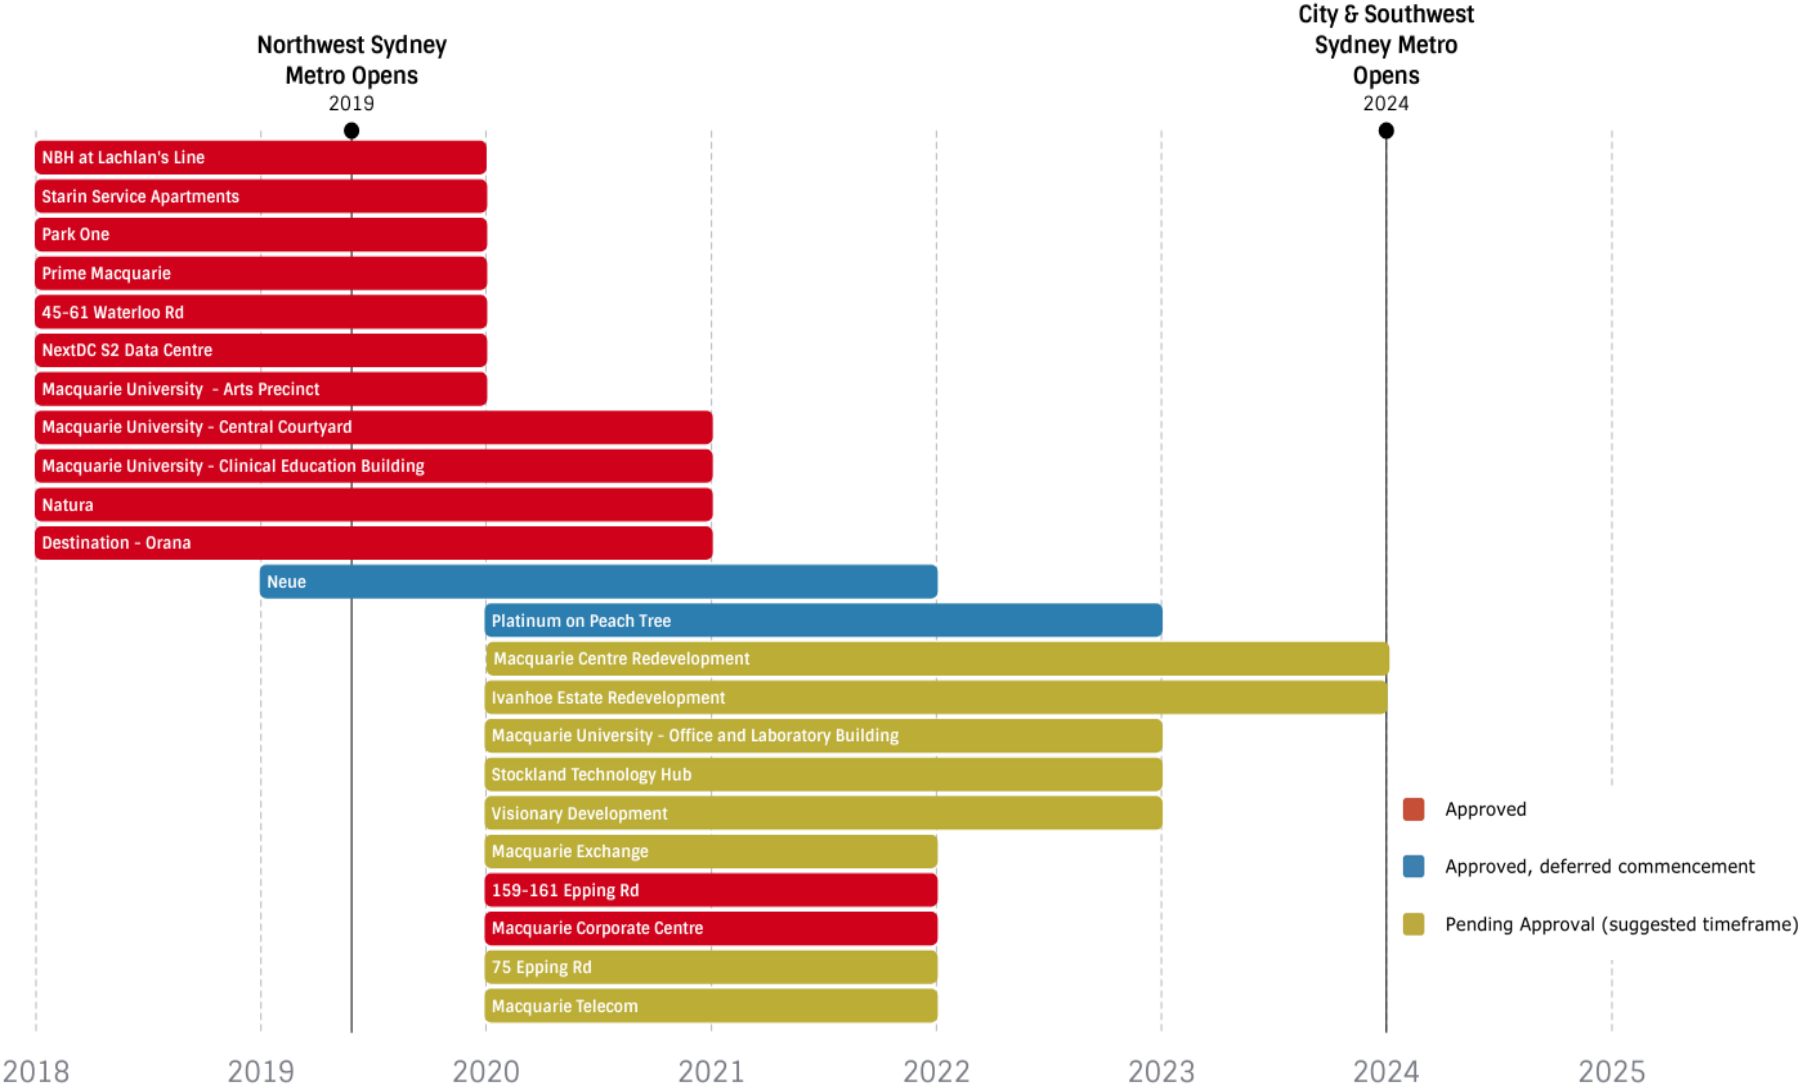

Connect supported its members during the launch of Sydney Metro, with a special briefing from Transport for NSW, events and comms.

We attended special Metro-themed activations at Novartis, Optus and Fujitsu, encouraging people to consider their travel options. Connect was also at the launch of the Metro line, sharing the good news via our newsletter and social media channels.

A group of people are sitting in the back of a car, looking at a smartphone held by one of them. The phone screen shows a navigation app with a green line and an arrow. The car's interior, including the rearview mirror and dashboard, is visible. The scene is dimly lit, suggesting it might be evening or in a shaded area.
