

Minister for Customer Service and Digital Government and Member for Ryde, Victor Dominello, and City of Ryde Mayor, Cllr Jordan Lane demonstrate the new Park'nPay app

PARK'NPAY APP NOW LIVE IN MACQUARIE PARK

The City of Ryde has partnered with the NSW Government to launch the Park'nPay app in Macquarie Park.

The Park'nPay app will make it easier for the thousands of people who park in Macquarie Park each day by allowing them to pay for parking or top up existing parking online using their smart phone.

Users of the app can also receive notifications when their meter is about to expire or when parking restrictions are about to change.

Not only will the app encourage more people to visit Macquarie Park as more people start to return to the office, but also provide Council with valuable information that will help with the ongoing management of parking in the area.

The Park'nPay app is available for download on the Apple App Store and Google Play.
