Due to the current pandemic, Council ceased all face to face Traffic Committee meetings prior to the March 2021 Traffic Committee. Members of the committee are listed below.

The September 2021 Traffic Committee agenda consisted of eight (8) traffic and parking proposals. No objections were received from the voting members with the exception of the representative from TfNSW who provided the following comments:

- ITEM B: MELLOR STREET AND FALCONER STREET, WEST RYDE - AT-GRADE PEDESTRIAN CROSSINGS: TfNSW requests that the following matter be deferred until a review of the warrants associated with these crossings be undertaken and that road safety implications associated with these pedestrian crossings have been addressed through design.
- ITEM C: MORRISON ROAD, PUTNEY - P5 MINUTE MON – SUN & PUBLIC HOLIDAYS: TfNSW does not endorse this proposal as it will have an adverse impact on the operation of the signalised intersection of Morrison Road / Charles Street.

Sydney Buses (Western Region) were also advised of the proposals and did not raise objections.

The proposed traffic and parking matters now require the approval of Council. For ease of review, details of the proposals identified in the recommendations below are provided as **ATTACHMENT 1**.
